GLADYS HULETTE IN PLAY "ANNEXING BILL"

Comedy-Drama With a Western Tone at the Big Picture House Tonight.

"Annexing Bill" is the title of the photoplay at the Westholme Theatre tonight, and the title pretty well tells the story. Gladys Hulette is the leading lady and the comedy feature of this western comedy-drama are very outstanding.

Miss Hulette is a lady who is generally admired by picture fans and any play in which she appears meets with public favor.

Another feature of great interest will be a colored scenic, along the Vardar River, in Turkey. So little is known of Turkey that this glimpse will be appreciated, especially when shown in its natural color.

"The Lightning Raider" and a Harold Lloyd comedy fill out a big bill of picture.

PRISCILLA DEAN AT EMPRESS THEATRE

A smashing photoplay combining history and romance and depicting the valor of a girl apache of Paris in leading the denizens of the famous underworld of the French capital against the Huns battling literally at the city's gates in 1915, will be presented at the Empress Theatre tonight, with beautiful Priscilla Dean in the featured role.

Miss Dean, chosen for this gripping Universal Special Attraction because of her rare beauty and talent and her wide popularity with discriminating photoplay patrons, has the role of Collette, a sort of a queen of crooks.

The picture deals with her exploit in recruiting the notorious apaches of Paris for the government of which she had been an internal enemy so long. There is another side to the story, however, in the sacrifice which she makes to save from shame the fiancé of a man whom she (Collette) loved, but who did not love her in return.

THE BUILDING BY-LAWS

Sir:—The members of council should be congratulated on the progressive step they have taken when appointing a building inspector to act under the city engineer.

For the protection of the public the city by-laws require amending to obtain good materials and modern construction in the erection of dwelling houses. The amendments required are too numerous to be described in the pages of a newspaper.

Prince Rupert has a few good builders who supply good materials and good workmanship, but there are others I may call curiosities, to avoid a stronger term; and their materials and workmanship is a disgrace to any city, as the piles they supply are like walking sticks, the posts like pencils, the joists and boarding cheap rubbish, too worthless to grade and if any attempt was made to grade it, it would be classed as No. 7 or 8 British grades. Owing to knots, holes, shakes and such like defects you can see the distant hills through some of their buildings.

They do not care for the comforts of families who are unfortunate enough to rent such hovels and burn extra tons of coal every year in a vain endeavor to keep the so-called buildings warm. They do not know how to construct a warm roof, therefore they leave it open. Some of them do not even know how to lay a floor board to obtain the best service out of the material, but they pose and talk as enlightened experts on building construction. It is to put a stop to such work that the by-laws should be amended at once.

As Alderman Perry is chairman of the Exhibition Board, he may obtain a piece of one of those buildings now under construction, fix it in a position where it can be seen, with a large notice of warning to the public not to waste their money in such erections.

WILLIAM BRUCE.
