

FASHION FANCIES

A FROCK A LA-MODE

Here is a model in the new tweed silks, trimmed with black satin. Collar and cuffs are piped and drape to left are lined with black satin to match girdle caught up with flower buckles. Scalloped collar on low cut plain neck, with two color tie, completes an up to date frock.

A COAT FOR SPRING WEAR

Here is a snappy model for spring wear. The fur collar is wide and deep with shawl effect, fastening at waist with ribbons of same material as the coat. Note the deep cuffs, extending from wrist nearly to elbow.

PAJAMAS THAT REST ON FASHION'S PEAK

If you do not own at least one pair of lounging pajamas this is the time for you to take yourself to your favorite shop and ask to see the newest models. Never before, in the history of the lounging costume, has the pajama been so important—or so smart. Here is a pair that boasts every feature of chic and is yet very inexpensive. It is fashioned of red checked gingham, with white bindings. The blouse is of the tuck-in variety and the trousers are wide enough to please even the most radical.

THE DAY OF THE EXTREME TAILLEUR IS THREATENED

Leading couturiers are predicting that the tailored suits for spring will be more feminine. Whether this is so remains to be seen, for the simple, mannish little suit has its admirers.

However, judge for yourself, the merits of the new mode. Here is the "feminized" mode. It is in light-weight wool in French blue flecked with white. The silk tuck-in blouse is of lighter blue crepe. Note the three scallops in the lapel.

This Dashing Jacket Suit Defies Criticism

The wide variety of styles and fabrics offered for spring costumes, at this time of the year, leaves no doubt as to the continued popularity of the tailored and semi-tailored suit.

Here is a smart version of the latter. It is developed in black tweed, with a sleeveless jacket that has a dashing finger-tip length cape. Stitched braid forms a flat round neck and bands for the shoulders and front. The blouse is of white crepe.

SMITHERS MAN IS FOUND DEAD

Body of J. H. Hetherington, Well Known in Prince Rupert, Discovered in Garage

Word was received in the city this morning that the dead body of Joseph H. Hetherington, who had been missing since Tuesday, had been found in the garage of the W. S. Henry Motor Co. at Smithers. The late Mr. Hetherington was a partner of Mr. Henry and was also secretary of the Bulkley Valley District Hospital Association.

Some 42 years of age, the late Mr. Hetherington was an intense sufferer from after effects of the Great War. He was in France practically for the whole duration of the war and contracted trench feet, infection from which ultimately necessitated the amputation of one of his legs about four years ago.

A native of England, deceased came first to Smithers in early days of that town and, before the war, was a member of the staff of the Union Bank there. He achieved considerable distinction as a foot racer and won the championship of Northern British Columbia in Prince Rupert. Returning to Smithers after the war, Mr. Hetherington worked at first for Fred Watson and later became a partner of Mr. Henry. He was well known in Prince Rupert, having often visited here, the last time about a year and a half ago to take a civil service examination.

Besides his widow, who was formerly Miss Ethel Gray, daughter of Mr. and Mrs. J. S. Gray, formerly of this city and now resident in Smithers, and a niece of Mrs. Ernest Allistone of Prince Rupert, the late Mr. Hetherington is survived by four children, the oldest of whom is fourteen. The children are a daughter, Patricia, and three sons—Jack, Tommy and Gordon. Deceased's mother lives in Ontario and his father died some two years ago. The family will have the deep sympathy of many local friends in its sad bereavement.

The funeral will take place in Smithers.

