# CANADA AN EXAMPLE TO THE WORLD

## FINAL WEEK OF BIG DAILY NEWS CAMPAIGN ENDS FRIDAY

### Premier Mackenzie King Tells the League of Nations Assembly How Canada Settles Differences

#### Approves Anti-war Pact and Points to Living Example of Treaty Outlawing War Between U.S. and Canada

GENEVA, September 8.—The Briand Kellogg pact for the renunciation of war was praised by Premier King of Canada in an address before the assembly of the League of Nations today.

The premier pointed out that Canada was particularly concerned because of its association with both France and the United States and because of the undefined frontier between the dominion and the United States which he termed a symbol of the policy of the renunciation of war as an instrument of national policy in achieving racial concord and international peace with its great neighbor. Canada for more than a century had fulfilled the two great fundamental principles of the League of Nations. Today public monies were saved and utilized for purposes of productive industries.

The premier referred to the Rush-Bagot treaty following the war of 1812 which confined each naval force on the Great Lakes to four vessels of 100 tons each. That arrangement, like the treaty signed in Paris, was an embodiment of brevity and simplicity and had provided means of escape from competitive arming for the two countries.

The premier also pointed out that every award of the international joint commission so far had been accepted, this body having been set up to settle differences between the two countries by arbitration.

### Communist Movement Causes the Return of Harvesters to Britain Activities Being Investigated

WINNIPEG, September 8.—Communists in Winnipeg are reported to have been active amongst the British miner harvesters who were dissatisfied with conditions in the grain fields and who returned to the city and are now en route to Great Britain.

Communists from Motherwell, Scotland, are reported by the Mounted Police authorities to have originated among the workers a movement to discredit the whole movement of harvesters from Britain and are alleged to have been assisted by several local representatives of the Winnipeg branch of the Communist party in Canada.

A meeting of the harvesters who returned is reported to have been held in the local Communist Hall three days ago and following this pamphlets were distributed calling upon the men to "stand firm and demand their rights and a guaranteed wage." The pamphlets were not signed by the Communist party official or representative but merely "The Harvesters Committee."

### WILL ENFORCE MARKETING ACT

POTATO GROWERS WARNED BY ATTORNEY GENERAL POOLEY THEY MUST COMPLY

VICTORIA, Sept. 8.—Sharp warning to "rebel" potato growers of Ashcroft and other districts that they cannot ignore the produce marketing act, was issued yesterday by Attorney General Pooley. "There will be no leeway in the enforcement of the act for anyone," he said.

### OPPOSE HIGH EXPRESS RATE

VICTORIA, Sept. 8.—Premier S. F. Tolmie announced yesterday that he had confirmed the arrangement made by the MacLean government under which Alberta, Manitoba and British Columbia would carry a joint fight to the railway commission against higher express rates with Isaac Pitblado, K.C., as joint counsel for the three provinces at Victoria.

### COURT SEQUEL POLICE PROBE

#### FRANK CASIA TO BE COMMITTED ON CHARGE OF PERJURY FOR SAYING MAYOR DRUNK

VANCOUVER, Sept. 8.—Frank Casia charged by Mayor Taylor with having committed perjury at a recent police inquiry, will be committed for trial on September 11 by Police Magistrate Findlay. It was announced today after the hearing of the evidence for the prosecution. The defence was reserved for the higher court by Casia's counsel.

The alleged libel was based on evidence given at the police inquiry when it is alleged Casia swore he had taken six bottles of wine to Shaughnessy Heights home of Joe Celona and saw Mayor Taylor there "paralyzed drunk." The mayor testified yesterday denying he had ever been intoxicated in Celona's home. Celona corroborated the Mayor's evidence.

### EXCURSION WAS VERY ENJOYABLE

Though the number making the trip—slightly over one hundred and fifty persons—was not as large as might have been expected, the moonlight cruise to Ogden Channel aboard the palatial C.P.R. steamer Princess Royal last night was a very enjoyable voyage. The ship left the government wharf at 8.15 p.m. returning at 1 a.m. The weather was auspicious and, while the moon was a little late in coming up, there was a beautiful aurora borealis all evening.

