As a "esult of the day's activity the sum of \$40 was netted.

Perspiration Odour so unpardonable so easy to banish

What quality is so attractive as personal charm . . . and what social fault so obnoxious as perspiration odour.

Every person perspires, of course. It's natural, it's healthful. Physicians say the perspiration of the average person measures between one and two pints daily. Nature takes this way of ridding the body of impurities through the millions of tiny pores of the skin.

But perspiration need not be objectionable. Lifebuoy Soap, used in the bath, banishes the odour. Lifebuoy's creamy, mild lather not only cleanses, but also purifies the pores - anti-

septically - and keeps them sweet, open and breathing.

Make sure of avoiding the needless social error of perspiration odour. Use Lifebuoy Soap, for hands, face and bath.

Low in price - wonderful in results.
