STEEL BOUNTY BILL IN HOUSE

VICTORIA, Jan. 30.—A bill providing bounties for the production of iron and steel in British Columbia has been introduced by the minister of mines.

It repeats the former act providing a bounty of \$3 a ton on pig iron produced from ores mined in the province and re-enacts that measure coupled with the further clause giving power to grant bounties of \$1.50 a ton on steel shapes manufactured within the province. Purpose of the new clause is to cover the steel manufactured from scrap iron.

COUNCIL OF WOMEN REFUSE TO ENDORSE ANTI-DUMPING BILL

EDMONTON, Jan. 30.—Feeling that there was a possibility of being "stranded" for a good many months of the year without fruit, the local council of women in annual meeting refused to endorse a resolution from the national council asking the government to enact legislation to prevent dumping of American fruit on the Canadian market.

Although the situation was considered urgent in the fruit-growing districts of Canada owing to the importation of American fruit (often at a loss to keep the American market high), the members did not wish to take any action until further information had been received.

SENTENCE ON INDIAN IS ALTERED BY JUDGE

Joshua Tall, Port Simpson Indian, appealed in county court before Judge Young yesterday afternoon against a sentence imposed by Dr. R. G. Large, justice of the peace, of two months for common assault on William Kelly, another native, and three months for being intoxicated on an Indian reserve. The sentences to run consecutively. His Honor altered the sentences to two months for assault and two months for drunkenness on the reserve, the terms to be served concurrently.

W. O. Fulton appeared on behalf of the appellant, while W. E. Fisher acted for the crown.

Fashion Fancies

Over a filmy chiffon evening dress smart designers are advocating lace evening wraps to preserve the effect of eternal grace. And while chiffon velvet evening wraps will be shown for summer wear, lace is to be the favorite.

The model shown here is black, with a large satin bow at the neck, with ends that tie in front. The elbow cape is shirred and scalloped, and this effect is repeated effectively at the hem.

FOUR FIRES HERE TODAY

Considerable Damage Done To Building on First Avenue

Owned by Capt. Swanson

COLD IS CAUSE

Cold and dry weather conditions caused the fire department to be called out no less than four times within three hours today.

At 10 o'clock this morning, thawing of pipes caused dry brush to become ignited behind some houses near the corner of Seventh Avenue and Taylor Street. Half an hour later there was another brush fire at the junction of Graham and Atlin Avenues in Westview and at 11 a.m. a grass fire on the water front near the elevator called the brigade out for the third time within an hour. No damage was done in any of these fires.

Considerable damage was done to the interior of a two-storey building on First Avenue near the corner of McBride Street at about 1 o'clock this afternoon. An overheated stove pipe was the cause of this fire which gutted three of the upstairs rooms and caused damage from smoke and water. Workmen were in the building making repairs when the fire started and, by the time the brigade arrived, the interior of several rooms was in flames. It took about half an hour to extinguish the blaze. The building is owned by Capt. Alfred Swanson.

C. N. R. MAKES TAX APPEALS

Otherwise, Municipal Court of Revision Will Have Light Work This Year

Apart from the perennial appeals of the Canadian National Railways and the Grand Trunk Pacific Development Co., there is but a light list of work for the court of revision on the municipal assessment roll which will sit on February 8. The development company is appealing against allegedly excessive valuations of property in various parts of the city and the C.N.R. appeal, on similar grounds, involves all the company's waterfront land as well as leaseholds. Olier Besner is appealing the assessment on lots at the corner of Third Avenue and Third Street where his new building has been erected.

Other appeals, together with the sections in which property involved is located, are: T. Ferrer, Section 6; Jeanie M. Hanson, section 1; George E. Brooks, section 2; L. W. Patmore, section 2; W. de Moulpied, section 6; J. and C. Pederson, section 6; H. A.

YOUNG FISHERMAN PASSES SUDDENLY

Death Occurred Last Night in Prince Rupert General Hospital of James Postgate

Following a brief illness, the death occurred suddenly last night in the Prince Rupert General Hospital of James Postgate, aged 23, well known local halibut fisherman. He is survived by a widow, having been married only a year ago. Deceased had lived here about two years and resided in the 500-block, Eight Avenue East. He was born in Whitby, Yorkshire, England, and had been in Vancouver before coming here. He fished last season with Capt. Donald Ritchie on the Unome. Deceased's mother arrived in the city on the Prince Rupert this afternoon from Vancouver to attend the funeral, arrangements for which are in the hands of the B. C. Undertakers. Deceased's father, as well as several brothers and sisters reside in Vancouver.

COLD WEATHER IS STILL FELT HERE

Wind in East and Barometer Steady; Lowest Reading Last Night 16 Above

The wind was in the east this morning and, with the barometer still steady around 30, Prince Rupert's cold snap is continuing today with no immediate prospect of amelioration, though the thermometer rose last night went down to only 16 degrees above zero, as compared with 14 degrees the night before. Prospects yesterday of a thaw washed into the cool afternoon, leaving many Prince Rupert people in the hope of an early abatement, because of frozen water pipes and other discomforts, probably an equal number, are taking a great enjoyment of skating, are only hoping the continues.

C.N.R. steamer Prince Rupert, Capt. Harry Neddien, arrived port at 1:20 this afternoon from Vancouver. Powell, Ocean Falls and Stewart, Anyox, returning here at 6 o'clock Friday morning and south at 9 a.m.
