

ONLY FEMALE COMPETITOR AT CANADIAN BISLEY

Above is Miss Mavis Downey, of St. John, N.B., who was the only female competitor at the Dominion Rifle Association M et which finished recently at Ottawa. Miss Downey is shown above shooting at the 800-yard range at the Connaught Ranges.

Athletics Beat Chicago Again

Chicago Cubs' Pennant March Delayed Yesterday By the Phillies

NEW YORK, Sept. 14.—Al Simmons hit his thirtieth homer of the season in the eighth with two on board to give the Philadelphia Athletics the victory over Chicago White Sox yesterday.

The St. Louis-New York game was postponed on account of rain.

In the National League, the Phillies delayed the pennant march of the Chicago Cubs. Rogers Hornsby got his thirty-sixth homer of the season.

The New York-Pittsburgh game was rained out.

Yesterday's scores:

Table with 2 columns: Team, Score. National League: Brooklyn 4, Cincinnati 2; Philadelphia 7, Chicago 6; Boston 2-3, St. Louis 3-5.

Table with 2 columns: Team, Score. American League: Chicago 2, Philadelphia 5; Cleveland 3, Washington 4.

BIG LEAGUE STANDINGS

Two tables showing league standings for National League and American League with columns for W, L, Pct.

YACHT CLUB MEMORANDUM

Does Not Object To Industries Here but Desires Protection of Interests

The following memorandum was presented to the Board of Trade last night by George G. Bushby, on behalf of the Prince Rupert Rowing & Yacht Club.

I have been asked to represent the executive committee of the Prince Rupert Yacht and Rowing Club, an institution comprising 80 members of this community, while it is no exaggeration to say that during any one year practically one-half of the population of Prince Rupert derives some benefit from the club.

The club has floating property valued at \$6000, while the valuation of the fleet amounts to about \$100,000, and a club house to cost about \$10,000 is contemplated.

The yacht club is one of the oldest institutions on the waterfront, having been established over 17 years. It is a self-supporting club, asks no favors from anyone, gives a yearly entertainment at its own expense in the form of yacht races, and is the mecca of visiting yachtsmen from all over the Pacific coast.

Owing to the lack of roads here, the only recreation open to our people lies on the water, the yacht club being a most important factor in this direction.

The citizens certainly recognize the necessity for means of recreation, as evidenced by the large sums of money which have been expended upon the playgrounds of Acropolis Hill and other places.

We are in no manner opposed to the establishment of industries; on the contrary, we welcome them, and as a body you may be assured that we will do all in our power to further them, but we feel that we must take some steps to protect our very important interests, and we consider that we cannot stand idly by and allow the disintegration of our old established club, as will undoubtedly be the case in the event of the granting of waterfrontage to the proposed cold storage plant.

We feel that there are other and more desirable sites available for the establishment of a cold storage plant. We understand that in Block H., owned by the provincial government, and a very short distance west of the Canadian Fish & Cold Storage plant, there is a site most suitable for a new storage plant.

Other Site If the present cold storage finds its location good enough to do a fishing business in surely the new concern could find no complaint, in fact, its close proximity to the older plant should work doubly to its advantage.

Again, the assessed value of a

site in Block H. would be far less than that in Cow Bay site.

In Block H. there is city power, light and water, while there is a first-class road to Seal Cove, and it would be a very expensive matter to extend road facilities to the new plant.

Again I repeat that the executive committee of the yacht club does not desire to stem the march of progress, but it desires to point out to this board that the physical comfort of the people and adequate means of recreation are as important to the bulk of the people as would be the proposed plant, for possibly an equal number of persons derive benefit from the yacht club as would benefit from the establishment of the new concern.

We ask this board to consider the matter carefully before passing the resolution now before it.

Sport Chat

They are catching their ivory younger every day, observes Andy Lytle facetiously in the Vancouver Sun: Joe McCarthy recently signed up a lad of 13 for his Cubs.

That may have been a grand gesture toward the ballyhoo seemingly necessary to sustain interest in baseball, but, in any event, the kid was signed to a Chicago contract. But Wilbert Robinson has gone McCarthy one better. It leaks out that he has signed "Babe" Herman II, a son of the National League's leading batsman, for the Brooklyn Robins.

Terms of the signing are not, of course, revealed, but it is rumored that Uncle Robby, who is a shrewd bargainer at all times, got him for two ice cream cones and an all-day sucker. Robby has let it be known he does not intend to use his latest rookie next season, although circumstances may yet compel him to do so.

