OF course, we do not actually trade new blankets for the soiled ones you send us....but one would almost believe them new when they are returned to you. Soft and fluffy... and clean! No home equipment can possibly finish woollen blankets, nor in fact, any woollen garments, in the superlative manner of the modern laundry. And our prices are moderate for this invaluable service.

BODY OF LOCAL MAN KILLED IN

H. F. Wearmouth Gets Definite Information in Regard to Burial of Brother Ernest

After over twelve years of uncertainty, H. F. Wearmouth of this city today learned the fate of his brother, Ernest T. Wearmouth, who was reported missing in the Great War on September 7. 1916. He had never been heard from until today except through a statement made by W. Sullivan of this city who reported that he lost his life when blown up by the same bomb which killed Jack McDonald, a former manager here for P. Burns Co., Ltd., at Moukette Farm in the Somme.

Mr. Wearmouth today received from the War Office in London the identification disk of his brother together with the information that the body had been found during exhumation operations. the disk being received from the Imperial War Graves Commission for transmission to the next of kin. - It was also announced that the body had now been interred in Serre Road Cemetery No. 2, plot 13, row 3, grave 16.

The late Ernest Wearmouth went over with the first contingent from Prince Rupert and lost his life while in service with the Sixteenth Canadian Scottish under Col. C. W. Peck, V.C.

Naturally the intelligence was received by his brother with much relief. "I had always been puzzled and worried as to what befel poor Ernest," stated Bert Wearmouth today.

Ernest and Bert Wearmouth were both at Massett before they enlisted.

An arrangement with the Coastwise Steamship & Barge Co., owners of the rescuing vessel, has resulted in the release at Vancouver of the Seattle motorshrip Donaldson which was arrested in the south on a salvage claim following her pulling off a rock in Grenville Channel and subsequent towing to Vancouver by the freighter

Eleventh Grain Boat Arrived This Afternoon

After having been delayed over two days outside the Queen Charlotte Islands awaiting abatement of weather conditions, the British freighter Levenpool, Prince Rupert's eleventh grain ship of the season, finally arrived in port this afternoon at 1 o'clock. Capt. Larry Thomson of the Federal ilots of British Columbia, who went out Friday afternoon aboard the seineboat Anna S., Cant. Eli Skog, to meet the Levenpool and pilot her in, was finally able to go on board the vessel at 7 o'clock this morning off Rose Spit. The Levenpool is already lined and will go on berth at the elevator soon after arriving, following the British steamer lolmpark in loading for the United

Kingdom or Continent. It is expected that the Teespool will be ready to sail tonight with a full cargo for the United Kingdom or Continent. The Holmpark will start loading this

afternoon or tomorrow morning. Railway offices this morning reported the arrival of 150 carloads of grain since Saturday for the local elevator, 250 cars being on the division today.

Rain was falling at most every place reporting this morning, according to the Government Telegraphs. The report follows:
