

SCHOOLBOY HOWLERS

Two little girls writing at a school examination were required to describe certain Biblical characters, amongst which were Esau and Salome. One tackled Esau and pronounced him as "an hairy man who wrote fables and sold his copyright for a plate of porridge." The other was more ambitious and informed the world that "Salome was a very wicked woman. She took off all her clothes and danced in front of Harrods."

Here are some youthful ideas on words in our language: Stability is the art of taking care of a stable.

Misquito is a child of black and white parents.

Toesin is something to do with getting drunk.

Expostulation is a medical term for small pox.

Monastery is a place where monsters are kept.

Cannibals were the names of two brothers who killed each other.

But the piece de resistance is this—Anatomy is the human body, which consists of three parts, the head, the chest and the stomach. The head contains the eyes and brains, if any; the chest contains the lungs and a piece of the liver; the stomach is devoted to the bowels, of which there are five, a, e, i, o, u, and sometimes w and y.

Ten Years Ago in Prince Rupert

March 25, 1919

Speaking at a luncheon of the Canadian Club in the Prince Rupert Hotel today, Newman Erb, president of the Prince Rupert Dry Dock & Engineering Co., referred to Prince Rupert's wonderful possibilities and expressed confidence that Oriental steamship lines would soon be established through the port.

A letter from Hon. T. M. Pattullo, read at last night's meeting of the city council, stated that the provincial government was prepared to pay one third of the cost of a bridge connecting Section Two with the city.

The formation of a housing company in Prince Rupert is planned.

Severe Colds Always Ended in Bronchitis

Mrs. John Wilson, 143 Mamelon St., London, Ont., writes—"I have always been troubled with severe colds which always ended in bronchitis, but since taking

Dr. Wood's Norway Pine Syrup

I have no fear of this trouble, as it acted like magic, and the desire to cough was entirely gone. The soothing feeling it imparts to the bronchial tubes is simply wonderful.

"One day my husband came home with a heavy cold, but after a few doses he was entirely free of it."

EMBARRASSING MOMENTS

AFTER A LONG SLEEP STIRTING ON YOUR HANDS - YOU SUDDENLY AWARE TO HOLD YOURSELF WITH A SET OF STRANGE ARMS

THERE'S A SPLASH... the placid waters of the crystal pool take life as the pebble disappears. First a circle, then two, then six, then twelve, as if by magic the ripples race over the surface of the pool to its furthest edges.

The stone that stirred the pool to life was one of your dollar bills, the pool is British Columbia... B.C. with its industries and natural resources, you, me, and everyone. The ripples are beneficial disturbances set up by your dollar... all the elements of B.C. industry responding to replace that commodity purchased by your dollar.

What is the moral of the stone in the pool? Every dollar you spend for B.C. products helps sustain B.C. labour and all its dependent sources of production and distribution. Your own prosperity is dependent on your purchasing interest in those articles manufactured for you by your fellow men and women. Every man employed earns wages, spends wages, and keeps others employed. Demand the B.C. product! It is an expression of faith in your local industries and pride in the products of your Homeland.

This advertisement is the second of a series of advertisements authorized by the B.C. Products Bureau of the Vancouver Board of Trade in the interests of Manufacturers of British Columbia.
