Public notice is hereby given that I have been appointed a commissioner by the Minister of Marine and Fisheries of Canada to investigate and report upon whether or not it is in the public interest that trap nets for the capture of salmon should be authorized in the area in British Columbia that is adjacent to the northern boundary line between Canada and the United States.

A meeting of the commission will be held at Prince Rupert on Thursday, the 18th day of April next, at the Moose Hall, commencing at 10 o'clock in the morning.

All persons interested and who wish to give evidence relating to the matter so referred to me are hereby notified of the above sitting. Dated this 4th day of April,
