Better Pay The Price

Don't be tempted to choose jewelry or watches too cheap.

Far better to pay a fair price and know exactly what you are getting.

That's been said so often that everybody by this time should know it—and yet there's lots of cheap jewelry in the land.

If you would like quality—come here.

And even at that no person ever said our prices were unfair.

DADDY CAN NOW EAT ANYTHING

He dearly loved a rich tit-bit. The spirit was willing, but the flesh was weak. Whenever he ate anything rich, his boys used to say, "Poor dad, he will pay the penalty to-morrow." Read the sequel in his own words:—

"Since taking the regular dose of Kruschen Salts it is quite different, and my boys enjoy themselves seeing me eat what I dare not touch before. My eldest son was the same, but since he has taken Kruschen Salts he can eat and enjoy whatever is put in front of him."
Modern artificial conditions, errors of diet, overwork, lack of exercise, and so on, are bound to have injurious effects in the long run providing due precaution is not taken.
Kruschen Salts should be your safeguard. Besides cleansing the body of impurities gently, surely and painlessly, they possess a vital power of giving new life and vitality to the countless millions of cells of which every body is composed. That is why physicians never hesitate to recommend Kruschen Salts.
