ANTI-ORIENTALISM RESEMBLES NEW PROVINCE

At election times or for sensation purposes a great many people become anti-Oriental in their attitude just as they get excited about the formation of a new province. An article in McLean's Magazine tells about the Oriental menace. Here is what is says in part:

DISLIKES DELAY.

Editor, Daily News.

Judging from your report in yesterday's paper, I should say the new council is stalling on that theatre site sale. Last year's council investigated far as they possibly could, carried out the wishes of the people of Prince Rupert. It is to be hoped that the new council will do the same. It was very isappointing to those of us who wanted to see the work go ahead to have it delayed by the council. People here want the work and the city needs the theatre.

I hope there is nothing sinister in the action of some of the aldermen in asking for delay, but you must admit ! looks like trying to hinder building perations. No one had any real obection to the deal. Trusting you will find space for this little missive, I am