There was dancing on deck with tune-some music furnished by an eight-piece orchestra led by Bobby Arthur Jr. Refreshments were served in the dining saloon. Comedy stunts by Claire Downie and Daredvil Lundie, both of whom will perform at the Exhibition next week, provoked much wholesome amusement.

Capt. Albert Rippon and officers and crew of the Princess Royal did everything in their power to make the trip a pleasant one for the excursionists.

### SOLICITOR CHOSEN BY THE GOVERNMENT

Oscar Bass of Victoria to Act as Departmental Advisor at Salary of \$3,700

VICTORIA, Sept. 8.—Oscar Bass, veteran Victoria lawyer and former journalist, has been named departmental solicitor and his duties will be to act as general advisor to all departments. He will come under the deputy attorney general, a position left vacant by the resignation a year ago of John W. Dixie, who became registrar of the supreme court at New Westminster.

### NEW HOSPITAL CLASS FOR TRAINING NURSES

A class of five new probationers will be admitted to the Prince Rupert General Hospital training school for nurses on Monday. Miss Jean Harrison, R.N., lady superintendent, announces. The class consists of Miss Ivy Alger of Uak; Miss Edna Gilker and Miss Katherine Harvey, Prince Rupert; Miss Mabel McIntyre, Smithers; and Miss Fanny MacLaren, Terrace.

### UTILIZATION OF DOCK URGED

#### PRESIDENT OF BOARD OF TRADE TAKES UP MATTER WITH MONTRÉAL AUTHORITIES

At the first autumn meeting of the Board of Trade held in the council chamber last night, President J. W. Nicholls told of his activities on behalf of the board at Ottawa and Montréal where he interviewed officials, particularly in regard to having the big freight dock here utilized for handling canned salmon.

At the present insurance rates are so high to make this possible but if a sprinkler system for fire protection were installed it would be possible. Mr. Nicholls told of the industry that would develop in labelling cans if the big shed were used for that purpose. Mr. Nicholls was authorized to continue to press the matter with the railway authorities.

### NEW GRAIN IS MARKETED

#### BIG LEAD ALREADY OVER LAST YEAR AT THIS TIME IS REPORTED BY RAILWAY

WINNIPEG, Sept. 8.—Nearly four million and a half bushels of grain, more than were marketed in the corresponding period last year, were marketed along the lines of the Canadian National Railways during the week ending Thursday. The total for the week was 5,462,000 as compared with 1,142,000 last year.

Cars loaded totalled 2,375. The figure last year was 578. In bushels this is 1,095,000 and 711,000. Since August 1 four million and a quarter bushels have been loaded which is double the amount of last year. Saskatchewan marketed the bulk of the grain, 3,218,000 bushels, and Manitoba came next with 1,930,000.

### Terrace Prospector Found Bear Asleep in Front of Cabin Door Clubbed, Then Shot Him Dead

TERRACE, September 8.—T. M. Turner Sr. has a real bear story to tell this week and also has the bear to prove its authenticity. Tommy has been prospecting around his claims in the Williams Creek district recently and on arrival near his cabin the other day found articles of clothing and food strewn along the path, presumably the work of a bear.

Coming nearer the cabin Tommy got the surprise of his life at finding a huge cinnamon bear asleep in front of the cabin door, and worse luck, his rifle was inside the cabin.

Further signs of more depredations on the part of the bear so worked on Tommy's Scotch blood that he immediately went at the huge animal with a club and beat it away from the door. Then he slipped inside, got his rifle, and finished the bear. He says that henceforth his rifle will be a part of his pack on all prospecting trips.

