

ACUTE NERVOUS EXHAUSTION

All Treatments Proved Useless Until He Tried "FRUIT-A-LIVES".

MR. JAS. S. DELGATY.

R.R. No. 4, Gilbert Plains, Man. "In the year 1910, I had Nervous Prostration in its worst form; was reduced in weight from 170 pounds to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-lives".

I began to mend almost at once; and after using this fruit medicine for 3 or 4 months, I was back to my normal state of health.

I never had such good health for twenty years as I have enjoyed the past six years. We are never without a box of "Fruit-a-lives" in the house".

JAS. S. DELGATY.

News of the Mines

Much interest is being taken in the statement made by Sir Donald Mann to the effect that he is intending to live in this province and look after his mining interests here. Before he left Stewart he told the editor of the Casiar News that he would return soon and spend the rest of the summer at Stewart.

The miners of the Portland Canal district have decided to send a mineral exhibit to the Prince Rupert Fall Fair, the same to be used later as a permanent exhibit by the Free Miners' League of this city.

The bonding of property at Alice Arm and Stewart continues. Every boat brings mining men from the south to look over properties in which they are interested or to examine claims with a view to purchase.

The Alaska Bureau of Mines is testing out a method of extracting the gold from black sand in order to save the large loss which has occurred in the past. On a recent test near Fairbanks 99 per cent of the gold was taken out.

Reports from the Kaslo district indicate that there is a great revival of mining in the Kootenay Lake vicinity.

Reports of the mining activity at Usk have caused considerable interest here, and a number of local men are proposing to go out there to investigate.

Oscar Lachmund has been appointed general manager of the United Copper Mining Co. at Chewelah. He succeeds Conrad Wolfe who still retains the presidency of the company. He was formerly in charge of the Greenwood smelter.

E. E. Campbell, mine superintendent at Anyox, has been examining the Azurite property at Stewart.

The Joker claim in the Stewart district is said to be showing high grade native and ruby silver ore. The lead is from twelve to eighteen feet wide.

Sport

On Saturday and Sunday the Anyox ball team will be here to play a game with the local nine on the Acropolis Grounds. Good games are promised for both days and the kindly feeling of rivalry between the two clubs will be a refreshing spirit.

After the young fellows have turned out and cleaned up the Market Place grounds following the visit of the Circus, the Colts and the Hungry Nine will meet in another baseball game. The last one played was very close throughout and as the Colts had several outside players on the lineup it is thought that the older boys will win.

Many lovers of angling are making up excursions to go out for Saturday and Sunday. The favored haunts are the Khtada and Shawatlans Lakes.

At last Prince Rupert is coming into her own as far as ball is concerned. Next week Wallace's team, the champions in the Vancouver Commercial League, will play the local boys here. The Vancouver men will have all the rooters that are required as the big party of business men are arriving on the same boat. Are the people here going to turn out and help the boys turn the trick. For a long time it has been the great hope of many fans to see Prince Rupert taking an active part in the Pacific Coast ball circles. At last it has been realized.
