PRINCE RUPERT, B. C., FRIDAY, JUNE 7, 1929

PRICE FIVE CENTS

Liberals are Defeated in Saskatchewan with Conservatives Ahead

REGINA, June 7.—The Liberal administration was overthrown in yesterday's general elections and J. T. M. Anderson, the Conservative leader, is likely to be called upon to form a Government, although the indications are that the party will not have a majority over all in the new House. Whether Premier Gardiner will meet the House and take a vote before retiring or do so at once has not been announced. The Conservatives are expecting to draw support from the Independents, but with neither party holding a majority the outcome is confused and there is a bare possibility of the Liberals carrying on with the support of the Progressives.

This morning the following was the standing conceded at Liberal headquarters.

Conservatives, 26.
Liberals, 23.
Progressives, 5.
Independents, 4.
Doubtful 3.

Five of the seven members of the Gardiner cabinet have been re-elected, a powerful basis for any opposition group. Hon. H. J. Latta, provincial secretary, and Hon. C. M. Hamilton, minister of agriculture, were defeated. Dr. Anderson, Conservative leader, was elected. The new prospective premier is a native of Ontario of Irish descent. He first came into prominence as an educationalist. His doctor's degree is in pedagogy.

The Liberal party has been in power in the province since the formation of the province.

M'MORDIE CASE FINDING LATER

Mr. Justice Fisher Reserves
Judgment in Dispute Over
Local Theatre Operations

After hearing evidence of witnesses and argument of counsel, the case occupying the entire day of the court's time, Mr. Justice Alexander Fisher, in Supreme Court at 7 o'clock last night, reserved his decision in the action of Col. S. P. McMordie vs. Cliff Ford of London, England. The dispute was over who should pay for alterations to the Westholme Theatre which were called for by the fire marshal.

Witnesses for the plaintiff were Col. McMordie and Deputy Fire Marshal Oswald, while G. H. Arnold, local agent, was the only witness for the defendant. Mr. Arnold declared that the plaintiff as tenant and not the landlord was responsible for payment of the alterations.

J. Haviland of Vancouver, counsel for the plaintiff, took up an hour and a half's time with argument, while Milton Gonzales, defendant's counsel, addressed the court about an hour. Written lists of authorities will be submitted to His Lordship before he hands down his decision.

EVANGELISTS HEARD BY LADIES' AID OF LUTHERAN CHURCH

Rev. Dr. Siebert of Chicago and Prof. W. H. Frederick of Seattle were speakers at a week attended meeting of the Ladies' Aid to St. Paul's Lutheran Church yesterday afternoon at the home of Mrs. H. Skattebol, 425 Third Avenue. After the address, tea was served, Mrs. Skattebol being assisted by Mrs. Ed. Unger and Mrs. C. M. Nickerson.

Dr. Siebert and Prof. Frederick sailed on the Princess Alice this morning for Alaska and will visit many points in that territory, such as Ketchikan, Juneau and Fairbanks.

PART OF LABOR CABINET SWORN IN AT LONDON

Premier Macdonald to Be First
Lord of Treasury; Snowden
Chancellor

OTHER APPOINTMENTS

Rumor That Prominent Liberal
Lawyer Will Be Attorney-
General

LONDON, June 7.—Rt. Hon. J. Ramay Macdonald is premier and first lord of treasury in the new British Labor cabinet, which was officially appointed today. The last of the rumors with respect to the new cabinet is the most interesting of all so far. It is that W. A. Jowitt, K.C., Liberal member for the double-barrelled constituency of Preston, will enter the Labor cabinet as attorney-general. Rather curiously, the small Liberal party in the House is rich for its size in eminent lawyers, including Sir John Simon, Mr. Jowitt and Norman Birkett. Even Conservatives today seem favorable to the idea of the inclusion of talent, which otherwise would be lost to the law offices of the Crown. Among the appointments already made are:

Chancellor of the exchequer—Philip Snowden.
Foreign secretary—Arthur Henderson.
Secretary for the Dominions—Sidney Webb.
Secretary for India—Wedgwood Benn.
Lord privy seal—S. Thomas.
Lord chancellor—Sir John Hankey.
Secretary for Scotland—W. Anderson.

Home affairs, John R. Clynes.
Air secretary—Lord Thomson.
War secretary—T. O. Shaw.
First commissioner public works—George Lansbury.
Minister of health—A. Greenwood.

Minister of labor—Miss Margaret Bondfield.
Agriculture—Noel Buxton.
President educational board—Sir C. Trevellyn.
President Board of Trade—William Graham.
First lord of the admiralty—Albert V. Alexander.

