

Was Helpless FOR FOUR YEARS With Rheumatism

Mr. Fred Keetch, 31 Crawford Ave., Windsor, Ont., writes:—"I was troubled with rheumatism for seven years, and for four years I was so helpless I had to be helped out of bed, and could not sit straight in a chair. "I derived such good results from

I wish to voice my praise on behalf of your wonderful medicine, and to also say it is helping others whom I have advised to take it." Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Alberta Priest Dies In Victoria

VICTORIA, Dec. 12.—Rev. Father Joseph Nolan of Big Valley, Alta., who came here last Friday to recuperate from a lengthy illness, died last night.

Chairman Thomas McMeekin reported at last night's school board meeting on a conversation he had had with J. C. Brady M.P. who requested that bus service be accorded larger as well as smaller pupils going from Westview to Borden Street School. After some discussion, the board decided to stand by its original plan of riding to school only Grade 4, 5 and 6 pupils. The older ones may also ride if there is room for them but they will be required to pay themselves for the service.

ATTENDANCE AT SCHOOLS

Measles Still Has Deterrent Effect In Some Parts of City

Reports of principals presented to the school board at its regular monthly meeting last night showed a total attendance of 1072 pupils in the public schools of the city, 529 being boys and 543 girls. The attendance per school in November was as follows:

	Boys	Girls	Ttl.
King Edward High	88	119	207
Borden Street	146	170	316
Booth Memorial	251	214	465
Seal Cove	30	32	62
Westview	14	8	22

The average attendance for King Edward High School was 97.27%—grade 12 being 100%. There were a few cases of measles still among the pupils and colds had kept some from school. D. H. Hartness, principal of the High School, was given permission by the board to use the auditorium of Booth School for the annual school dance, the affair to be at-

tended exclusively by High School pupils. Eighty cases of measles had developed during the month in Borden Street School, bringing the total number of cases for the school to 103, Miss S. A. Mills, the principal, reported. Receipt of a number of wall maps was acknowledged. The average attendance for Booth School was 86.19%, attendance being now more normal after the measles epidemic, Miss E. A. Mercer, the principal, reported. School savings for the month amounted to \$111.14. Miss O. E. McArthur, principal of Seal Cove School, reported an

average attendance of 78.4%. The measles epidemic had diminished and practically all pupils had returned to school. School savings amounted to \$7.30. At Westview, Miss Jessie Moffatt reported, measles were still prevalent and attendance was at a rather low ebb. The savings for the month in the west-end school totalled \$9.30.