BYLAW PROVIDING FOR SALE OF POWER PLANT GETS LARGE MAJORITY

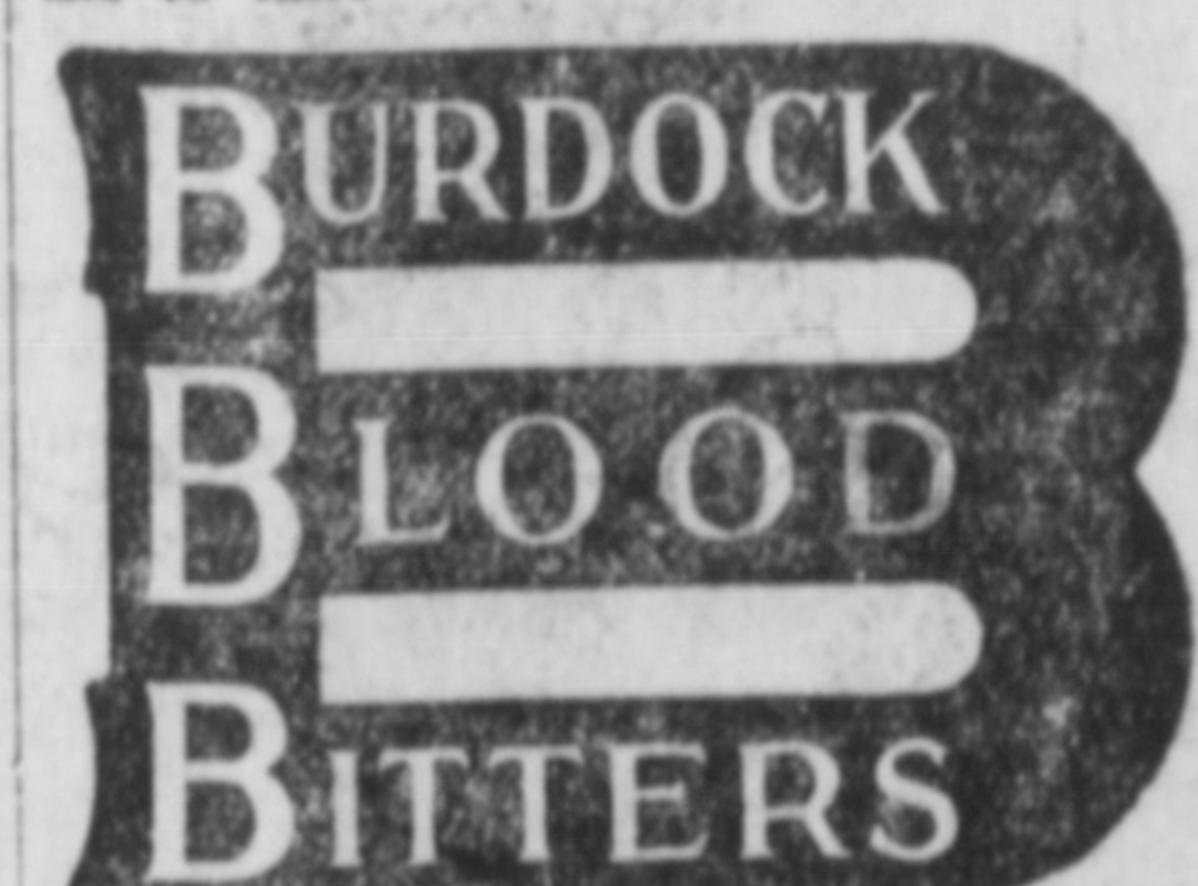

(Continued from page one)

E. Pawson, commercial manager of the company, to headquarters of the Power Corporation of Canada in Montreal, where officers of the company will affix their signatures, one of the copies being returned to the keeping of the city, while the other is retained by the corporation. Meantime, Mr. Pawson goes to Victoria on business in connection with the validating act which is before the legislature. This act will relieve the corporation of responsibility in connection with financial obligations of the city on the hydro-electric plant.

To a representative of The Daily News, Mr. Pawson, before leaving for the south last night, briefly explained the next steps that would be taken in the transfer of the utility. Immediately upon the validating act being passed by the legislature, which should be within a week's time, the Power Corporation will authorize the Royal Bank of Canada to pay the \$375,000 over to the city and will then come formally into possession.

Was Tortured With Eczema For Years

Mrs. George Shambler, 119 Creighton St., Halifax, N.S., writes:—"After being tortured with eczema, for years, and trying everything possible from doctors and drug stores, a friend recommended me to take

I sent my husband to get me a bottle, and after I had taken it I noticed the cooling of my blood, so he advised me to continue, and after taking several bottles I can truly say it is a wonderful medicine." Manufactured only by The T. Milburn Co., Ltd., Toronto, Ont.

and take over the operation of the electric light system and all its appurtenances. J. J. Little, who is at present superintendent of utilities for the city, will take over the duties of manager for Northern British Columbia of the Power Corporation and will still be in direct charge of the local system. Field engineers of the Power Corporation will be sent here soon to select the site of hydro-electric development and lay out routes for transmission lines. Either Khtda Lake or Falls River would likely be selected for the development, Mr. Pawson stated. In order that the 5000 horsepower development would be provided within the two years as required by the agreement, it was likely that actual construction work would be started during the coming summer.

Mr. Pawson further explained that it was proposed to float a separate company to cover the operations and developments of the corporation in northern British Columbia, including both Prince Rupert and Stewart. Mr. Little will be the manager of this company with headquarters in Prince Rupert. W. D. Smith will be local manager at Stewart under Mr. Little.

