

WHY RISK LOSS?

THE Dominion of Canada offers you every safeguard for your investment in Thrift and War Savings Stamps.

Your postmaster will register every War Savings Stamp for you, and if they are lost by theft, fire or other cause, you can still obtain your money, with the accumulated interest, at the office where the stamps were registered.

Sixteen 25-cent Thrift Stamps will buy a \$4.00 War Savings Stamp worth \$5.00 in 1924.

DAVID H. HAYS, 2nd Ave. and 2nd St.

WILL ENTERTAIN THE VISITORS SATURDAY

Grant Made by City Council to Help Provide for Those Who are Coming.

At the meeting of the City Council last night it was decided to make a grant of \$300 to the Board of Trade for the purpose of entertaining the distinguished visitors who are expected from Vancouver and Victoria on Saturday.

There was considerable opposition to the grant but it was pointed out that the city stood to gain a lot from the advertising she would get. Not only were the prominent members of the Boards of Trade of Vancouver and Victoria coming, but representatives of the larger newspapers would be with them. Preparations were being made to entertain them in good style at Telkwa, Smithers and other points along the railway and Prince Rupert ought to do likewise.

GIRL WHO WAS MICKEY NOW PENELOPE PECK

Mabel Normand May be Seen in New Role at Westholme Theatre Tonight.

Mabel Normand as "Peck's Bad Girl" is a delight. It is one of those spirited comedy-dramas which delight Prince Rupert audiences. Since the showing of "Mickey" this famous movie actress has been in much local favor and she is extremely good as Mabel Penelope Peck in the picture which is to be shown a second time at the Westholme tonight.

Those who attended last night's show saw the same girl but with brand new pranks and plenty of life. She has all sorts of experiences including a love adventure in which she finally wins the man, or the man wins her, whichever way you put it.

FIRE PROTECTION AT THE OIL DOCK

The mayor was authorized by the City Council last night to telegraph to the head office of the Imperial Oil Company demanding that an engineer be put on at once to keep the steam plant in operation for fire protection purposes.

The matter came up on consideration of the report of the fire chief. The Council seemed to be a unit in favor of having steps taken to provide against danger from fire.

ALICE ARM

A. L. Carruthers, district engineer, and Geo. A. Young, road supervisor, were in Alice Arm the latter part of the week looking over work being done on the trails.

Mr. Skoglund and Victor Hanson have returned from the southern part of the province where they have been employed during the past three months.

J. Morrison arrived from Victoria Thursday. Mr. Morrison has mining interests in the district to which he will give his attention during the summer. Mrs. Morrison is expected to join her husband the first of next month.

The launch Wake left Alice Arm Saturday morning with a large picnic party for Hayden's logging camp. A very enjoyable time is reported.

A baseball game is scheduled for the home grounds between Anyox and Alice Arm Sunday afternoon.

The speed boat Sundog arrived at Alice Arm Saturday evening with a number of passengers from Anyox who spent a few hours enjoying the clear atmosphere and green fields in this vicinity.

It is reported that rails will be laid to the Dolly Varden Mine by Monday the 21st.

The Dolly Varden trout are biting anything from a red rag to spoons and fly. Every day numerous strings are brought in from the Illiance river and the nearer waters of the Kitsault.

STRIKE SETTLED

London, July 21.—The strike of engineers and signalmen on the Great Northern Railway system, which began last Wednesday, has been settled.

Sport

To many people the idea has been quite common that Hays Creek has been dried up. However, this does not seem to be the case for on Sunday afternoon a boy caught a fine 14-inch cut-throat not far from the McBride Street bridge.

Percy Tinker was the winner of the 100 yards dash at the merchants' picnic on Saturday. In three heats he was first in all. Percy is an all round field and track man and before going overseas was one of the city's leading sport promoters.

Stephens, the first baseman for the Anyox ball team, was a great favorite with all the fans here. Although his batting was not very high yet he played a good first base game. There have been very few errors against this player during his career and when he started the game with Arnold and Quigley in Vancouver was of the same jolly nature.

A good turn out of football fans is expected at the St. Andrew's rooms tomorrow night when arrangements will be made for the drawing up of a football league and the possible dates of playing arranged. There are enough organizations interested to at least form four teams so that the schedule drawn up ought to prove of interest to all.

There have been many baseball promoters who have been anxious to keep the season on for 154 matches instead of the 140 as was decided at the opening of the schedule. The season will hold as it was originally drawn up and will close September 30th.

Baseball.

American League—Cleveland 5, Philadelphia 7; Detroit 8, Boston 2; St. Louis 5, Washington 4; Chicago 7-5, New York 6-4.

National League—Boston 7, St. Louis 6; all other games postponed, rain.

How Everyone Can Help

THE Government has developed a liberal and broad plan to help soldiers settle on farms. It is securing land. It is granting substantial loans. It is obtaining advantageous prices on equipment, implements, building materials and live stock. It is providing agricultural training and farming supervision.

That is as much as the Government itself can do.

But the plan needs more. It needs a community spirit of co-operation.

Already Provincial Governments, Universities, Farmers' Associations, and Veterans' Associations are giving valuable assistance. Many manufacturers and sellers of farm supplies have agreed to allow the soldier settlers special prices. Many successful farmers have willingly worked on Qualification Committees which have to pass on the applicants. Men who have had experience in lending money on farm property are serving on Advisory Loan Committees, judging land values.

But even such practical assistance is not enough. In each community farmers can be of real service to the soldier settler. They can give him advice about local conditions. They can lend him an extra horse or plough, give him a day's help at seeding or harvest time, and extend to him that friendly, neighborly, respectful spirit which he deserves.

In this way Canada is performing a double duty. It is discharging, as far as possible, the debt we owe to our soldiers; and it is adding to the country's chief industry a body of competent, willing producers.

Full information about lands and loans for soldiers will be sent on request to the Provincial Superintendent, Soldier Settlement Board,

Rogers Building, Vancouver, B. C.

"The distribution of soldier settlers in settled rural communities will be of material assistance to the less experienced settlers in that they can get advice and assistance from their neighbors." Farm and Dairy, Toronto
