GOOD GAMES BASKETBALL

Kincolith Visitors Make Things Interestng For Local Seniors Though They Were Beaten

SNAPPY LEAGUE MATCHES

Prince Rupert Senior League representatives beat Kincolith last night in the opening of a series of two basketball games by a score of 43 to 21. Though the visitors may have been somewhat tired following an arduous trip to the city, they played an active game in first class manner. From the outset, they put the locals on their mettle and, taken as a whole, it was a splendid game. The visitors proved themselves to be good sportsmen and will, undoubtedly, give a much better account of themselves in the second game tomorrow evening. Brick Skinner refereed this, as well as the other two games of the evening, and handled some difficult situations with satisfaction to the players on both sides and the spectators as a whole.

In the evening's opener, the Tuxis Boys and Stars played a clean, fast game, the former winning 21 to 16. The match was featured by several long shots from Danny Morrison for the Tuxis Boys which seemed almost uncanny.

The Intermediate League game between the Elevator and Big Four was a strenuous engagement from which the men of the grain plant emerged victorious by the narrow margin of 33 to 32. Several goals resulted from long low shots by Benny Wendle. There was a dramatic finish when Wendle successfully negotiated a penalty which resulted in victory for the Elevator.

The games were watched by a large crowd of interested spectators.

In addition to the Kincolith vs. Prince Rupert game tomorrow evening, High School and Drill Team will meet in the Ladies' League and High School and Elevator in the Intermediate. Last night's Junior and Intermediate games were regular league fixtures and count in the League standings. So will tomorrow evening's Ladies' and Indermediate League games.

SPORT CHAT

Play is now under way in an interrink curling competition at Smithers with a dozen or so rinks thus brought into action. The players are rapidly swinging into form and some good rinks should be developed for next season. It is the first winter that curling has ever been played in real earnest at Smithers. In the recent tournament between rinks under President R. C. Bamford and Vice-President H. H. Olsen, the former were victorious by the margin of a single game.

Hockey is also going strong at Smithers and some fine games have been played lately with stellar performances from various players. Clever team work and stiff back-checking has featured almost all the games. The Eskimos are ahead in the league standing so far, the second team being known as the Shieks. Smithers is developing some likely looking hockey talent which, as time goes on, may be favorably heard from. It is not known whether Smithers has ambitions about getting into provincial championship contest.

Jack McNeill of Telkwa has offered a prize for the Queen of the Ice Carnival to be held at Burns Lake in the near future by the Ski Club of that town. It is expected that there will be several entries for this feature of the proceedings. Plans are proceeding apace for the efficient handling of the various events and all accommodation in the town is being booked up by prospective visitors. Men are being advised to bring their bedding if they have not made reservations for rooms.

LADIES' WHIST TEAMS ARE BUNCHED TIGHTLY

Only One Point Now Divides Four Teams as Result of Last Evening's Games

As a result of last night's games, there was a decided tightening up of the standing in the ladies' section of the Fraternal Whist League, the four teams now being divided by the margin of but one game. Prospects are that it will be a case of touch and go from now until the end of the season. Last night's scores were as follows:

Canadian National Ladies, 3; English Ladies, 6.

Moose Ladies, 3; Orange Ladies, 6.

The league standing:

	W.	L.	Pts.
Moose Ladies	5	4	5
Orange Ladies	5	4	5
C. N. Ladies	4	5	4
English Ladies	4	5	4

WINTER GAMES OF OLYMPICS

Arrangements Made to Accommodate 6,000 Visitors at St. Moritz

ST. MORITZ, Switzerland, Jan. 31.—Accommodations for 6,000 visitors have been arranged in the forty-two hotels of St. Moritz and the neighboring health resort, St. Moritz-Bal, during the Olympic Winter Games from February 11 to 19.

Many hotels which ordinarily do not cater to winter business will be opened on account of the unprecedented number of tourists expected to be attracted by the international games, which last were held at Chamonix, France, in 1924.

M. C. Nater, syndic, or mayor, of St. Moritz, who heads the local committee, has been advised that 600 athletes will compete in the various events. This does not include trainers and managers. The winter sports season is at its height in St. Moritz in February, and normally there are 3,000 visitors here during that month.

