The Canadian Legion, at its regular monthly meeting last night, discussed the advisability of sending a delegate to the provincial convention at Chilliwack in May but deferred decision until next month. Business was otherwise of a routine nature. President M. M. Lamb occupied the chair and there was a good attendance of comrades. .

Having been delayed in the north by stormy weather, C.P.R. steamer Princess Mary, Capt. C. C. Saintey, arrived in port at 3 o'clock this morning from Alaska, Moose Whist Drive and Dance, sailing about an hour later for Vancouver and Victoria. The Mary will make her next call Presbyterian Easter Sale March here northbound on Wednesday of next week, being now on a ten day schedule.

Cross Section of 21/2" cable

This lead-covered cable runs in conduits underground, replacing as many overhead wires as could be carried on twenty-four poles each with ten cross arms, and through which cable 2,400 people may converse with ease and privacy.

ALONG each one of these little tracks Lyour voice moves approximately with the speed of light. If you could girdle the earth seven times you would notice no appreciable lapse of time between speaking into the receiver and hearing your own

Such efficiency means that each wire must be insulated from every other, and it must be done so skilfully that in all the miles of cable scattered over the Dominion today, no serious leakage occurs.

voice at your ear.

Literally thousands of these little tracks are bound into the great cables that, underground, conduct each voice unerringly to its proper destination.

The manufacture of these marvellous cables is one of the many activities of the Northern Electric Company and one of its contributions to modern civilization and the ease of living.
