

Dont Risk the Embarrassment of Perspiration Odour

The one to two pints of perspiration which, according to physicians, come through the pores daily, is natural . . . and healthful . . . but perspiration odour is not only unnecessary but extremely "bad form."

This unpleasant odour is seldom recognized by the offender, but everyone else notices it.

Lifebuoy is sure protection

Besides being a superior toilet soap, Lifebuoy, through its creamy, gentle antiseptic lather cleanses and purifies the millions of tiny pores and keeps the skin sweet, offering safety from perspiration odour from bath to bath.

Don't try to cover up perspiration odour. Prevent it with Lifebuoy Soap for face, hands and bath. It costs no more.
