

ANNUAL MEETING OF NAVY LEAGUE

Local Organization in Flourishing Condition, According to Reports: Officers Elected

Reports presented at the annual meeting last night of Prince Rupert Branch, Navy League of Canada, indicated that the organization is in a flourishing position and is doing excellent work. The chief activity is in connection with the sea cadets' corps, whose membership is gradually increasing, with interest keen on the part of the boys and attendance high. Another work of the navy league is the distribution of literature to crews of the grain ships which visit this port. The chairman's report was presented by T. H. Johnson, who urged the necessity of collecting subscriptions from the 1925 members who were enrolled when the local branch was formed in 1927. The financial statement was presented by the secretary-treasurer, D. C. Paterson.

The election of officers for 1929 resulted as follows:

Chairman—T. H. Johnson.
 Vice-chairman—Robert Blance.
 Executive—Mrs. Robert Blance, Mrs. Sheldford Darton, Mrs. John

Manson, Ald. Frank Dibb, W. O. Vigar, S. M. Newton, P. M. Ray, Thomas McClymont, Jarvis H. McLeod, G. P. Tinker, J. J. Dore, Dr. L. W. Kerin, Capt. J. R. Elfe, Walter Hume, R. M. Winslow and G. H. Munro.

W. O. Vigar was elected secretary-treasurer to succeed D. C. Paterson, who is leaving the city.

UNEMPLOYED GIVEN WORK

Shortage of Tools Prevents City From Taking On Even More Men Than Already Placed

Some 50 men have been taken on since Tuesday morning in city unemployed relief work. Shortage of tools has been the cause of still more men not being given immediate work. There are over 200 men desirous of receiving such work and the unemployed organization is assisting the city engineer's department in allocating the employment.

Appreciation was expressed at unemployed headquarters this morning for the effective and immediate manner in which the city is endeavoring to relieve the situation.

PRESENTATION OF UNION JACK

Interesting Ceremony Took Place Last Night in I. O. D. E. Hall

An interesting ceremony took place last night in the I. O. D. E. Hall when Municipal Chapter, Imperial Order, Daughters of the Empire, presented the Prince Rupert branch of the Navy League of Canada with a beautiful silk Union Jack for the use of the local sea cadet corps. The presentation was made by Mrs. Sheldford Darton, regent of Municipal Chapter, and the flag was accepted, on behalf of the navy league, by the chairman, T. H. Johnson, suitable remarks being made by both.

After the presentation Col. Rt. Rev. G. A. Rix, Bishop of Calcutta, gave an inspiring address on the flag to some 30 members of the sea cadet corps, who were mustered for the occasion under Lieut. Robert Blance. After the address, refreshments were served to the boys with Mrs. D. Orchard McLeod, Mrs. J. Norrington and Miss Huldah Graham in charge.

Some 20 or 30 members of the I. O. D. E. and the navy league were also in attendance at the ceremony.

PRODUCTION OF POLES, TIES AND PILES DURING 1928 SHOWED INCREASE.

(Continued from page one.)

about 10,000,000 feet of logs to Pacific Mills and this year about the same quantity will be delivered from the neighborhood of Kitimaat and possibly 8,000,000 feet of spruce to their new mill at Porpoise Harbor, where the last year's output of spruce is now ready for cutting amounting to about 8,000,000 feet.

The Big Bay Lumber Company will require about 12,500,000 feet during the year.

Contracts for 960,000 ties have been let and in all probability this amount will be increased to at least a million.

In regard to poles and piles the report says:

"The cedar pole and piling industry shows a very remarkable increase over 1927, even more so than does the tie industry. A total of 3,558,803 lineal feet have been scaled during 1928 which is an increase of about 37 percent on last year's figures. There has been no appreciable

change in the prices obtained, so it may be considered that the revenue has increased by the same percentage.

