THE FALL FAIR

Editor, Daily News:

It seems to me that the citizens of Prince Rupert are making a great mistake in not taking more interest in the Annual Fall Fair. To drop it now would be a fatal error in my opinion. It has been an outstanding event every year since the city has attained any degree of prominence and to fail to carry on now would be to some xtent undoing the work of those who have given their time and efforts in the past.

Every city and town in the province has its annual fair and Prince Rupert can hardly afford continue it would be a sign of degood advertisement for this town and its success this year will be assured if everybody will do their

### Hockey Game Packed with Action Last Night When Montreal Took Third Game of National Series from N.Y. Rangers

ONTREAL, April 11.—The New York Rangers, unable to solve the Montreal Maroons stubborn defense, ably backed by Joe Miller, formerly of the New York Americans, who took the place of the injured Lorne Chabot, let Nelson through in the second period and Babe Siebert in the third to score a goal each and took the game two to nothing and thus lead the Rangers by two games to one in the Stanley Cup series match.

Penalties incurred by Joe Lamb and Paul Thompson, Maroon and Ranger subs respectively, in the third period, forced the teams to play five man hockey for the remainder of the game. The penalty also calls for automatic suspension for the fourth game of the series Thursday night. The two players engaged in a fist fight and with Referee Rodden, who tried to separate them sprawled on the ice.

The game was packed with action throughout and was by far the best of the series. There was scarcely a dull moment in the minutes of play, which saw the winners display superior hockey throughout. The goals that beat Miller were well earned.
