## Big Free List is Adopted By the Liberal Convention Oliver Amendment is Lost

**Premier of British Columbia Asks that all Necessaries of Life, Together with Tools, Implements and Machinery Necessary for Development of Natural Resources be Admitted Free.**

(Special to The News via G. T. P. Telegraphs.)

Ottawa, August 7.—The Liberal convention has been very active since its opening session. The tariff resolution, which was passed, includes the placing on the free list of wheat, flour and other products of wheat, the principle articles of food, farm implements, mining, flour and saw mill machinery, rough and partly dressed lumber, fuel oils, nets, net tins and fishermen's equipments, cement and fertilizers. It further provides for a reduction of at least fifty per cent off duties on wearing apparel and footwear. Included in the provision is also an increase in the British preference to fifty per cent of the general tariff.

Premier Oliver of British Columbia moved an amendment which would strike out the paragraphs of the resolution designating certain articles of production which should be placed on the free list and recommending in its place a revision of the tariff on wearing apparel, boots, shoes, etc. No objection was taken by Mr. Oliver to the proposal to increase the British preference to fifty per cent of the general tariff.

Mr. Oliver's objection to the free list was that it should be wider in its application. He suggested that all necessaries of life together with all tools, implements and machinery for the development of the natural resources of the country be made free of customs duties.

The Premier of this province declared the resolution as defined to be class legislation and not a square deal. His amendment was submitted and declared lost.

## NEW PREMIER IN HUNGARY

**Cabinet Which Succeeded Bela Kun is Overthrown and Archduke Joseph is Installed in Office.**

## ROUMANIAN ARMY HAS CROSSED THE DANUBE

(Special via G. T. P. Telegraphs.)

Paris, August 7.—The peace conference has been advised that the Hungarian cabinet headed by Jules Peidl which succeeded Bela Kun has been overthrown and Archduke Joseph has been established as chief minister in Budapest.

Advices state that the Roumanian forces have crossed the Danube into the Budapest section and are seizing supplies and preparing to ship them to Roumania.

## LIEUTENANT HOY IS MAKING BIG FLIGHT

**Continues His Trans - Mountain Jaunt and Makes 225 Miles in 3 hrs, 6 mins.**

(Special via G. T. P. Telegraphs.)

Vancouver, August 7.—Capt. E. C. Hoy is continuing his attempt to fly over the Rocky Mountains to Calgary. After being in Chilliwack for several days waiting for better weather conditions he left early this morning and was reported passing over Chilliwack successfully.

Vernon, B. C., August 7.—Capt. Hoy in the course of his trans-mountain flight arrived here at 7:18, making 225 miles from the coast in 3 hours and 6 minutes. He left for Grand Forks at 8:19 a.m.

## STEWART EDITOR IS VISITING THE CITY

**James Cullin of Portland Canal News Will be Here Until Saturday Next.**

James Cullin, editor and publisher of the Portland Canal News of Stewart, is in the city today and will be here until after the boat arrives from the south on Saturday when he expects to meet Mrs. Cullin and child.

Mr. Cullin says that everything is coming on well at the mining town, building is going ahead, the mines are being worked and everything points to a very busy time in the future.

## VANCOUVER PLANS FOR SOCCER GAMES

**Will Meet Calgary Champions at Vancouver on Labor Day and Following Saturday.**

(Special via G. T. P. Telegraphs.)

Vancouver, Aug. 7.—The Mainland Football Association drew up a soccer card culminating in two games with Hillhurst of Calgary on Labor Day and the following Saturday.

The Thistles who won the cup and the Ha League winners will meet on Saturday, August 23, the winners to play Hillhurst on Labor Day.

## STATES WILL SUE PACKERS

**In Attempt to Reduce Cost of Living Action Will be Brought Against Big Firms.**

(Special by G. T. P. Telegraphs.)

Washington, August 7.—The United States Government is about to make an attempt to reduce the cost of living by bringing anti-trust suits against the big meat packing firms. This is one of the first moves in a general campaign and is the first announcement of action that is likely to be taken.

## SALMON RIVER ROAD OPEN NINE MILES

**Wagons Went Over it That Far Last Week—Freighting Will Be Easy Soon.**

Wagons got up Salmon River as far as Nine Mile for the first time last Wednesday, says Stewart's newspaper. The Premier road is now completed through to that distance and except for some places the ore highway is in good shape. A distance of nine miles from the beach over which they can freight with wagons is important to the mining companies in getting supplies. Heretofore it has been necessary to use pack horses altogether.

This road will be in good shape by the time the Premier company is prepared to ship more ore. The road will be first class when snow is on it and will make comparatively easy the work of getting in the heavy machinery this winter.

When the Provincial Government has continued the Premier road up the valley as a temporary sleigh road this winter, the cost of obtaining supplies at such mines as the Jaker, Forty-Nine and Big Missouri will be considerably reduced. Expenses of opening up the Salmon River section have been unusually heavy by reason of the lack of transportation facilities. But the operators have held courageously to their work and the ore bodies disclosed prove they were justified. Several properties may make trial shipments this winter.

The replanking of Eighth ave. is proceeding apace, with a gang working at each end of the street. This has been a sore need, as some of the old planks had been replaced by new ones and the whole was very uneven. The re-decking will make it safe for both vehicles and foot passengers.

Mrs. S. Pederson who has been visiting in the city for the past few days returned to her home on Naket Inlet by launch this morning. The boat has just unloaded a large shipment of salmon cases.

