Big Strike Settled at the Canadian Vickers Big Plant 1,800 Return to work Monday

**Others Who are Out Negotiating and Settlement Expected
Soon; Basic Trades Get 75c an hour and Laborers 45c
Under Revised Schedule with 47 hour Week.**

(Special to The News via G.T.P. Telegraphs.)

Montreal, July 12.—The strike at the shipbuilding plant of the Canadian Vickers, Ltd., which has caused 3,500 employees to be idle over five weeks, was called off today as far as the trades and laborers of the Marine Federation are concerned. From 1,750 to 1,800 men thus concerned resume work on Monday morning.

The vote taken was 78 per cent in favor of accepting the amended offer of the company.

The other 1,800 strikers, chiefly boilermakers and iron shipbuilders, are still negotiating with the company. It is believed they also will reach a settlement.

The schedule and conditions agreed to in the basic trades gives the men 75c. an hour or an increase of seven cents over the previous rate. Laborers are to get 45c. an hour, an increase of ten cents over the old rate. There is to be a 47-hour week of eight and a half hours every day but Saturday, when the time will be four and a half hours.

BIG BUILDING AS MEMORIAL IN LONDON

Proposal to Erect Edifice for the
Dominion at World's
Metropolis.

(Special to G.T.P. Telegraphs.)

London, July 11.—A joint Dominion and provincial building for Canada may be erected in London in the near future. Canadians here express their wish that some suitable monument to the Canadian dead and the part that the Dominion had taken in the war should be erected in the Empire's capital. They suggest a handsome building, prominently located would be the most suitable monument.

It is understood that the majority of the provincial agents in London look with favor on the scheme.

Sir George Perley, who returned to Canada on the Aquitania on Saturday, told a press representative that the matter was under consideration. His opinion is that such a building would be a magnificent memorial and a great asset to the Dominion and the provinces in London.

BRITISH GOVERNMENT CALLED UPON TO STOP PUBLIC EXPLOITATION

(Special via G.T.P. Telegraphs.)

London, July 12.—The Government was called upon to give a definite pledge to reduce the cost of living or resign, in a resolution passed yesterday by the national executive of the Labor party.

The resolution declared that the Government had failed to prevent the "merciless exploitation of the public by profiteers" who are charged with taking ruthless advantage of the shortage of supplies and transport.

FORMER EMPEROR MAY NOT STAND HIS TRIAL

(Special via G.T.P. Telegraphs.)

Ottawa, July 12.—A London dispatch says that the project to bring the former German Emperor to trial in England will be abandoned, is the constantly-growing sentiment. Virtually all the leading papers are denouncing the plan.

DIRIGIBLE IN TOUCH

(Special via G.T.P. Telegraphs.)

London, July 11.—The British dirigible R-34 was in direct touch with the wireless station at four o'clock. She is travelling 45 miles an hour on her return trip to Scotland.

TITTONI WOULD HAVE AN ITALIAN PEACE, AND CALLS ON THE NATION TO BE CALM

**DELAY IN COMING TO SETTLEMENT WOULD BE DANGEROUS, SAYS FOREIGN MINISTER OF ITALY IN
ADDRESS TO CHAMBER OF
DEPUTIES**

(Special to The News via G.T.P. Telegraphs.)

Rome, July 12.—Foreign Minister Tittoni of Italy was loudly applauded today when he addressed the Chamber of Deputies, saying that it was his belief that negotiations going on in Paris would lead to a settlement in the course of the next week.

The case of Asia Minor, said M. Tittoni, had to be reserved until President Wilson had consulted with the people of the United States, but the Adriatic, colonial and economic questions would be settled at once. They had arrived at a point where a decision was absolutely necessary and every delay was dangerous.

The Foreign Minister in conclusion called upon the country and parliament to be calm pending a settlement of the negotiations, and exhorted them to give the Italian delegation support while making peace, so that when signed it would be a truly Italian peace.

HEAVY COST OF POLICE FORCE

**Winnipeg City Council Wrestles
With Estimates Approved
By Committee.**

(Special via G.T.P. Telegraphs.)

Winnipeg, July 12.—Winnipeg's city police force is to cost \$752,000 for 1919 and 1920 if the City Council approves the estimate passed by the finance committee yesterday.