"An important share, amounting to 19 percent of the cedar pole and piling industry in the Prince Rupert district for the last three years has been carried on at Masset Inlet, Q.C.I., by the H. Baxter Co. Up till September, 1928, the company's operation was confined to large areas of pole timber lying south of Ferguson Bay, most of which area was covered by timber sales. In their operation about 1,800,000 lineal feet of poles and piling have been removed, all of which were exported to California. The size and quality of Ferguson Bay poles have been exceptionally good, lengths up to 90 feet being obtainable. All small operators in the Massett Inlet locality have found a ready market at Ferguson Bay for any poles which they have been able to produce which complied with the Baxter Cedar Pole specifications.

"In September the camps were moved from Ferguson Bay to the Mayer Lake vicinity which is reached via Kumdis Slough.

And anyone particular prefers this finer tea.

"SALADA" TEA

'Fresh from the gardens'

The operation is now handled on contract basis. A four-mile road has been constructed from Mayer Lake to the south end of Kumdis Slough on which will be operated a tractor and trailer running on concave wheels on rails made of hemlock about 12 inches in diameter. It is expected that the Mayer Lake operation will be completed in two years during which time about two million lineal feet of poles and piling will be marketed. The road will then be available for operating on further cedar pole areas situated on the Nadu River."

FASHION FANCIES

Fur trimmings for ladies' coats are becoming furrer and furrer. Here is a snappy style popular in the centres of fashion. The coat itself may be of any color or fabric, while cuffs, collar and bottom of coat carry all the fur possible. This style is very popular.

INSTALLATION MOOSE OFFICERS

Dance Followed Lodge Ceremony, 260 Persons Being Present at Enjoyable Event

A very interesting and pleasing ceremony was performed last evening when the Loyal Order of Moose installed their 1929-officers.

The following were duly placed in office by the installing officer, G. Royer, past dictator, assisted by installing sergeant at arms, A. Ohnesorg:

- R. M. Simpson, P.D., junior past dictator.
- J. C. Seubert, dictator.
- J. Ratchford, vice-dictator.
- L. Astoria, prelate.
- P. Cameron, P.D., secretary.
- T. Rorvick, treasurer.
- J. Morrison, J. Preece and J. Blain, trustees.
- W. B. McCallum, sergeant at arms.
- R. Long, orator.
- P. Peterson, inner guard.
- A. G. Bartlett, outer guard.

Suitable addresses were made by each of the new officers and the installation ceremony closed by singing "O Canada," after which all members and their guests to the number of 260 were entertained at a very enjoyable dance. Music was provided by the "Premier Orchestra," consisting of a group of nine young people, to whom much credit is due for the fine class of music they are able to produce. The Premier Orchestra is a decided addition to the musical talent of the city.

The Moose steward, W. Lamb, was in charge of the entertainment, assisted by his committee. The duties of master of ceremonies were in the capable hands of J. Morrison, a most enjoyable evening being spent by everyone present.

Lodge in Good Shape
 Speeches delivered by the new officers indicated that the lodge is in a flourishing condition. Payments have been kept up on the purchase of the building and it is expected that the entire debt will be wiped out by the end of this year. The lodge has been receiving a goodly revenue from various rents.

Percy Cameron is entering upon his eighth consecutive year as secretary of the lodge.

GERMAN WHO CROSSED ATLANTIC IN AIR DIES IN BERLIN

BERLIN, Feb. 6: — Baron Ehrenfried Gunther von Huenefeld, one of the three men in the Bremen, the first airplane to make the westward crossing of the Atlantic, died here last night following an intestinal operation. Long after the flight the Baron's health was not good. He underwent an operation for appendicitis last August.

The Greatest Man in the World

To those dear to you, you are the greatest man in the world . . . the wisest and the most far-sighted. They trust you to protect them from hardship and privation. And to the best of your ability you would do so.

Yet there may come a day when you will no longer be here to shield them . . . to provide for their needs. Will their faith in you then be justified?

You realize that their confidence challenges you to greater vigilance in their behalf. Have you made the provision for them that you know to be necessary? Is your Life Insurance sufficient to meet their needs? Do you realize that \$5,000 invested at 6% yields an income of less than \$6 per week?

For the sake of those who love and respect and trust you . . . those to whom you are the "greatest man in the world" . . . take pencil and paper, and figure how much you have done toward the building up of an estate. Then call in the representative of any Life Insurance Company and learn how little is the cost of adequate protection.
