As a striking example the editor has a land of their adoption, good At Peace River we learned that cat which ordinarily runs away from a dog, scampering up enough to live in. was also good it is not always necessary for the a tree or post upon the approach of the enemy and sup- enough to fight for. plying many of the canines of the neighborhood with ex- "We had a hard tame data to secure land. We heard, for many of the canines of the neighborhood with ex- post-war period," Mr. Miller ad- stance, of the Debolt brothers-

But the cat is not always the victim of the sporting railroad, prices slumped, and ed eight miles northeast of Peace proclivities of the neighborhood dogs. The arrival of a local demand fell away to nothing River town in 1922, coming from batch of kittens changes her mental attitude. Her out-But it's different these days, with Humboldt, Sask. look on life is different. She no longer fears dogs and it had produce, and people coming is doubtful if she would run, even from a bear. Not only into the country the way they are does she stand her ground, but she becomes the assailant doing now." instead of the assailed. She follows dogs ten times her Then there was the man who Didn't know a thing about it, but size and if they do not hurry out of the yard she leaps on yearned for trees. their back and they go howling over the fence and down "Prairie prairie everywhere with a little help, we'll cut over the street without so much as a look behind. Pussy then not a tree, scarce even a bush, returns proudly with tail in the air and with perfect poise, fed up. I'm going where there's turning now and then to see that no other enemy is in trees ses I to myself-an' here I sight, mistress of the situation. Very soon the neighbor- am." hood dogs learn that she is not a cat to be chased and look Bill Brice, ex-Kansan, loosethe other way when passing the house.

But when the kittens have gone everything is again boads of sweat from his seamed This year, they've contracted for changed. The dogs seem to know of their absence, raid face, and amiled contentedly. the place with impunity and the old cat scampers away as we had noted, out on one of the tractor, their third using a new if she was the most fearful creature in the world.

What causes the change? It is undoubtedly a change Hvthe, a tattered old tent lording in the mental attitude. In one case the cat is whipped cut tree stumps—a dilapidated car before she begins. Her very demeanor indicates it. In -a weather-beaten wagon and the other victory is in her mind. Her very attitude is a some rusty form gear, and we warning to enemies and she knows that she is in a posi- "happened over" to pay a call. tion to follow it up. She is no bluffer. Yet without the mental stimulus of being a mother she is whipped from this place to make a real livin'. the start.

THE INSULT

Elevators Increase in Number from 22 to 120 in Peace River Country and Crops are Large An ding Season Commences

Settlers Tell Why They Chose This District to Homestead; Find It Finest Producing Area on Continent With Ideal Conditions for Prosperous Farming

By H. F. MULLETT

EDMONTON, May 24. — In the fall of 1923 there were 22 elevators in the whole of the Peace River country. On March 1, 1929, there were 120 elevators—and more are building.

The total crop of all grains in 1924 was 3,795,180 bushels, of which wheat was 1,039,500 bushels. The 1927 crop of all grains was 10,805,630 bushels (wheat 4,665,350)

bushels), while the 1928 crop, -Saturday, May 25, 1929 with a year of exceptional dry- claimed them, and they have no ness followed by killing frosts, regrets. They farmed for 22 was 8,531,200 bushels despite this years in Montana. handicap.

In 1924 a total of 169,370 acres tries in either the United States was under cultivation. In 1928- or Canada," declared the genial acres were in summer fallow, and there'll be a house on every quarthere were 50,000 acres of new ter section round here in the next