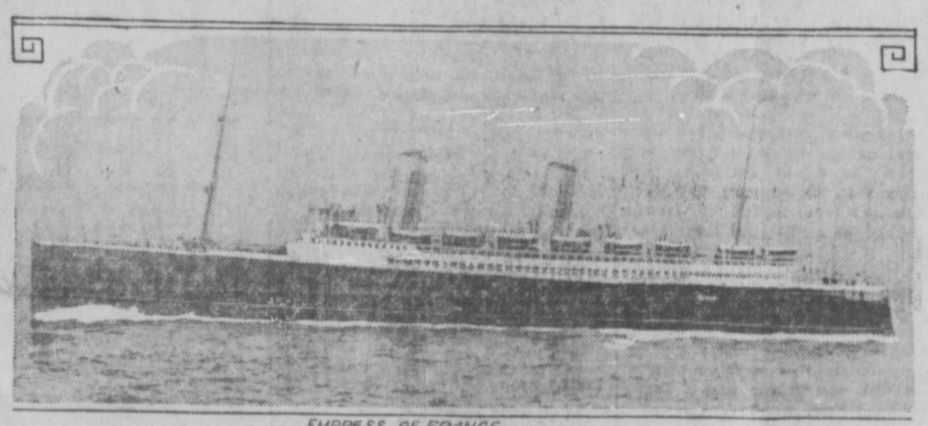
The meet will open on February 11 with hockey matches both morning and afternoon, and there will also be hockey on February 12, 13, 14, 15 and 19. The finals will be on the nineteenth.

There will be horse racing on the ice on Lake St. Moritz on February 12 and a military ski team race. The same day there will also be ski-joring, a sport in which skiers are drawn by the reins of horses they drive in races. The date for the 50 kilometer ski race is February 14.

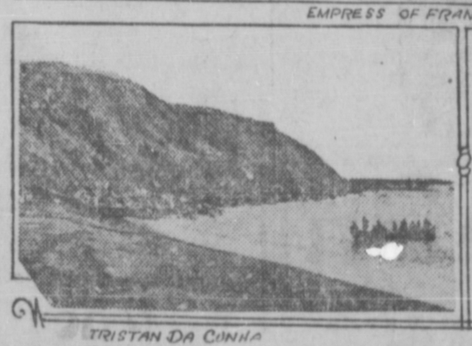
Speed and figure-skating contests will be held on February 13, 14 and 15, with the bob sleigh races in heats on February 16 and 17. The long-distance ski race, 15 to 18 kilometers, will take place February 17, and the ski jumping contest is down for February 18.

H. Wearne, Telkwa rancher, who has been a visitor in the city for a few days on business, returned by this morning's train to the interior.

Empire's Smallest Island Asks for Help



EMPRESS OF FRANCE



TRISTAN DA CUNHA

BEACH SCENE, TRISTAN DA CUNHA

From King George and Queen Mary down to the lowliest of their subjects throughout the Empire, interest has been excited in the distant and isolated island of Tristan Da Cunha in the South Atlantic by the voyage of the Canadian Pacific Liner Empress of France on its first African-American cruise in the course of which the vessel will touch at the island. Hardly one ship in a twelvemonth comes anywhere near the island and the advent of one which carries with it every facility of modern luxury is an event which will certainly be unique.

The 140 inhabitants of Tristan Da Cunha will have a treat in store since presents have poured in to the offices of the I. O. D. E. for them. These include timber and nails which are being sent on the recommendation of Captain S. Vint, old-time mariner who lives in Montreal and who recalls days when he sailed near the island and the inhabitants put off in boats and begged for wood and copper nails. Other gifts are books, magazines, clothing, gramophones and records and particularly a powerful radio set which will keep them in contact with the outside world.

No ships can dock at the Island and the Empress on her passage across the 3773 miles of ocean that separates Buenos Ayres and Cape Town will stop about half way within sight of the island and will raft to its inhabitants the gifts of the outside world. This will be done about the last week in February.

The people are self-governing and self-supporting. The men are daring seamen and clever carpenters and masons, but there is a touch of the primitive about the picturesque bullock-carts and the cottages built of huge blocks of stone. High cliffs circle the lonely island and are pierced with ravines, the walls rising like ramparts from the sea to a height of over 1,000 feet. They are topped by a central cone that stands out amid the surrounding cliffs at a height of 7,640 feet, snow-capped and symmetrical as the Peak of Teneriffe. The island has only been in continual occupation since 1817, although discovered in 1506 by the Portuguese Admiral Da Cunha.
