He could not read the newspaper without headache or eyes smarting and sometimes could not even then see the print.

He was afraid, and thought he had to go to Vancouver.

A friend told him our optician had passed the same exams that opticians in Vancouver have to.

Our optician found it was just the natural eye change at that age—and the proper glasses are giving him com-

Our charges are also reasonable.

We pass our coal over a screen four times larger than any other coal screen in town. We are therefore putting out the cleanest and best prepared coal. We make it a point to get coal for you that will give the most heat with the least waste. Let us have your order for delivery
