

CANADIANS INVENT NEW MACHINE GUN

Above is a drawing of a liquid air-cooled machine gun which can fire 2,350 shots a minute, four times quicker than army guns, which has been invented by Hugo Koenig (inset, left), and Otto P. Rindelhart (inset, right), of London, Ontario.

ROAD CAMPS IN INTERIOR

Work on Highway Near Usk Being Continued at Two Points

TERRACE, May 20.—A government road camp on the Terrace-Usk highway has been established at the east side of the Copper River bridge with Alex Kerr in charge. The work on the bridge will be completed early this week and work will continue on the road to Usk.

Another camp is established near the Usk end and a gang of men working this way from there.

FINISHING REPAIRS

Repairs to the fish packer Klemtu Cannery, which recently struck a rock in Grenville Channel and sank, are expected to be completed at the local dry dock tomorrow.

NEW HOTEL AT LAKELSE LAKE

Lodge Will Be Completed by J. Bruce Johnstone and Associates Soon

TERRACE, May 20.—The new Lakelse Lodge being built near the Lakelse hot springs by J. Bruce Johnstone and associates is nearing completion and will be ready for occupancy in about three weeks' time.

This new hotel is being built on the lake shore about a half mile south of the forestry cabin and W. O. Fulton's summer home. The building, a log one, with the peeled cedar logs standing on end, has a frontage of 50 feet, overlooking the water, and commands a magnificent view of the lake scenery. The living room and dining room, arched between, extend across the front of the building. These rooms are finished in cottonwood veneer with rustic panelling and a capacious fireplace is being built in the former. The building will have 14 bedrooms and detached kitchen. Mr. Johnstone has spent the past winter and spring at the lake getting material in readiness for building the actual building activities are now being rapidly carried to completion.

ANGLICAN CHURCH LADIES TERRACE

Successful Event Took Place at G.W.V.A. Hall in Charge of Mrs. Robinson

TERRACE, May 20.—The W. A. of the Anglican Church held a very successful sale of aprons, home cooking, candy and afternoon tea on Saturday in the G.W.V.A. Hall. Spring flowers were effectively used in decorating. Liberal patronage was extended throughout the afternoon and the proceeds were very gratifying.

The following ladies were in charge of the booths.

- General convener, Mrs. A. W. Robinson.
- Cashier—Mrs. Sparkes.
- Aprons—Mrs. C. R. Gilbert, Mrs. H. L. Smith, Miss Deacon.
- Home Cooking—Mrs. A. Carr, Mrs. H. King, Mrs. H. Halliwell.
- Candy—Mrs. Burnett, Mrs. Brummit, Mrs. Duncan.
- White Elephant—Mrs. Greig, Mrs. Head, Mrs. Dyson.
- Tea Tables—Mrs. Thompson, assisted by Misses Edna Dover, Clara Little, Margaret Cook and Helen Smith.
- Kitchen—Mrs. Attree and Mrs. Gordon, and Miss Donald.

TERRACE OLD-TIMER SUFFERS STROKE AND PASSES AWAY SUNDAY

TERRACE, May 20.—Tony Brunson, an old-timer of this district, who lived on the Copper River, suffered a stroke on Saturday evening and expired at 7 o'clock Sunday morning.

WARM WEATHER BADLY NEEDED

Prairie Crops Suffering From Cold But Nothing Very Serious

WINNIPEG, May 20.—Cold weather continues to hold back the growth throughout practically all of the plains it is shown in the third weekly crop report of the C.N.R. In fact, many points in Manitoba and Saskatchewan, report heavy frosts and during the past week snow was general, the seeding of wheat is practically finished and a large percent of coarse grains is in the ground but the unfavorable weather is retarding germination. One or two sections complain of lack of moisture, but on the whole there is plenty and the only thing needed is warm weather.

