

Prince Rupert

Northern Pacific Terminus of the Canadian National Railways

Prince Rupert has three of the greatest things in the world

The Largest Fish Cold Storage Plant

The Largest Fresh Halibut Market

The Largest Undeveloped Hinterland

The City of Prince Rupert has a payroll of considerable importance, derived from:

- RAILWAY SHOPS
- RAILWAY OFFICES
- DRYDOCK AND SHIPYARDS
- GRAIN ELEVATOR
- PROVINCIAL GOVERNMENT OFFICES
- COLD STORAGE
- FISH PACKING HOUSES
- FISH MARKET
- OILERY AND FISH REDUCTION PLANT
- SALMON AND HALIBUT FISHERMEN
- SALMON CANNERIES
- LUMBER MILLS
- MINING
- TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

PRINCE RUPERT IS ONE OF THE COMING COMMERCIAL CENTRES OF THE PACIFIC COAST, THE PROBABLE OUTLET OF THE GREAT PEACE RIVER COUNTRY, AND SURROUNDED BY A RAPIDLY DEVELOPING TERRITORY

Prince Rupert is the logical site of a customs smelter which would serve the mines of Portland Canal, the Bulkley and Skeena Valleys and coast points.

SNOWFLAKE IS STORM CENTRE

Government Denies it is Being Influenced Unduly in Connection With Mine

ENGINEERS GIVE REPORT

Minister of Mines Says Only Repairs to Old Road Being Made in District

VICTORIA, Nov. 6.—"The suggestion that the Government is being influenced by private investments in the Snowflake Mine or any other concern is absolutely false," said Premier Toimie when his attention was called to a story on the front page of the Victoria Times headed "Snowflake crash may involve E. C. Cabinet Ministers," and alleging that investment activities of the members of the Government were likely to come up before the legislature.

A bulletin issued by the Mines Department today contains reports of the Government Mineralogist, J. D. Galloway and F. W. Guensey, engineer of the Company on Snowflake. Galloway described the property as still a prospect in the development stage. "So far as development goes no important quantities of shipping ore have been proven," he says, "and it is obvious that all consideration of mill construction, power development, etc. should be left in abeyance, until substantial ore bodies are found." The company engineer says "I consider the development gives encouraging assurance for the future."

Allegations contained in the reports from Victoria that the Provincial Government was building a road into Snowflake Mine are entirely erroneous, declared Hon. Nelson Lougheed today. "It is true that on recommendation of the department of mines as to the unsafe condition of the trail and bridge over the Illiciliwaet River leading into the Snowflake and Woolsey mines, such work as is necessary to ensure public safety is being done. It might be stated that this is in line with other public works which are being undertaken in various parts of the province including several mining areas and is in keeping with the Government's policy to develop the natural resources," Lougheed said.

VANCOUVER, Nov. 7.—Snowflake opening yesterday at 50 sold down to 40 but recovered to 46 1/2 at the close, a net loss of four cents on a turnover of 125,000 shares.

STEWART MINES MAKE PROGRESS

Good Ore Encountered Both on Marmot Gold and Northern Light, Says Engineer

G. R. Bancroft M. E., who is in charge of development operations being carried on at the Northern Light and Marmot Gold properties at Stewart, was a passenger aboard the Catala yesterday going through to Vancouver.

Speaking of progress at the Northern Light, Mr. Bancroft states that everything is now in readiness for winter work, adequate camps having been constructed. Work has been resumed on the main tunnel which is now in 70 feet and, by cross-cut and drift, an ore zone has been opened up similar to that of the Premier, B. C., Silver and Selakwa. Under ground sampling has given values in gold and silver averaging \$3 and a surface outcropping, over 110 feet long, gave average returns of over \$10. It is the intention to follow this zone to ward the Selakwa.

A pack train of 15 horses is taking supplies up to the Marmot Gold. No. 1 tunnel, now in 370 feet, is in ore giving a return of \$4.50 in gold. The vein, which it is thought is close at hand, will be drifted upon both ways. No. 3 tunnel, also approaching the vein, is in 196 feet. There is heavy mineralization of pyrite and zinc here. It may be necessary to shut down work late in December but it will be resumed early in January.

BOOKS NEEDED FOR CHILDREN

Librarian Reports Need of Volumes for the Juvenile Section of Public Library

A meeting of the library board was held last night in the Library, with James Black in the chair. Others present were Mrs. J. A. Kirkpatrick, V. Baso-Eert, G. V. Wilkinson and Miss A. D. Cruikshank.