### STAMPEDE FOR THE FISHERIES

#### OLD TIME RUSH TO DUTCH HARBOR IN ALASKA OF PEOPLE FROM ALL ALASKA

SEWARD, Sept. 8.—A stampede worthy of the old gold rush days was reported here yesterday but not for gold. The unprecedented run of herring at Dutch Harbor is reported to be drawing fishermen from the far east as far as Kodiak and as far north as Bristol Bay. Coming in every kind of boat men and women literally swamped the little Unalaska Island village, said the men aboard the Redondo, which arrived here yesterday with 800 barrels of fish.

Almost overnight Dutch Harbor was transformed from an infrequent shelter for ships to a crowded city of tents, men on the steamship declared. The old dance hall was turned into an improvised bunkhouse to quarter those who otherwise might be shelterless.

Reports of fishermen making hundreds of dollars a day started the rush. More than fifteen thousand barrels of herring are reported to have been packed already while an equal amount of live fish is being held in nets until it can be barreled. Enthusiasts predict that perhaps more than 50,000 barrels valued at more than a million dollars will be caught by the end of the month.

Alaska steamship companies have sent vessels on two special trips with supplies for the stampeding fishermen.

### BURNS LAKE MAN SUCCUMBS HERE

The death occurred this morning in the Prince Rupert General Hospital of Eric Bergloff, Burns Lake carpenter, who had been a patient in the institution for some time. He was 69 years of age and was a native of Sweden. Surviving relatives include a daughter who has been here with him since he has been ill. Funeral arrangements are in the hands of the B.C. Undertakers.

### CONDITIONS IN YUKON COUNTRY

#### BISHOP STRINGER DESCRIBES LAND OF EXTREMES IN WHICH HE HAS LIVED

#### CHANGE BROUGHT ABOUT ALMOST ALL NORTHERN PEOPLE ARE NOW EDUCATED AS RESULT MISSIONARY EFFORTS

Comparing conditions existing today with those he had found in that remote part of the continent thirty-six years ago when he commenced his missionary work there, giving some of his ideas of the future of the country, describing the ways of the people and illustrating with well drawn mental pictures the nature and some of the hardships of the land, Rt. Rev. Isaac O. Stringer, Bishop of the Yukon, gave last night before the Women's Canadian Club what he chose to call a rambling talk but which proved to be one of the most interesting and informative addresses the organization has had the pleasure of listening to in many a day. The function, taking the form of a banquet, was held in the Commodore Cafe, the seating capacity of which was taxed to its limit. husbands and gentlemen friends of the members being in attendance in large numbers in addition to many ladies. Mrs. J. C. McLennan, president of the club, occupied the chair in her usual capable manner and Rt. Rev. P. T. Rowley Bishop of Alaska, an unexpected guest, also spoke briefly.

INDIANS AND ESKIMOS  
Bishop Stringer told his hearers that in that vast and remote country lying between the mouth of the Mackenzie River and Herschel Island there were two classes of natives—the Indians who dwell in the interior and the Eskimos who lived on the Arctic coast. He referred briefly to the weather of the land. Two months of the year the sun never set and for two months (continued on page six)

### Candidates Enter Final Week in Big Campaign

#### Promptly at 9 O'clock Next Friday Night The Daily News' Automobile Campaign Comes to an End

The Prince Rupert Daily News' free gift distribution has now entered the fourth and final period. On the stroke of 9 o'clock next Friday night the campaign will come to a final close forever.

When the campaign has been declared closed next Friday night, the judges will break the seals, unlock the ballot box and begin to count. Results will be bulletined as soon as the count has been finished and the judge's statement showing the winners will be published in the following issue of The Daily News.

The last vote count will be published in an early issue (probably next Wednesday) including all votes cast for publication up to the end of the third period.

Notes earned during this final period will not be known until the close of the campaign, because returns will not be made to the campaign department but will be placed in the sealed ballot box.

In this way, the standings of the candidates will be known to no one, precluding any possibility of favoritism and giving everyone an equal opportunity for the rich prizes.