Following are appointed to ministers outside the cabinet:
Chancellor of the Duchy of Lancaster—Sir Oswald Moseley.
Attorney-general—W. Jowitt.
Solicitor-general—J. B. Melville, K.C.
Minister of pensions—F. G. Roberts.

Minister of transportation—Herbert Morrison.
Parliamentary under-secretary for Scotland—Tom Johnson.
Postmaster-general—H. B. Lees Smith.
Paymaster-general without salary—Lord Arhold.

KING GOOD NIGHT

WINDSOR, June 7.—It was officially stated at Windsor Castle today that the King had a good night.

RECOMMENDS USE OF TRAPS ON BOUNDARY

Commissioner Ellis Suggests
Limited Time in Order to
Test Effect

OTTAWA, June 7.—A recommendation that trap sets for salmon be allowed in limited numbers in the portion of the territory adjacent to the United States boundary in Northern British Columbia is contained in report of Commissioner J. N. Ellis, which was tabled in the House of Commons yesterday.

Commissioner Ellis further recommended that applications for licenses be open to all, but that the licenses be granted for a specified time only until the result of such trapping operations on the supply of fish be known.

FISH ARRIVALS

Total of 88,000 Pounds of Halibut
Sold at Exchange This
Morning

A total of 88,000 pounds of halibut was sold at the fish exchange this morning, all but 5,500 pounds being from American boats. Sales were as follows:

American—
Sunde, 38,000, Canadian Fish & Cold Storage Co., 13c and 8c.
Electra, 22,000 pounds, Royal Fish Co., 13c and 8c.
Democrat, 22,000 pounds, Booth Fisheries, 13c and 8c.
Prosperity, 10,500 pounds, Atlin Fisheries, 13c and 8c.
Canadian—
Nuba, 5,500 pounds, Canadian Fish & Cold Storage Co., 12c and 7c.

REPARATIONS PACT IS SIGNED TODAY

PARIS, June 7.—The experts report liquidating the long-controversial reparations problem that has troubled the peace of Europe for the past ten years was signed here today.

YOUNG MAN PASSES AWAY IN HOSPITAL

Hubert Milton Had Been Ill Only
Few Days; Survived by Par-
ents and Young Family

After a brief illness with appendicitis, for which he underwent an operation a couple of days ago, Hubert Milton, 109 Eighth Avenue East, died at 5 o'clock this morning in the Prince Rupert General Hospital. Twenty-five years of age and born in England, deceased was the son of Mr. and Mrs. J. Milton of Barrett Rock Lighthouse. In addition to his parents, the late Mr. Milton leaves to mourn his loss a widow, who is the daughter of Mr. and Mrs. R. Bury of this city, and an 18-month-old daughter.

Deceased had been employed by the municipal public works department and was quite well known. Funeral arrangements are in the hands of the B. C. Undertakers.

Fisheries Station to be Enlarged by Large new Building

At the annual meeting of the Biological Board of Canada, which was held recently in Ottawa, with John Dybhavn, Prince Rupert director of the board, and D. B. Pinn, director of the Prince Rupert Fisheries Experimental Station, both in attendance, it was decided to proceed immediately with the construction of a new two-storey with basement addition to the present station at Prince Rupert. The new building will be located on the hill overlooking the existing station and will be designed particularly for the purpose of carrying on refrigeration experiments. Plans and specifications, which were almost completed last year, are to be drawn up at once by the engineering department of the Biological Board with certain additions and improvements. Calling for tenders for construction will then follow and the expectation is to have the structure completed and ready for operation before the end of the year.

Plans for the coming year's work were also discussed at the annual meeting of the Biological Board and new appointments to the service were ratified. It was decided to hold the annual meeting of the board in future in January instead of in May.

One Launching Took Place at Midnight and Two More Tonight of Vessels Built at Drydock

With Mrs. J. W. Nicholls, wife of the comptroller of the company, breaking a bottle of champagne on the bow of the vessel and duly christening the boat Chief Seegay, the launching took place from the big ship shed at the local drydock at 12:30 midnight of the new 67-foot fish packer for the Canadian Fish & Cold Storage Company. The ceremony was performed in the presence of Cold Storage and drydock officials, as well as a few spectators, and the proceedings came off without a hitch, the vessel slipping smoothly into the water.

The boat, which is equipped with a 60 h.p. Fairbanks-Morse c.o. engine, is already practically finished.

Tonight at midnight, the launchings will take place of two 65-foot fish packers for the Island Packing Co. of the west coast of Vancouver Island. These vessels, equipped with 75 h.p. Atlas-Imperial engines, will be named Ispace I. and Ispace II. and will be used in pilchard packing on the west coast of Vancouver Island.

