pendent and unbiased. Regardless of politics the visit of the Premier here presents itself to me as being highly commendable not as a visit from a Conservative or Liberal premier, but what one would expect the premier of the democratic people of the Province of British Columbia. To restate the case: I met Premier Maclean taking a walk over the public works and grounds of Alice Arm at 7:30 o'clock, accompanied only by the member for the district. Upon going into the restaurant I found that he had already breakfasted. Upon inquiring as to who made up his party I found that his whole retinue consisted only of Premier Maclean—no newspaper men, no valets, no secretaries. The party was Mr. J. D. Maclean, who happened to be the premier of British Columbia, seeing the country and getting first hand impressions and knowledge. I tried to embody this impression in my dispatch to your paper, and cannot but feel that the Province newspaper is not unbiased when it would write this down as not being commendable in a premier of British Columbia.

and formerly identified with Essondale mental hospital, was the final witness. He stated that he had examined accused at Okalla on May 29 and July 1, and subsequently had seen him in the courtroom. He told of the methods that were followed in medical practice to ascertain sanity or lack of such—observation, conversation and general examination. He testified that he had reported to Mr. Johnson that accused was a high grade imbecile with mental age of from 8 to 10 years. Since he had examined him, Dr. MacKay declared, accused had evidently become even more demented and, in a year or so, it was probable that he would be almost totally demented. He presumed that accused's condition on January 18 was much the same as when he had examined him.
