INSPECTOR OF RADIO ACTIVE

Investigated Local Conditions Yesterday and Testing Shawatlans Plan Today

The executive of the Prince Rupert Radio Association last night met A. L. Gray, radio inspector, and discussed with him the whole radio situation with a view to removing local noises which interfere with radio reception. President D. C. McRae stated that he had been out a good deal of the day with Mr. Gray making investigations and he outlined what had been discovered. A test of a local source of trouble was also made at the meeting, with good results.

The possibility of some of the noises coming from Shawatlans was discussed and it was decided that Mr. Gray should make tests in that connection today.

Mr. Gray explained that in the large centres they do not worry with noises that do not interfere with reception from their local station. Here the nearest stations are four or five hundred miles away and the slightest noise interferes. His testing set was not sufficiently sensitive to do the work well here, although it was the standard set used everywhere.

Mr. Gray is proposing to leave for the south tomorrow morning, but local radio fans are hoping he will clean up most of the local trouble before he goes away.

NEW STERILIZER FOR HOSPITAL DECIDED ON

Will Cost $1314; Three-Year Contract for Laundrying Let to Canadian Laundry

The hospital board last night accepted a recommendation from the house committee that a new and up-to-date sterilizer for the operating room be purchased through Ingram & Bell at a cost of $1314. The new sterilizer will replace the old one which has been in the hospital ever since it was built and which, though it has pretty well outlived its usefulness, will be retained as an emergency outfit.

A recommendation that the Canadian Laundry be given a three-year contract for hospital laundrying was also accepted. The bid of the Canadian Laundry was $2.50 per 100 pieces of flat work; $8 each per month for nurses' uniforms; 50c for double blankets, and 35c for single blankets, subject to a 10 per cent discount for a three-year contract. The Pioneer Laundry bid $2.65 on flat work, $8 on nurses' uniforms, and 60c and 30c on blankets. It was estimated that $30 or $40 a month would be saved as a result of the discount.

Ald. W. M. Brown, chairman of the house committee, also reported that a bell system and blinds were being installed in the recently opened basement ward.
