THERE'S A SPLASH . . . the placed waters of the crystal pool take life as the pebble disappears. First a circle, then two, then six, then twelve, as if by magic the ripples race over the surface of the pool to its furthermost

The stone that stirred the pool to life was one of your dollar bills, the pool is British Columbia . . . B.C. with its industries and natural resources, you, me, and everyone. The ripples are beneficial disturbances set up by your dollar . . . all the elements of B.C. industry responding to replace that commodity purchased by your dollar. What is the moral of the stone in the pool?

Every dollar you spend for B.C. products helps sustain B.C. labour and all its dependent sources of production and distribution. Your own prosperity is dependent on your purchasing interest in those articles manufactured for you by your fellow men and women. Every man employed earns wages, spends wages, and keeps others employed. Demand the B.C. product! It is an expression of faith in your local industries and pride in the products of your Homeland.