The estimates were not passed without opposition from Aldermen Fowler and Fisher, both of whom contended that the estimate should be reduced by \$30,000. Alderman Fowler would also close Fort Argument police station, declaring that it would never have been reopened after being closed before if he could have stopped it. It was perfectly absurd to keep this expenditure up and before long the ratepayers would know it. "Wait until they met their tax bills," he commented.

Last year the estimate was \$404,000.

MESSAGE RECEIVED FROM BIG DIRIGIBLE

**Air Ship is Still Going Strong in
Spite of Disability; 4,000
Feet Above Clouds.**

London, July 12.—The air ministry has received the following report from Ponta Delgada, Azores: "R-34 at 8:10 Greenwich time, which is 4:10 New York time, is 4,000 feet above clouds and despite disability going strong. Just about to descend to look at sea. All well."

BLOCKADE AGAINST GERMANY RAISED TODAY ON ORDER OF COUNCIL OF FIVE AT PARIS

(Special to The News via G.T.P. Telegraphs.)

Paris, July 12.—The Council of Five decided to raise the blockade today, it was announced last night.

The Council after receiving the report of the legal experts in an official document notifying the Council that the ratification of the treaty by Germany was in due form, decided to raise the blockade.

So far as the action of the Council concerns France, the measure will be effective only after the publication in the official journal of the decree annulling the former decree establishing the blockade.

RIVER CELEBRATION TO BE OMITTED AT JULY 19 BIG EVENT

**Special Festival for all Sea Ser-
vices to Take Place on
August 8.**

London, July 12.—The Admiralty announces that owing to traffic difficulties it has been found impossible to include in the peace celebrations of July 19 the river position on the Thames which had been contemplated in recognition of the part played in the great war by the sea services. The King, however, has graciously consented to a special festival for all the sea services to be held August 8 in the form of a procession on the Thames which will commemorate the lining up of the sea services on August 8, 1914.

OPPOSE OPEN MARKET FOR CANADIAN WHEAT

**Canadian Council of Agriculture
At Winnipeg Calls on Govern-
ment to Arrange for
Marketing.**

(Special via G.T.P. Telegraphs.)

Winnipeg, July 12.—Strong opposition to the opening of Canadian markets for unrestricted trading, in view of all the circumstances surrounding business in Canada and in view of the action of the United States Government, was voiced in a resolution adopted by the Canadian Council of Agriculture at its final session last night under the chairmanship of H. W. Wood, president. The Council called upon the Government without delay to take the same steps for marketing wheat that had been taken across the border.

POTTERY WHEEL AT EXHIBITION

**Will Be Seen in Action There—
Samples of Work From Vanarsdol Now in Town.**

One of the attractions at the coming fall fair will be the exhibition of a pottery wheel in action and samples of home made pottery moulded and baked by A. Ebring of Vanarsdol. The utensils are made of the clay which is on his ranch and when glazed gives a very rich color to the earthenware. For the fair Mr. Ebring will probably send to Scotland for some special clay with which the green leaves may be placed on the sides of the ornaments.

The machinery required for the operation of turning is very simple and all the finishing touches and shaping are put on by hand while the clay revolves. The baking and glazing requires more careful skill but very good work can certainly be accomplished, judging by the articles which are on display in the store next to the customs house on Second Avenue. There are teapots, sugar bowls and pitchers of all kinds which are very attractively finished. One especially fine article is a huge vase of old style which has acorns and leaves as trimmings.

SCOTSMEN RETURN FROM FIGHTING FRONT

**W. L. Brown and Ben Ferguson
Again Meet Old Friends
Here Today.**

Sergeant-Major W. L. Brown returned from the south by the Prince Rupert today after having been absent from the city for over four years. "Bill" left Prince Rupert with the 62nd Battalion and for some time was an instructor in England before going over to France where he was wounded towards the end of the fighting. While overseas Sergeant Brown got married and his wife accompanied him here. Both are heartily welcomed to their new home in Prince Rupert.

On the same boat today was Ben Ferguson, who is one of the earliest members to enlist from this city. While in France Ben did most of his fighting with the 47th and when first wounded in the Passchendaele sector received 22 pieces of shrapnel but these were not so serious as the one wound which he received while in the Cambrai sector which has put his right hand out of commission for some time.

Both men are well known members of the St. Andrew's Society, which has done so well in sending men to the front.
