LIBRARY BOARD HEARS REPORTS

At the meeting of the Museum Board last night, Alderman Dibb presiding, the report of the librarian for the month of July was read, showing 35 new borrowers and 22 cards cancelled, leaving a total number of registered borrowers at 2,788.

Books were added to the collection, 79 by purchase and 11 by gift, while during the same time, 35 were discarded. The total collection now numbers 6,835 volumes.

Those present, in addition to the chairman were P. Linzey, secretary, Mrs. Kirkpatrick, Jas. Black and H. F. Pullen.

The librarian is at present away on a holiday, making a trip to the Yukon Territory and the library is closed until she returns.

BURNS LAKE

Ernest Stanyer returned from Cranberry Portage, Man., last Thursday. He reports that Ed. Peterson is located there and that he wishes to be remembered to all his friends in this district.

L. O. Ford and wife of Chilliwack, who operated a dairy farm at Francois Lake for a number of years and who left here about five years ago, were visitors at the home of Mr. and Mrs. J. R. Walker for about a week. While here they also visited other friends in the district. They returned to their home by auto last week.

Mrs. S. McGregor returned this morning from Rochester, Minn.

The Burns Lake Garage has had a gang of men on the job for the past two weeks finishing the exterior of the building in fireproof asbestos shingles.

The Letter Box

QUICK ACTION NEEDED

Editor, Daily News:

The time is passing rapidly and nothing seems to have been done in regard to the lights asked for in order to allow vessels to use Hecate Straits in coming into Prince Rupert and thus take the first step toward removal of the differential against this port.

The present light on Bonilla Island, I understand is not of sufficient power and a light is asked for Butterworth Rocks. These two would enable vessels to use Brown Passage in perfect safety and I believe this is all that is required by Lloyds before they grant insurance rates the same as coming in through Dixon Entrance.

The lights would be of great value to fishermen and others as well as for deep sea vessels as all who pass in that direction will use them to great advantage.

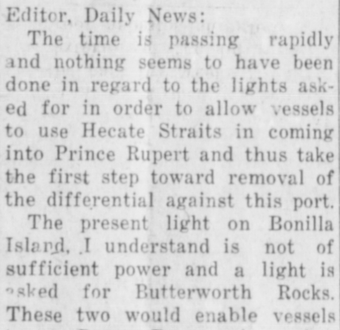

We are laying great stress on the building of a road which will cost millions but these improvements will cost comparatively nothing in comparison.

If anything is to be done this year, it must be done at once, as all know it will be impossible to do the work in the fall or winter when the weather is bad.

I think further action should be taken in regard to this at once by the Board of Trade and City Council as it means so much to this port.

PAUL ARMOUR.

WILD ORCHIDS VIVID STORY EXOTIC JAVA

San Francisco's famous waterfront was reproduced at the Metro-Goldwyn-Mayer studios for one of the big scenes in "Wild Orchids," Greta Garbo's latest starring production which is now showing at the Capitol Theatre.

So realistic was the set, according to Sidney Franklin, the director, that he and the cast expected the San Francisco fog to roll in at any minute.

Nils Asther and Lewis Stone play the supporting roles, Asther as Miss Garbo's lover and Stone as her husband, in this picturization of John Colton's vivid story of tropical romance in exotic Java. It is a drama of stormy passions and the struggle of a beautiful woman caught in a situation that attracts her even as it repels.