## DECORATION FOR PREMIER OF ENGLAND

**David Lloyd George Accepts Order of Merit from King in Reward for Services.**

(Special via G. T. P. Telegraphs.)

London, Aug. 7.—King George yesterday conferred upon Premier David Lloyd George the order of merit as an appreciation of his services in connection with the war.

It is understood that the Premier could have had practically any title in the gift of the Crown. A peerage was suggested but was refused before it was offered. The Welsh commoner would have none of them. The simple order of merit was the only insignia that appealed to him and that has been conferred.

## PRINCESS ENA STRUCK ROCK

**C. P. R. Freighter Coming Here is Injured and Returns to Drydock.**

(Special via G. T. P. Telegraphs.)

Vancouver, Aug. 7.—The steamship Princess Ena northbound struck on Ripple Rock, a submerged reef in Seymour Narrows. She put about and returned to Plumper's Bay where she is anchored and reported to be in danger.

The Ena was bringing cargo to a number of northern ports, including Prince Rupert. The local office was notified of her having struck and that she had returned to drydock.

## HUGH MARTIN WAS DROWNED IN BEAR

**Fell Into Stream Above Stewart and Was Lost—Companions Unable to Save Him.**

Hugh Macpherson Martin who came to Stewart in 1910 and who lived here continuously ever since, was drowned in Bear river Monday afternoon while he was repairing a temporary bridge which had been in use since the old structure became unsafe, says the Portland Canal News. Bert Olson and Dan Woodmore were assisting with the work and tried to save Martin. Olson plunged into the water but it would have been fatal to him also had he got in the current. Woodmore ran down stream and saw the body disappear under a heap of driftwood. Martin is believed to have been injured when the long boom stick he was putting in place knocked him off his feet. A brother at Swamp Point has been sent for. Martin owned considerable property in Stewart and his residence is one of the best buildings in the camp. During the past two years he had put in much of his time looking after the road-bed of the Canadian Northeastern Railway. He had improvised some rolling stock and rigged a push car with a gasoline engine and with this strange railroad equipment he hauled passengers and freight up the valley. Martin was quiet and industrious and the community lost a solid citizen when he met his death.

## Labor Troubles at Liverpool Continue; Bayonets are Used

**Several Soldiers Beaten when Troops Charge Crowd Outside St. George's Hall; Railwaymen Refuse to Strike in Sympathy.**

(Special to The News via G. T. P. Telegraphs.)

Liverpool, August 7.—Riots are continuing here. The troops at midnight charged with fixed bayonets and dispersed the crowd outside St. George's Hall. In the scuffle which took place several soldiers were beaten. At the same time firing was heard in the Scotland Road district.

London, August 7.—The labor situation throughout the country remains disquieting but is relieved to some extent by the decision of the Railway Union against a strike in support of the Policemen's Union. The bill before parliament making it illegal for policemen to strike under any circumstances and which caused the general strike of policemen to be organized is still worrying the labor organizations and causing much of the disquiet.

## SALE OF LOTS BY THE CITY

**Sum of \$7,400 was Realized Last Night at Public Auction.**

Some good buys were obtained at the sale of city lots held in the city hall last night, E. A. Woods auctioneer. The total amount realized was \$7,400, most of the properties going for the amount of taxes that was against them, as follows:

Lot 17, block 26, M. M. Stephens, \$120.

Lot 18, block 26, M. M. Stephens, \$131.

Lot 13, block 30, H. M. Hale, \$150.

Lot 14, block 30, M. M. Stephens, \$105.

### Section 5.

Lot 4, block 32, R. B. Hanlin, \$455.

### Section 7.

Lot 22, block 2, Andrew Martin, \$165.

## FRUIT VENDORS TO COME UP TOMORROW

This morning J. C. Gavigan and James Killas were summoned to appear in the police court for an infraction of the closing bylaw. Their cases will come up tomorrow morning before Magistrate McMordie. Considerable interest is being taken about town in regard to the matter, as it is claimed there is a technicality over the bylaw which requires straightening out.

## C.P.R. LOSES APPEAL BEFORE PRIVY COUNCIL

**Compensation Board Has Right to Pay Dependents of Sophia Sailors.**

(Special via G. T. P. Telegraphs.)

Vancouver, August 7.—The Privy Council of Great Britain, to whom an appeal was taken, has decided that the dependents of sailors lost on the Princess Sophia which foundered in American waters, are protected by the British Columbia Workmen's Compensation Act.

When the British Columbia Compensation Board proceeded to pay compensation to the dependents under the regulations, the C. P. R. protested that the accident occurred outside the jurisdiction and proceeded to bring an injunction to stop payment being made. The case was carried from court to court until it eventually has been decided in favor of the workmen in the highest court of the land.

## AMERICAN SOLDIERS MARRYING GERMANS

Coblentz, August 7.—Reports of marriages between American soldiers and German girls have been received at headquarters from various parts of the occupied area within the last few days, but as yet no charges have been filed against any of the men, as it is believed most of the marriages were due to misunderstandings regarding the anti-fraternization regulations.

A week before the treaty was signed several chaplains through a misunderstanding informed the soldiers that marriages were permissible as soon as the Germans accepted the peace terms. Officers say marriages took place before this belief was corrected by a special order calling the attention of officers and men to the fact that until the United States ratified the treaty Germany and America technically were at war.

At headquarters it is said that even after the United States ratifies the treaty marriages with German girls will be prohibited by an army order.

The geodetic survey steamer which has been lying at anchor in the harbor for the past few days sailed for outside waters early yesterday evening.
