MY KITCHEN NOTEBOOK

by mary Blake Domestic Science Counselor

Glorifying the Lowly Potato I sometimes think that we take potatoes as we do some women-very much for granted-until we see them all "dressed up" and realize for the first

time how intriguing they really are. You know how much you enjoy the less ordinary versions of potatoes in a good restaurant—the feathery nothingness of potato souffle, the rich savor of potatoes O'Brien au gratin, the crisp shoestring potatoes. Why not vary your own program a trifle?

In Potato Recipes Milk Plays a Vital Part

Whether you serve potatoes Delmonico-layers of creamed potatoes mashed potatoes of a fluffy lightness, the quality of milk you use.

I have learned through long experience that by using Carnation Milk I get a creamy, rich smoothness that even the best of bottled milk cannot equal. There's very good reason for this superiority. Carnation is milk of the very mest, most dependable qualitypure, whole milk from selected herds. It's sterilized to keep it pure and wholesome, protecting you from the spoiled dishes that result when you use milk of

doubtful freshness. Besides that, Carnation Milk has very wonderful special quality. It's "homogenized"—the cream content broken up into minute particles and son, dredge with flour, dot with butdistributed all through the milk, giving | ter; repeat; add milk to cover. Bake every single drop its share of cream—a | till soft in 350° F. oven.

double share in fact, for Carnation is evaporated to double richness. This: generous proportion of cream in Carnation Milk effects a genuine economy in saving butter. "Homogenization" also gives a rich, creamy smoothness that improves the quality of all cookery in which Carnation is used.

Here I've given two potato recipes. You'll find others in the Carnation Cook Book-"My Hundred Favorite Recipes." It's free. Address Carnation Milk Products Co., Limited, 134 Abbott Street, Vancouver, B.C.

Organ Accompaniment

Yesterday was guest day at the INFURNAL DANCE Ladies' Music Club and in order to accomodate all who wished to attend and to get the use of the Eighty Present ae Enjoyable pipe organ, the meeting was held in the Anglican Cathedral, a considerable number of visitors attending and enjoying the event very much. The organ solos by Miss Lancaster, who also played the organ accompaniments for the singers, were much appreciated and in fact the whole program was excellent. The subject was Oratoria music which of course is of a sacred nature and fitted reproduction in a G. A. Woodland was chairman church. The program follows: Miss M. Lancaster.