Grover Cleveland Alexander recently broke Christy Mathewson's all-time National League record for wins, by notching his 373 victory and putting "Big Six" in second place. He believes he is good enough to linger around for two or three more years and possibly overhaul Walter Johnson's American League record of 411 wins. However, there is one record that Alexander hasn't a chance of overtaking. Cyrus Denton Young compiled the astounding total of 511 winning games. This is almost as many games as Alex and Matty pitched, including both their winning and losing contests.

ELKS' DANCE BIG SUCCESS

Two Hundred Persons Attended Event Last Night in the Moose Hall

The dance given in the Moose Hall last night by the local Elks in honor of visiting Brother Bill from Anyox was a great success.

Splendid music was dispensed by Al Small's Orchestra from 9 p.m. until 2 a.m. and, even then, the crowd was loath to disperse. George Mitchell had general charge of the affair and Bill Mitchell was master of ceremonies. Delicious refreshments were served.

A Daily News want-ad will bring results.

RUPERT WINNER

Took First Match From Anyox By Score of Six to Five Last Evening

A fine brand of baseball was turned in last night in the first meeting here of Anyox All Stars and Prince Rupert Elks in their three-game series which will be continued this afternoon and Sunday.

First one side and then the other was ahead. Anyox scored one in the first but had dropped behind by the fourth when F. Mattix drove a liner into a parked car which went for a homer with one on board, the smelter town then going into the lead.

Herman Loblick pitched a good game for Prince Rupert with Dido Garvich behind the bat. Johnny Lazerek also did good mound work for Anyox with Roy Somerville receiving them.

Stan Moran was umpire of balls and strikes while Pete Laporte presided on the sacks.

United States and Germany Exchange Radio Programs

NEW YORK, Sep. 14.—Germany has been added to the countries with which the United States plans in exchange of radio programs. Experiments are to be started immediately as a result of the visit to this country of German radio officials. Tests have been under way for some time with the hope that a plan of international program exchange would be in effect this fall.

Repair work has commenced on the Terrace streets, L. Benoit having the contract to put 150 loads of gravel on Kalum Street, while Cameron and Williams are putting 100 loads on Lakelse Avenue. The contract price in each case is one dollar per load.

VANCOUVER WHEAT

VANCOUVER, Sept. 14.—Wheat was quoted on the local exchange today at \$1.40 1/4.

Little Girl Wins Musical Prize

Six-Year Old Josephine Blake Barred From Children Class So Plays With Adults

(By The Canadian Press) TORONTO, Sept. 14.—Little six-year old Josephine Blake was not discouraged because she had practiced a "Lullaby" for the Canadian National Exhibition violin contest under nine years, but was not allowed to play, as it should have been a "Cradle Song" by the same composer.

Exhibited Work Not Their Own

Toronto Exhibition Sends Questionnaire to Women Suspected

(By The Canadian Press)

TORONTO, Sept. 14.—Two answers have been received to the letters sent out by the exhibition authorities to women suspected of showing work other than that done by themselves at the C.N.E. this year.

One woman acknowledges that the pieces asked about were not her own and apologizes for showing them. She explains that she had not read the rules and therefore was under a misapprehension. The pieces were given to her and she thought them lovely so she entered them.

Another woman answers the letter, but not the questions. She does not acknowledge that any piece questioned is not her own work, nor does she enclose the required declaration that it was. So a second letter has gone to her.

District News

TERRACE

Mrs. Harrigan returned on Monday after a short trip to Prince Rupert.

Mr. and Mrs. Geo. Bowie of Smithers and Mrs. J. R. Adams of Ukwere were visitors in town on Monday.

C. R. Gilbert returned at the end of the week following a short business trip to Vancouver. Mrs. Gilbert and her sister, Miss Porter, of San Jose, Cal., are expected home the first of next week.

Mrs. J. K. Gordon returned on Monday from Prince Rupert.

Mrs. Maxam arrived from Prince Rupert on Monday.

Activities in connection with the fall fair comprised the chief business handed by the Terrace Women's Institute at their monthly meeting held on Tuesday afternoon. Three new members joined during the meeting, bringing the membership up to 47.

Duke Harris of Hazelton was a visitor here at the beginning of the week.

Miss K. Morrison of South Vancouver, judge of the ladies' sections, E. W. White of Victoria, fruit and vegetable judge, and S. E. Waby of Victoria, poultry judge, arrived from the interior on Monday, where they have been judging at the Fort Fraser Fair and will be here until after the Terrace Fair on Friday.