SET FOR LAST STRETCH  
The wind-up of the third period Friday night saw all entrants primed for the dash down the home stretch. Thousands of votes from subscriptions and coupons were earned by the candidates and hundreds of points were chalked up to the credit of the contenders in the new \$200 competition which closed last Friday night.

Full details and instructions regarding the closing of the campaign will be published in The News next Monday, and it is the duty of every candidate to be familiar with them. While no further subscriptions or votes will be accepted through the campaign department, final reports being placed in the ballot box, campaign headquarters will be open each evening all week up to 8 o'clock to issue supplies, give information and check up campaign accounts to the end of the third period.

SHOULD CHECK RETURNS  
Every candidate is expected to check up and compare his or her records to the end of the third period with those period with those of the management and verify and attest to the correctness of them, both as regards total votes and points earned and gross sales reported. You must check and verify your vote and cash totals not later than 8 o'clock Wednesday night, September 12.

All remittances for subscriptions turned into the ballot box this final week must be in the form of cash, money order, bank draft or certified check for the full amount to cover. Personal checks will positively NOT be accepted. This rule is made in fairness to all concerned and will be strictly adhered to.

The final period schedule offers every candidate exactly the same vote making opportunities. There are no final favors, inducements, or advantages. The schedule is the same for everyone. It can be just as profitable for the candidate as his or her ability and industry warrant.

### CONSOLIDATED IS ASKING FOR ROAD UP THE BEAR RIVER

VICTORIA, Sept. 8.—Officials of the Consolidated Mining and Smelting Co. interviewed the provincial Government yesterday asking that work be speeded up on construction and extension of the road up Bear River from Stewart where the company is heavily interested in mining properties.

### NOTICE TO EXHIBITORS

Special Notice to Exhibitors re Robin Hood Flour! The Robin Hood Mills Ltd. Calgary, Alberta, offer one 98-pound sack, one 49-lb. sack and one 24-lb. sack of Robin Hood Flour as first second and third prizes respectively for bread made from Robin Hood Flour. Contestants to purchase same from their grocer, attaching sales slip to entry form.

### RACING SEASON CLOSES SOON

#### FINAL WEEK WITH PONIES AT COLWOOD TRACK NEAR VICTORIA

VICTORIA, Sept. 8.—The British Columbia racing season will close with the meet which will be held at Colwood Park, commencing Saturday. For seven days the ponies will be in action on the mile track. Then, with the seventh race on the seventh day, the barrier will be sprung for the last time this year and flashing colors and the thudding hooves will be heard no more until the summer of another year is here.

The last meeting is expected to eclipse anything seen on the Colwood track. Owners in such numbers are demanding stable accommodation that every available stall is taken, with many horses still to be provided for. Numbers will be cared for at the Willows.

### MANY ATTEND LOCAL SCHOOLS

#### NUMBER NOW IS ABOUT 1230 INCLUDING ST. JOSEPH'S ACADEMY

There are 1104 pupils in the public and high schools of Prince Rupert in addition to something like 120 in the Catholic school. This is the largest school registration Prince Rupert has ever known and is an indication of a steady increase in the population and the more settled nature of the city. At Booth School 68 new pupils have entered. Borden Street 36, Westview 7 and the receiving class at Seal Cove has 20 pupils.

A new teacher, Miss Olive MacArthur, has been appointed to the public school staff and will probably go to Seal Cove, allowing Miss Lamb to take the new receiving class at Booth School.

Another result of the increase in the number of pupils in the schools is that manual training and domestic science departments are overtaxed with the result that High School students have to be denied the privilege of these classes.

### OPPOSITION TO GOVT. PILOTAGE

VANCOUVER, Sept. 8.—Because government control of British Columbia pilots would be inflexible and unsympathetic to changing needs it would not be satisfactory, declared H. A. Stevenson, manager of the Canadian Transport Co. at the pilotage commission yesterday. He did not believe the adoption of compulsory pilotage would be advisable. He agreed, however, with the policy of pooling the earnings of the pilots to the extent of assuring every pilot a living wage.
