

Man in the Moon

The letter H seems to have been invented for the English people to have something to play with.

For the English drop their H's
And the French ignore their T's
While the Yankees make their navy strong
For the freedom of the C's.

This has nothing to do with the Scotsman who refused to pay for his alphabet soup because two of the letters were missing.

If this sort of weather continues Prince Rupert people will need to save up for a rainy day.

The modern businessman is the one who throws all circulars into the waste basket and then buys more circulars for other people to throw into their waste baskets.

A lot of people are like cows. They stand still while the milking goes on.

People who always know what will be the trend of the stock market, how the elections are going, what the Government should do and how the neighbors should raise their children, are the ones who cannot pay their own rent, or train their own children.

The Doukhobors seem to have chosen a poor time of year for their nude demonstrations.

The Douks parade
I am afraid
Will too attractive be
For people who
Want something new
Which they may go to see.

Think what an asset it would be to Grand Forks to stage regularly some of these scraps between provincial police and wild Douks. Too bad Tex Rickard is gone. He would have seen the value of the show. The difficulty would be to find an arena large enough to accommodate the crowd.

Ten Years Ago

January 29, 1919
The American haibut boats Eidsvold and Alvid, in today with catches of 24,000 pounds and 18,000 pounds, respectively, reported very rough weather off the west coast of Queen Charlotte Islands. The severity of the elements has hampered fishing.

H. C. Nunan, manager of the Atlin Fisheries at this port for several years, has been appointed to the post of manager of the New England Fish Co. at Ketchikan. James L. Lee will be his successor here.

As a result of the efforts of F. M. Dockrill, a start is being made in shipping Bulkley Valley wheat to the Vancouver flour mills. It is rumored that a flour mill may be established at Prince Rupert.