J. J. Hattie of Anyox was a visitor here at the week-end.

A. J. Watkinson was a visitor here from Prince Rupert during the week.

H. M. Willson is moving his present restaurant building across Lakelse Avenue, on to the back of the Bank of Montreal lot and intends building a larger building for his restaurant business, as well as living rooms in connection with it.

AIDS FOR SHIPPING

Necessity for Improvements to Be Impressed Upon Visiting Federal Minister

The Prince Rupert Board of Trade decided at its meeting last night to have Capt. J. R. Elfert, harbor master and port warden, take up with Hon. Dr. J. H. King today the matter of various aids to navigation at the entrance to this port which have long been sought but without success.

It will be pointed out to Dr. King that shipping is now barred by the underwriters from using Hecate Straits, which is unlighted, and that, to reach this port, it is necessary to go the 110 miles greater distance, as far as European shipping is concerned, via Dixon's Entrance. The differential between here and Vancouver would be cut in two if the natural passage via Hecate Straits could be used.

Establishment of a light ship at Zoae Spit and direction-finding station at Langara Island will also be urged upon Dr. King as aids to the Dixon's Entrance route. It will be pointed out that a Belgian line had signified its intention of running boats here if these improvements were made.

President Gonzales referred to the tremendous amount of time Mr. Pillsbury had again given in preparing this excellent memorandum. He felt that the thanks of the board were indeed due Mr. Pillsbury. The matter was a very important one, affecting shipments of wheat from the port. He knew of no better person to take the matter up than Captain Elfert, particularly since Mr. Pillsbury was out of town.

On motion of S. E. Parker, seconded by Capt. W. P. Armour, the president was authorized to delegate Captain Elfert to take the matters up with Dr. King.

WEATHER REPORT

Prince Rupert — Foggy, calm; temperature, 50. Terrace—Clear, calm, 50. Rosswood—Clear, calm, 42. Alyanah—Clear, calm, 48. Alice Arm—Clear, calm, 50. Hazelton—Clear, calm, 51. Smithers—Clear, calm, 55. Vanderhoof—Clear, calm, 54. Quessnel—Part cloudy, calm. Eighth Cabin—Clear, calm.

GETTING ALONG

Nervous Gentleman: "Do you think I am improving in my walking?" Diplomatic Lady: "Oh!—Yes, you are certainly making vast strides."

RAILWAY MEN COMING WEST

After American Passenger Train Meet at Winnipeg

MONTREAL, Sept. 14.—An agreement among the railway of the Canadian National Railway for Chicago, on their way to Winnipeg to attend the seventh annual convention of the American Association of Passenger Traffic Officers, were: S. Murdock, assistant passenger traffic manager, Seaboard Air Line Railway, Norfolk, Va.; A. Smith, retired passenger traffic manager, Northern Pacific Railroad, S. Paul, Minn., a past president of the association; W. Callahan, traffic manager of Norfolk and Washington Steamboat Company, Washington, D. C.; A. A. Gardiner, general passenger agent, Canadian National Railway, Montreal, and J. H. W. vice-president and general manager, Quebec Central Railway, Sherbrooke, Que.

At Chicago they will be joined by H. H. Melanson, general passenger traffic manager, Canadian National Railway, who is completing arrangements for a special train which will carry delegates from Chicago to Winnipeg and from Winnipeg to the convention is over, to Jasper National Park. Mr. Melanson is first vice-president of the association.

The chief passenger men of railways of North America will attend the convention, which will take place on September 16 and 17. Following the convention, railway men will make a tour of Western Canada on the Canadian National special and will spend time at Jasper Park Lodge.

This is the RIGHT TIME TO BUY

You'll save a lot of trouble and expense later if you have your car properly equipped now. Look to your tires first. No time like the present to buy a set of these sturdy long-wearing tires. Each best at the price.

Why Farmers Prefer Endowment Insurance

HAVING insured farmers for nearly sixty years, we do not know of any group of men to whom life insurance has been more beneficial. Our experience has been that the average farmer lives out the term of his policy, and profits personally from his thrift.

The most popular policy with farmers is the Endowment Policy. It is generally bought for the amount of any mortgage that stands against property, so that funds to pay off the mortgage will be available at maturity; or in the event of premature death.

Every farmer who is physically fit should own life insurance, and if he buys a Confederation Life policy we can and will arrange for premiums to be paid at convenient times.

Write for a pamphlet entitled "Wm. Matheson Was a Farmer." It tells of his experience with a Confederation Life Policy guaranteeing Total Disability Benefits. Address:
