"Listen to that car spitting and choking! That's nothing but poor gas and oil. Believe me, I never have that trouble with my car—I've tried them all and I'm convinced there's no gas or oil can touch that refined in B. C. There are over 600 men employed in refining petroleum products in B. C. and for cold weather, warm weather, pick up and mileage per gallon, their products are superior to all others."

### UNCLE TOM'S CABIN HERE

Famous Play Is Greatest Human Drama Ever Screened; Took Two Years to Make

"Uncle Tom's Cabin," the picture which took two years to make and which cost two million dollars, opens here tonight and plays for the rest of the week at the Capitol Theatre. Taking part in it are a score of star principals and a cast of many hundreds. It deals with the great human dramas of passion in a story that will live for ever. An epic in its sweep, mighty in its magnitude, nothing has yet been on the screen equal to it.

Reading the story does not give the idea like witnessing the real true story as seen in all its dramatic thrill and intensity in this film. The audience laughs with Topsy, cries with little Eva, hates Simon Legree, pities Uncle Tom, and shudders at the stark realism of Eliza crossing the ice. It is a veritable screen sensation.
