### Stomach Troubles

Of what use is money or food if the stomach fails in its duty and causes you misery?

The healthy person does not, and should not, realize that he has a stomach. Digestion of wholesome and normal foods should be automatic. But this cannot be if the stomach is receiving less than its full supply of vital energy.

When the stomach fails in its functions, two courses of relief are available—you can reduce the quantity and variety of your food to fit its subnormal capacity-or you can have the cause removed by spinal adjustments which restore the flow of vital energy to its full capacity. Which is best. We believe in removing the cause. Phone Green 241

Application for Additional Land to be Decided on at Regular Council Meeting

MANY DIFFICULTIES

Aivazoff Says he Will Build Anyway but Could Build Larger on Deeper Site

In the matter of the application of Misak Aivazoff to obtain from the city twenty-five feet of lane to the rear of the two lots on Third Avenue on which the building of a new theatre is proposed, Mayor McMordie stated this morning that the city council was most anxious to meet Mr. Aivazoff in the matter of a special meeting but there seemed to be no emergency existing which demanded extreme haste or justified the calling of a special meeting. The council would consider the matter in hand, therefore, at its regular meeting next Monday.

Last night, the Board of Works and utilities committee of the city council had meeting when matters arising out of Mr. Aivazoff's application for lane space were considered. The Board of Works meeting was a rather lengthy one but the only statement to be obtained this morning for publication from the chairman, Ald. W. J. Greer, was to the effect that the committee would insist that arrangements be Fulton Street to Fifth Street. made, in connection with Mr. Aivazoff's application, whereby the lane