The librarian reported books loaned:—Fiction 2626, Duplicate Pay, 186, Non Fiction, 432; Juvenile 842 making a total for the month of 4086. The library was open 23 days and a daily average of 177.7 books were loaned. Thirty-nine new borrowers were registered and 28 cancelled which leaves a total of 2723. Eleven books were received by gift, 65 by purchase and 23 were discarded, which leaves a total of 6425.

A copy of the "British Colonist" published at Victoria on December 11, 1858 was received from C. Johnson to be placed in the files of the Library. This makes the second British Columbian publication of which the Library holds a copy of the first issue, the other being the first newspaper issued in Prince Rupert by John Houston.

Miss Cruikshank reported that the bound volumes of the Scouts Annual had nearly reached the end of their usefulness and expressed the hope that some of the citizens might have copies of various Annuals such as Chums, Chatterbox, Boys' and Girls' Annuals that they would be glad to donate to the Library. This class of books are eagerly sought after by the children and as many as twenty volumes could be put into use at once.

FISHERMEN END SESSION

Prohibition of Herring Reduction is Asked by Government

The annual two-day convention of the Northern British Columbia Salmon Fishermen's Association concluded in Prince Rupert yesterday afternoon. A committee consisting of Mike Anderson, who was named secretary-treasurer, A. Rasmussen, J. Johansen and Jack Roberts, was appointed to carry on the work of the Association during the coming year.

Important among resolutions passed at the convention was one urging the government to prohibit the use of herring for reduction purposes in District No. 2 and another asking that the laws relative to the use of Canadian ports by American fishing vessels be strictly enforced. The claim was made that American boats were using Canadian ports as fishing bases instead of merely for shelter as it provided.

PRICE OF WHEAT

VANCOUVER, Nov. 7.—The price of wheat was down today to \$1.18 1/2.

The Lutheran Church council met last night at the parsonage dealing mostly with routine business. It was decided to celebrate the Amundsen memorial on December 14, the date on which he reached the south pole.

Husband Was Afraid She Was Getting Pneumonia

Mrs. Charles Edwards, R. R. No. 2, Wheatley, Ont., writes:—"Last winter I was bothered with a very bad cold, and my husband was afraid I was getting pneumonia.

"One day one of my neighbors came in and she suggested that I try

Dr. Wood's Norway Pine Syrup

I took a few doses and I was greatly relieved.

"It also relieved my son, aged nine, of the croup.

"I will never be without a bottle of Dr. Wood's in the house, and I cannot recommend it too highly."

Price 35c. a bottle; large family size 60c. at all druggists and dealers.

Put up only by The T. Milburn Co., Ltd., Toronto, Ont.

"Good Morning" and "Good Health" SHREDDED WHEAT

Makes breakfasts a treat—and keeps you well all day. Nourishing, very digestible, tasty. With soup, entree or salad — TRISCUIT Made by The Canadian Shredded Wheat Co., Ltd.

Local and Personal

Money Orders, Drafts and Travelers' Cheques at lowest rates. Full information from local agents or Company's Offices, 622 Hastings St. W., Vancouver, B.C.

GROUND HOG PROJECT IS CONSIDERED

Speaking this morning on his return from the south of conversations which C. H. Orme, F. G. Dawson and he had with the provincial government with a view to obtaining aid for construction of a railway which would connect this port with the Ground Hog coal fields, W. E. Fisher stated that the administration promised its careful consideration of the project but would not commit itself definitely in any way.

No changes in the personnel of the government service at Prince Rupert were contemplated for the time being at least, stated Mr. Fisher. The appointment of a juvenile court magistrate is being considered by the Attorney General.

Mr. Orme and Mr. Dawson also returned this morning.

BRAKEMAN WEDS LADY JUST FROM NORWAY

The wedding took place last night at the Lutheran parsonage, Rev. John Hanson officiating, of Hillmar Mork, brakeman on the C. N. R. passenger train, and Miss Anna Haukaas, a young lady who arrived only last week from Norway. Mr. and Mrs. Axel Petersen were witnesses.

Mr. Mork is the man who three years ago was presented by the King of Spain with a medal for rescuing nine Spanish seamen. Mrs. Mork came out from Mork, Norway with Mrs. Axel Petersen and two children. They will live at 503 Seventh Avenue East.

ORANGE LADIES ARE LEADING IN WHIST

Orange Ladies continued to lead the ladies' section of the Fraternal Whist League by defeating the St. George's Ladies 5 to 4 last evening. The C. N. R. Ladies retained second place by winning 5 to 4 over Moose Ladies.

The standings to date follow:

	W	L	Pts
Orange Ladies	3	0	3
C. N. R. Ladies	2	1	2
Moose Ladies	1	2	1
St. George's	0	3	0