The detail of the vote was as follows:

	For	Agst
A-L	309	45
M-Z	274	35
Totals	583	80

Majority	185	

DELEGATION WILL GO TO CALGARY REPRESENTING CITY COUNCIL AND BOARD OF TRADE

(continued from page 1)

had transpired and the resolution that had been passed immediately before at the Board of Trade meeting. He urged that the council accede to the recommendation without delay, so that no time might be lost in finding out why Prince Rupert was getting so little grain this year, while Vancouver was getting so much more.

The motion was seconded by Ald. Prudhomme.

Mayor McMordie presumed that it was expected the city would bear the cost of sending the delegation.

Ald. Collart thought this was up to the city and would be worth the money.

Ald. Dawson presumed that the council knew that the elevator was about to be closed up and the most of the staff moved to Vancouver. If the Wheat Pool had found it impossible to use the elevator, he thought the city should find out the reasons and, if possible, take steps towards having them rectified.

Ald. Rudderham thought the move was a good one, but he saw no reason why such a large delegation should be sent. As it was only information that was sought, he thought a delegation of one would be sufficient. Three would only make it that much more costly.

Ald. Macdonald did not agree with Ald. Rudderham on this point. The issue was a big one and an immediate solution was sought. All the pressure possible should be brought to bear on the situation and he thought the citizens would be well satisfied to incur the expense involved in meeting with the recommendation of the Board of Trade. Ald. Macdonald was particularly satisfied with the personnel of the delegation consisting of the mayor, a railway director and a citizen who had taken an active part in the development of the grain traffic here, having been formerly chairman of the special grain committee.

The recommendation was then adopted without dissension.

WILL ABOLISH INDUSTRIES DEPARTMENT

VICTORIA, March 2.—A recommendation to the legislature that the department of industries be abolished and that work in hand be handled by the finance department with the department of works giving technical assistance was endorsed by the public accounts committee today. Liberal members opposed the recommendation.

BRITISH ARE ARRIVING ON THE PRAIRIES

WINNIPEG, March 2.—The first of the British families to arrive in western Canada this season under the Canadian National Railways British families scheme have reached Winnipeg and are being sent out to their new homes. John Eustace and his wife and three children have reached their address from Pontypriid and are eager to get located.

IMPROVEMENT SEEN IN HALIBUT PRICES

American Boats Received Up to 13.6c and 6c at Local Exchange This Morning

Prices for American halibut were much improved at the local fish exchange this morning when as high as 13.6c and 6c was paid while Canadian bids showed a slight improvement over yesterday, going up to 10.7c and 6c. A total of 120,500 pounds was sold, of which 106,000 pounds was from American vessels.

Arrivals and sales were as follows:

- American—Eldorado, 30,000 pounds, Booth Fisheries, 13.3c and 6c.
- Omaney, 21,000 pounds, and Royal, 2000 pounds, Canadian Fish & Cold Storage Co., 13.5c and 6c.
- Havana, 19,000 pounds, Royal Fish Co., 13.6c and 6c.
- Nordie, 34,000 pounds, Atlin Fisheries, 13.4c and 6c.
- Canadian—Oslo, 10,000 pounds, Canadian Fish & Cold Storage Co., 10.7c and 6c.
- Margaret L., 4500 pounds, Atlin Fisheries, 10.5c and 6c.

K. OF P. ANNUAL DANCE IS HELD

Seventy-five Couples Attended Very Enjoyable Affair Last Night in Boston Hall

About 75 couples attended the annual anniversary dance at Skeena Lodge No. 45, Knights Pythias, in the Boston hall last night. The event was both successful and enjoyable. It was in progress from 9 p.m. until 1 a.m.

Excellent music was provided by Al Small's orchestra and William Burken was master of ceremonies. At midnight delicious refreshments were served.

The committee consisted of M. Blake, who presided at the door, M. L. Stepp, G. W. Johnson, Mrs. T. J. Shenton, D. McCullough, Mrs. P. J. and Mrs. Gilchrist.

LUTHER LEAGUE IS ENTERTAINED BY MRS. UNDERDAHL

The young people of St. Paul Luther League were entertained last night by Mrs. Agnes Underdahl at her home, Beach Place. The time was spent pleasantly playing games and a short program of songs and recitations was enjoyed. Refreshments were served.

STEEL IS NEARING HUDSON BAY PORT

WINNIPEG, March 2.—Steel now within 19 miles of the dock at Fort Churchill, according to report received this morning by H. A. Dixon, chief engineer of the C. N. Railways western division.

An Aberdonian, who was making his first visit to London, was found standing in the Street laughing very heartily. A policeman, who also hailed from the North, approached him with the remark "Weel, what's wrong with you?" "There's naething wrong with me," was the reply, "I'm just laughin' at Glesca."

Makes Pastry Delicious—Ensures Success
