At all times we have on hand a large stock of parts that can be shipped to all Dealers or Distributors for CHRYSLER Cars, FEDERAL Trucks, or to any Service Garage needing parts for the above two products, or for any Chrysler product.

We would prefer to ship from Calgary. Our largest stock of parts is maintained here. This will save Dealers, Distributors and Garage men considerable time if they have not the part on hand, or cannot locate it in their particular community, rather than sending direct to the factory.

### FIRE OCCURRED AT SHERATON

The train crew of the Canadian National westbound freight noticed flames breaking out of the residence of Fred Saranovich at Sheraton at 1 p.m. yesterday. The train was stopped and the crew managed to get the fire under control, confining it to one room and saving the rest of the building.

Gus Tycho, inspector of the C. N. Telegraphs, reported by telephone that there was nobody at home at the time of the fire.

Fred Saranovich is one of the very early settlers at Sheraton, having arrived in the country during the railway construction.

### LOCAL JEWELLER BUYS BANKRUPT STOCK

Early in the year when the old and well known jewellery firm of Ellis & Co. of Toronto was obliged to make an assignment, the news came as a great surprise and shock to the jewellery trade of Canada.

The stock was finally turned over to W. N. Stock of Toronto, who is disposing of it to the retail jewelers in various cities at a rate on the dollar.

While in Vancouver last week, John Bulger met the representative and purchased what he considered the choicest of the stock.

Part of the purchase has already been delivered and the balance will soon arrive from Toronto.

The purchase includes many of the most catchy novelties created in the past twelve months and will be sold in Prince Rupert at considerable saving to the people.

Advt.

Business at the regular monthly meeting of the St. Andrew's Society last night was largely of a routine nature. It was decided to hold another Scottish dance in the near future. Howard Steen, president of the society, occupied the chair.
