of the stranding to offer assistance.

That night she loaded at Balmoral

some eighty tierces of mild cured

salmon which had been taken off

the Cardena in scows and at the

high tide about 6 o'clock yesterday

morning took her first pull on the

stranded vessel. So fast was the

vessel ashore that an ordinary wire

cable which was being used soon

parted and the Prince John return-

ed here. After unloading the tierces

here, the Prince John picked up

more stout rope and cable which

was obtained from the freighters

Canadian Seigneur and Canadian

Winner, which are tied up for the

winter at the drydock here, and left

again about 10 o'clock last night for

the Cardena. She pulled again on

and fuel lines if not tanks had ap-

from there. The dining saloon

situated aft, was still being used by

the crew. At high water, the vessel

was lying on a fairly even keel, but

at low tide she is steeply tilted.

Stem Reported To Be Badly Damaged and Vessel Is Taking Water; Expected At Prince Rupert This Afternoon

With the assistance of the C.N.R. steamer Prince John, Capt. William Thomas, the Union Steamship Co.'s passenger liner Cardena, Capt. Andrew Johnstone, which went ashore on Village Island, near Port Essington, last Friday evening, was successfully refloated on the high tide at 8 o'clock this morning. Navigating under her own steam, the vessel proceeded to Balmoral Cannery to take water and arrived here at 1:30, going on the local drydock investigating conditions in the at once for inspection. She is re-

ported to be leaking slightly. Immediately after refloating the Carcouver via the Queen Charlotte Islands, proceeded on her southward voyage, direct from the Skeena

The vessel showed a heavy list bor this afternoon. She was ken on the pontoons at the dry dock immediately after arriving The first effort made on the high tide yesterday morning by the Saturday afternoon for the scene Prince John, which was pressed into
