Laundry Washed Clothes
Are Not Rubbed

YOU know how you douse your dainty lingerie up and down in a bowl of sudsy water . . that's the way your clothes are washed in a modern laundry. They are not rubbed or scrubbed but are gently swished back and forth in warm filtered rainsoft water until the pure soap actually foams. Every particle of dirt is loosened without unduly lessening the tensile strength of the fabric.. Then come many rinses of rainsoft water so that your laundry washed clothes not only look and feel clean but are scientifically clean.

Direct Means to a Definite End

Chiropractic Spinal Adjustments are a direct means to a definite end, which is the freeing of the nerve lines from any spinal pressure that interferes with their function of delivering the vital energy which animates every organ of the body.

Because the proof that they accomplish this purpose is ever increasing in volume, Chiropractic is rapidly becoming the paramount health service. This is true and fitting, because it deals with the same cause of dis-ease. Without a cause there can be no effect.

By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.

HOSPITAL IS OVERFLOWING

BOARD FACED WITH QUESTION OF EXTENSION AND TAKES STEPS TO TEMPORARILY RELIEVE SITUATION

That considerable extension of the facilities and accommodation of the Prince Rupert General Hospital will soon be required was indicated in reports presented at the regular monthly meeting of the hospital board last night. Whether this will take the form of a new building or an addition to the present one is a question that may have to be decided upon in the very near future. Meantime, preparations are being made to occupy all space in the present building to the best advantage.

Miss Jean Harrison, R.N., lady superintendent, reported that the hospital was now filled to capacity, every available bed being occupied by some sixty-seven patients. Even the beds in the emergency operating room and the classroom had to be removed and put in use.

The house committee was authorized to equip a large ward in the basement at once to receive patients in an effort to relieve the congestion. A dozen beds will be installed and old furniture that has been stored there will be sold by the secretary.

The presence of several cases of tuberculosis in the hospital, which necessarily had to occupy private rooms, was partly responsible for the congestion. The matter of providing a glassed-in sleeping porch for these patients was referred to the house committee for report.

L. B. Jones, agent for the Canadian National during the summer in the Yukon, is here today and proceeds tomorrow to Skagway. He will go to the Yukon as soon as possible, possibly by airplane to Mayo.

Powerful, Penetrating Antiseptic Oil Heals Eczema and Other Skin Diseases

Must Give Results in 7 Days or Money Back

Make up your mind today that you are going to give your skin a real chance to get well.

Like a lot of other people, you've probably been convinced that the only thing to use was an ointment or salve (some of them are very good) but in the big majority of cases these sticky salves simply clog the pores and the condition primarily remains the same.

Go to any good druggist today and get an original bottle of Moone's Emerald Oil.

The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your skin troubles will be a thing of the past.

Remember that Moone's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.

MRS. VANCE IS REAPPOINTED

WILL AGAIN BE SECRETARY OF FAIR BOARD — DIRECTORS EXPRESS CONFIDENCE AS TO YEAR'S PROSPECTS

Mrs. W. D. Vance was re-appointed fair secretary for the year at a meeting in the City Hall last night of the fair board.

At this meeting, the first business session of the new board, President M. P. McCaffery expressed his pleasure at the confidence reposed in him by the directors in electing him as chief of the board. He was hopeful that the 1928 exhibition would be a great success in every way. He had high praise for the work of last year's board which had started operations with a large deficit and had been able to hand a small balance over to the present directors.

All members of the board was very enthusiastic and confident that, with the loyal support of the citizens of Prince Rupert, the fair this year would be made an outstanding success.

The board will meet again next Thursday to further plans for the year.