American Misuse of Ports on B.C. Coast Discussed at Ottawa

Number of Fisheries Questions Came Up in House of
Commons at Ottawa Yesterday

OTTAWA, June 7.—The British Columbia fisheries loomed large in the House of Commons yesterday. Not only was the report of Commissioner Ellis on fish traps submitted, but in discussion of the estimates for the marine and fisheries department the coast fisheries twice were the subject of debate.

Suggestion was made that the Dominion Government should take steps to modify the treaty with United States, which gives U. S. fishermen the privilege of entering Ca-

nadian ports for wood, shelter and repairs, featured the discussion yesterday. Two British Columbia Conservative members made a strenuous protest against what they regarded as the consistent abuse of privileges accorded to the United States. General McRae of South Vancouver not only drew attention to some of these abuses, but offered the suggestion that the treaty should be modified.

J. C. Brady, member for Skeena, made a plea for placing in Pacific coast waters of a fleet of patrol boats which would protect the Canadian fisheries from the depredations of U. S. trawlers. He declared that the U. S. fishermen consistently broke the treaty and pointed out that Canada had no proper patrol system to put a stop to this continued abuse.

Canadian fishermen, General McRae said, were suffering as a consequence of the misuse of Canadian harbors. It was not unusual to find forty or fifty U. S. boats resting in the harbors of the west coast.

As General McRae referred especially to the Seattle fleet, the minister of fisheries, Hon. J. A. Cardin, said there would be now 20 salmon protection boats on the Pacific coast and the department intended to add five others and four sea sleds.

In another discussion on the estimates General McRae advocated the establishment of a fisheries commission for B. C. composed of five members. He also protested against the transfer of snawm from the Skeena to the Fraser River.

The possibility of developing a sockeye salmon river in B. C. was indicated by Mr. Brady, who declared that during an expedition which carried him into the wilds of the headwater country on the Nass River, he had reached a well-founded conclusion that this stream was in other days the home of a great sockeye family and could be such again.

BABY INTERRED

The funeral of Larry Crozier, four months old son of Mr. and Mrs. L. M. Crozier of Whitehorse, was held this afternoon. After a service in the chapel of the B. C. Undertakers which was conducted by Rev. J. B. Gibson, rector of St. Andrew's Anglican Cathedral, interment was made in Fairview Cemetery.

BABE RUTH ILL

NEW YORK, June 7.—Babe Ruth is "very ill," his bride of less than two months said today.

DISTRICT HEADQUARTERS OF PROVINCIAL POLICE MOVED TO CITY HALL

District headquarters of the provincial police are being moved from the Court House to the city police station, where Staff Sergeant Alex McNeill is in charge of both the district and city detachments. Constables Robert Gibson and Harold Raybone are the officers moved from the Court House to the City Hall.

SHRINERS AT HOLLYWOOD

For the entertainment of the Shriner at Hollywood the studios there put on an electrical pageant, a description of which was broadcast last night and came in very clearly, being relayed to station KJR at Seattle. It took place in the great coliseum, which seats 100,000 people, and it was said to be packed with spectators. Thirty-one bands took part and the music came through quite distinctly as the bands passed the microphone. Local Elks will be interested to know that there was a large float put on by the Hollywood Elks and it was accompanied by a band which played excellent music. Ralph Lapine's voice was not heard, but that of one of the potentates punctuated by the cheers of the multitude was clear.

NORMAN WATT BUILDS HOME

Norman A. Watt, who is relinquishing his duties as government agent here, but who, many friends will be glad to learn, is remaining in Prince Rupert, has purchased two view lots on Fourth Avenue at the corner of Dunsmuir Street from Dr. W. T. Kergin. Excavation has been started preparatory to the erection of a two-storey residence on the lots.

OLD LUTHERAN CHURCH HERE IS TO BE USED

Permission Received by St. Paul's
Congregation From Swedish
Church Synod

The council of St. Paul's Lutheran Church had an informal conference last night with Rev. Dr. Siebert of Chicago and Prof. Frederick of Seattle, who are making a tour of the north for the American Missions of the Lutheran Church. Rev. John H. Hanson presided at the meeting at which it was announced that permission had been received from the Augustana Synod of the Swedish Lutheran Church to use the church at the corner of Eighth and Ninth Avenues for services of St. Paul's congregation pending the building of a new church.

MORE FISH IN B. C. PRODUCED

Value in 1928 Amounted to Over
\$26,000,000, or 14 Per Cent
Increase Over Last Year

OTTAWA, June 6.—The production of British Columbia fisheries in 1928 was worth \$26,562,691, or an increase of fourteen per cent over the previous year. Salmon amounted to \$17,345,670; halibut, \$3,370,360; and pilchard, \$2,563,037.