While wheat seeding is completed in Manitoba, farmers in some districts are delaying the seeding of the coarse grains until the weeds have made some headway. The whole province is suffering from cold, and snow and frost in general. Some wheat is showing in southern and cen-

SEGRAVE HONORED ON RETURN TO ENGLAND

The Mayor of Southampton greeting Major Segrave upon his arrival from Daytona Beach, where he broke all speed records for automobiles. On the left is the Mayor, in the centre is the Speed King, and Mrs. Segrave is shown on the right.

A FEW FACTS ABOUT PRINCE RUPERT

Prince Rupert is:

- The terminus of the Canadian National Railway.
- The Central administrative point for the whole of central and northern British Columbia.
- The nearest point in British Columbia to the Orient.
- The centre of the halibut and salmon fishing business.
- The centre of an extensive mining and lumbering district.

Prince Rupert has:

- One of the finest harbors in the world.
- The largest fresh halibut business in the world.
- The largest fish cold storage plant in the world.
- A large, strictly modern drydock and shipbuilding plant.
- A grain elevator leased to the Alberta Wheat Pool with a capacity of 1,250,000 bushels.
- A large, modern ocean dock.
- A new modern lumber mill, planing and shingle mills and box factory with capacity output of 60,000 board feet daily.
- Fish reduction plant.
- A new mill at Porpoise Harbor and another building along side it seven miles from the city.
- Railway shops employing about 75 men.
- Several ship sheds for building and repairing small craft.
- Provincial government district offices and court house.
- Dominion government fisheries, customs, and other offices.
- Marine department central station.
- Dominion government wireless station.
- Canadian National district offices.
- Dominion fisheries experimental station.
- B. C. Packers district offices.
- Consolidated Mining & Smelting district assay office.
- P. Burns Co., Ltd., modern abattoir.
- Several docks and wharves used by coasting vessels.
- Number of fish houses doing an export business.
- About twenty salmon canneries in the neighborhood.
- Several fishery supply and shipchandlery establishments.
- Several wholesale houses doing a large business in the district.
- Fine modern retail stores.
- Good steamship services to Alaska and south to Vancouver and Victoria and west to the Queen Charlotte Islands.
- Three large oil and gasoline distribution stations.
- Good hotels and restaurants.

Prince Rupert has:

- Modern high school with first year university classes.
- Four public schools with over thirty teachers.
- Seven churches representing the most important denominations.
- Paved streets and concrete sidewalks in the business section.
- Well kept gardens and pretty residences.
- Number of clubs and fraternal organizations.

Prince Rupert has:

- No severe cold in winter.
- No extreme heat in summer.
- No mosquitos or other insect pests.
- Great opportunities for boating, fishing and hunting.
- Fewer climatic or other disadvantages than most places in Canada.
- A harbor that never freezes.

HOME— and a happy heart

BENEATH that roof lies all that he holds dear—his pride, and his responsibility—his challenge to fate and fortune.

Tonight he approaches it with a new buoyancy in his step . . . a new light in his eye.

A weight has rolled off his mind. For today he has taken the step which will forever banish from his home and loved ones the spectre of want and privation.

Today he has assured the fruition of his plans . . . the welfare of his wife, the education of his children . . . even if he should not be spared to see them through.

Today he has invested in Life Insurance sufficient to provide completely for those who make his home the most precious spot in the world to him.

So tonight he enters, to the welcome that awaits him, with a lighter heart and a care-free mind.

Life Insurance Service

tral Manitoba. There is plenty of moisture and all that is needed is warm weather. Saskatchewan seems to be further advanced than any of the other provinces, wheat is showing throughout the province and one district reports the wheat is up two inches. A small portion in the south was badly frozen. A few districts in central Saskatchewan fear the backward weather will rot the seed, but on the whole the outlook is good. A ten per cent increase in acreage is reported at Bengough. Alberta, like her sister provinces, is badly in need of warm weather, wheat seeding is practically complete and wheat is showing in several districts. Seeding of coarse grains is well under way. Although it is early, farmers are looking forward to a good crop but warm weather is much in need.
