Local and Personal News In Brief

NO OTHER WAY

There is no way you can judge the quality of a prescription except by the integrity of the pharmacy that prepares it. Conversely, if you know the integrity of the pharmacy, you also know the quality of the prescription they will dispense.

For twenty years, Ormes have been Prince Rupert's leading prescription drug store-such continued patronage would come only if it were deserved.

To Check Flu-Grip

Fight the Germs with Vapors Before They Can Get a Start

Treat All Colds Promptly But Be Careful Not to Disturb the Digestion With Too Much Dosing

While Flu is so prevalent everyone should take precautions to prevent its further spread. Flu is generally accompanied by a headache, burning eyeballs, and aching joints. But it begins so many times with just an ordinary cold.

Too often, the colds are neglected until they have lowered the vitality and permitted the lurking germs of influenza, or pneumonia to "get a foothold."

The only safe plan is to attack a cold at the very start. A hot bath, a laxative, and a vigorous application of Vicks VapoRub on the throat and chest at bedtime, will usually break up a cold overnight.

External Treatment Best

For hours after Vicks is ap- to crowds. plied, its ingredients, time tested remedies, such as camphor, menthol, eucalyptus, thyme and turpentine, are vaporized flamed air passages. At the

through the skin like an oldfashioned poultice, "drawing out" tightness and pain, and helping the vapors to break up the congestion.

Avoid Upsetting Stomach This simple external treatment

cannot disturb your digestion as too much "dosing" is so apt to do. This is doubly important when "flu" is around, for your stomach, as well as your respiratory organs, must be kept in good condition in order to keep your body resistance at its highest level.

For this reason, too, mothers prefer Vicks for children. It can be used freely and often, even on the youngest child, with no fear of upsetting a delicate

To Help Ward Off the Flu

When influenza colds are prevalent, you can often prevent infection by snuffing a little Vicks well up the nostrils every night and morning, or before exposure

by the warmth of the body, and inhaled right to the insame time, the ointment acts OVER TX MILLION JARS USED YEARLY
