FIRE DANGER AT OIL TANKS IS DISCUSSED

Engineer Went on Strike, Causing Shut Down and Position No Longer Open.

The question of the employment of an engineer at the Imperial Oil Company's tanks was discussed last night by the City Council at some length. G. A. Woodland, the manager, was present and explained that the letter which the City Council had sent to the Vancouver office had been returned to him and the matter left to his discretion.

In outlining the history of the case Mr. Woodland said that they had an engineer named Dawson employed to keep steam up in the boilers. There was little to do, but during the recent strike he had gone out and remained out for a month and no objection had been made to the steam not being up. He had decided now that he would not keep the boilers going as if it was all right to shut down then it was all right now. There was no danger from fire and if one occurred the steam would put it out. The only thing they could do would be to sit on the fence and let it burn. The engineer had not been dismissed, he had left.

A Coincidence.

It was a curious coincidence that shortly before the matter came up in Council Montgomery had rung up and asked about filling the position.

Alderman Casey said that he refused to hold his position as alderman and be subject to the dictation of the Imperial Oil Company. He moved "That the City Solicitor be instructed to proceed forthwith to protect the adjoining property from fire." The resolution was defeated, but Alderman Casey declared that he would bring it up every night.

VARIED PROGRAM AT THE WESTHOLME

Fishing on the Coast of Japan and Scenes Along the Tagus As Well as Big Features.

There are some interesting pictures showing fishing on the coast of Japan and scenes along the Tagus river, at the Westholme tonight. The British Gazette is also very interesting. King Teddy is shown laughing and there are many other interesting pictures.

Big Bill Hart is seen to advantage in "The Border Wireless" a strong play with plenty of action. The Harold Lloyd comedy is the funniest yet.

O. HENRY STORY AT EMPRESS THEATRE

Willard Geddie, who boasts more of family than fortune, is much in love with Ida Payne, and she with him. But Mrs. Payne has other ambitions for her daughter and asks him to forget all about Ida "at Ida's request." Geddie accepts his dismissal without any verification from the girl, and takes a job as consul in Coratio, South America. He undergoes an infatuation for a beautiful native girl and imagines he has forgotten all about Ida.

That is only the beginning of the O. Henry story played by Earle Williams and Grace Darmond in "An American Live Wire." The film is to be seen tonight at the Empress Theatre.

SCHOOL BYLAW

Measure to Provide for Raising \$150,000 for New Building Passed First Reading.

The schools bylaw providing for the raising of \$150,000 was introduced at the meeting of the City Council last night and read a first time.

The proposal is to erect a permanent school building on Acropolis Hill in order to relieve the present overcrowding and to make provision for the natural growth of the population.

The bylaw after it passed the City Council will have to be approved by the rate-payers before it becomes law.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$100 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.
