PRICE OF MINING STOCKS

Those who have been following the recent flurry in mining Co. on 1927 operations. All officers of past week. stocks in British Columbia and elsewhere will have noted that ad- last year have been re-elected. vances in price have had very little to do with actual values. They have been forced from outside and not from inside. All that has been necessary was to lead the public to believe that was the lowest a town bonspiel has now been organprice at which they could buy and that the stock was likely to go ized with ten skips entering rinks. higher. Then buying would begin and the price would advance. Play will commence immediately and lan where he will rejoin the survey Some stocks doubled in price while others made fractional advances three prizes will be given the successbut most of them as a result of manipulation, over-buying or whis- ful rinks. pers of possible advances.

Whether the prices now quoted for B.C. stocks are likely to be maintained or not is not for us to say. They may go higher. Some of them undoubtedly will move upwards but others will in here, H. G. Windt being placed in patient for the past few weeks, ac- for the thermometer. time become known for what they are and will go down.

INARTISTIC ARTISTS

The other day there was a lecture delivered in a nearby city warning music teachers against turning out pianists but not musi- River Highway from Hazelton to Tercians. In other words the warning was against producing masters of mechanics instead of artists.

The artist sees the beautiful in everything and sometimes, ow- Seventy miles of this section of the ing to his natural ability, acquired skill and application has learned road remains to be built. to reproduce the art that he sees. Sometimes he sees it just as other people do and now and then he gets an original view of things which he transfers to canvas. Take the case of Maxfield Parrish. He saw at things differently from most artists and learned to reproduce on Catholic Hall. There were eight tables more effective and efficient. canvas the pictures he had in his mind.

The difficulty with artists is that they are not all-round artists. If they see the art in pictures they possibly miss the artisic in sound, which we call music. If they chance to have apprecia- were awarded prizes in a recent contest C.P.R. steamer Princess Sophia are not tion of both of these they possibly are inappreciative of art in liter- conducted by the Grain Growers' ature. Many an artist sees the beautiful on a canvas but leaves Guide. the house untidy, dirty, disreputable, a contravention of all rules of art.

It is not uncommon to meet a musician in a home that is the very opposite to artistic or to see a musician rigged out in clothes that offend the senses and indicate a total disregard to art.

The artist may not be a great musician, a great painter, a owing to the softening of the weather, greater writer. The artist is the person who appreciates the beauti- it has been possible to use the skatful whether it be a beautiful picture, a beautiful person, beautiful ing rinks only at nights. music, beautiful literature, beautiful scenery, a beautiful garden. or even a beautiful pose. . The few learn to express one or more of these but they often do so at the expense of everything except Innes. North Bulkley, and Charles the peculiar art in which they are interested.

THE REAL WEST

In Ontario and Quebec they often speak of Winnipeg as out s. sargent store here, is around again West and when a western policy is discussed it is the policy of the after having been confined to his home prairie farmers that is referred to. Yet Winnipeg is practically the for a week with inflenza. halfway house to the West.

British Columbia is the real West, so far as Canada is concerned. We look eastward and sometimes think of the prairie people as prize winners being Mrs. D. D. Munro, living in the East. Our western province is not so small that it can Mrs. J. N. Carr and Mrs. Ludgate. be ignored. It has cities rivalling the cities of the East which are likely to surpass many of them.

It is only of recent years that British Columbia has been recog- was a visitor in town for several days nized as of any importance. This importance is increasing and will this week. increase. Each year will see the far West tending to dominate the far East and giving them a lead in production in natural wealth and in increase of population.

CLERGYMAN VISITS QUEEN CHARLOTTES

Rev. S. S. McGoffin, Rector of St Saviours, Vancouver, Entertained by Chief Russ

Church of Kerrisdale, Vancouver, has have arrived six weeks ahead of the been visiting the Queen Charlotte Stevens. While there he made a trip all round Skidegate Inlet by motorboat and was surprised at the amount of game he saw. His description of the Inlet was "a sportsman's paradise, the most beautiful piece of water scenery he had ever seen. He was so imhere again in November.

On Sunday Rev. Mr. McGoffin was clusive of copper showings. invited to Skidegate mission to a dinner at the home of Chief A. Russ and was interested to know it was Ch Russ who first invited the late Archdeacon Collison to visit Skidegate, the Sharpe's were Mrs. Chappell and Mrs. first missionary on Queen Charlotte Islands.

After lunch Mr. McGoffin visited several of the homes and said he could hardly believe the splendid advance years, will leave about the first of made there. He left on the Prince John and was given a hearty sendoff.

SMITHERS

On a charge of issuing a check for \$243.50 upon which the name of A. B. McInnes, his former employee at North Bulkley, was forged, a warrant has been issued for the arrest of Joe Aubin, alias Jim Clemens. The check was tendered to a local store and cashed in the bank, discovery of the forgery only being made when Mr. McInnes was examining his returned checks.

Reductions in assessment have been granted by the local municipal court of revision to William Clark, William Angus, C. Waite, H. J. Kelly and Mrs.

The Mineral Province of Western Canada To the end of December, 1926.

Has produced Minerals as follows: Placer Gold, \$78,018,548; Lode Gold, \$123,979 Silver, \$80,787,003; Lead, \$106,976,442; Copper, \$209,967,068; Zinc, \$50,512,5577; Coal Coke, \$284.599,133; Structural Materials and Miscellaneous Minerals, \$50,175,407 its mineral production to the end of 1926 show an

**GGREGATE VALUE OF \$988,108,470.

PRODUCTION FOR YEAR ENDING DECEMBER, 1926, \$67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those any other Province in the Dominion, or any co.ony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which : guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing-

THE HONORABLE THE MINISTER OF MINES. VICTORIA, BRITISH COLUMBIA. N.B .- Practically all British Columbia Mineral Properties upon which development

work has been done are described in some one of the Annual Reports of the Minister Mines. Those considering mining investments should refer to such reports. They are avail. able without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Reports covering of the Six Mineral Survey Districts are published separately, and are available on application.

they would look real funny out there trelling, or trying it, in a northwester D. Hawes, who has been on the Sil--which is the prevailing wind in the ver Cup mine staff here, has left for summer.
