That the city is being flooded with catalogues trying to sell! P ince Rupert radio fans instruments which will be delivered by express, is reported. Some of than the ones offered locally, but Program. before taking such a step as ordering, it might be well to think it over carefully.

It is pointed out that the lineal vocal. being handled locally are all of standard makes. They are made vocal selections. by reliable firms and the local 12:00-Late News Flashes. dealers stand behind them and in many cases give service that can- tions. not possibly be purchased by mail. If the sets are unsatisfactory, they take them back or exchange them.

It all comes down to this, that in buying from local dealers local people can depend upon getting the best instruments that are ou the ma ket and they take no risks By buying with firms not represented here, they are taking chances and miss a good deal of local servicing.

It might also be mentioned that the standard makes are sold at exactly the same prices here that are charged elsewhere.

CHANGE IN PROSPECTS

Local Receiving Sets Vary a Good Deal From Various 7:00-Clicquot Club Eskimos. Causes

7:20-Freshmen Radio Orches-The week ending last night has these sets seem to be much cheaper; 8:00-Pacific States Electric not been as good a one for local reception as the previous one, but yet good results have been obtained. Last evening reception was very good most of the time. 9:00-Totem Little Symphony; There were one or two off evenings last week when there did 10:00-Dance Orchestra; Pop. not seem to be much music in the air. Sunday night the big Seattle stations came in well every-12:15-Vocal and piano selecwhere and some sets were hearing other points.

It is remarkable what a difference there is between local sets, as a result, it is thought, of location, interference and installa tion. Some places are certainly more highly favored than others, but even so, by experimenting with the aerial and ground wires seeption may be much improved S.E. PARKER, Ltd. i) a poor location.

A good deal of excellent work 10:30-Totem Male Quartet; has been done in cleaning up the local interference, but it still is pretty bad at times in the down town sections. Last night some of the sets brought in an immense lot of noise, but, happily, some of it could be tuned out.

Some sets do not seem to be in-6:00-Seiberling Transcontin-Often a loose connection will cause a lot of trouble. Effort to Be Made to Get Advice on City Reception

The local Radio Association, it was stated by one of its officers this morning, will take advantage of the opportunity of the present visit to the city of L. W. Stephenson, divisional engineer for the Radiotelegraph Branch from Victoria, to seek advice and possible rectification of some of the reception difficulties in Prince Rupert.

Mr. Stephenson arrived from Theatre the south on Sunday and will be here for the next week or so checking up operations at the Digby Island wireless station.
