PEACE RIVER WESTERN ROUTE

It is pretty sure that next year at the latest there will be a definite announcement in regard to the building of a western route from the Peace River. Also, there will be a good deal of branch line building in that territory. While it is much too early to make any definite prophecy, it is difficult to conceive of any policy which will fail to benefit Prince Rupert. Should the C. P. R. and C. N. R. decide on a joint policy with running rights for both lines to the coast at Prince Rupert and Vancouver, as is generally expected, the northern port will benefit. Many think the coming of the C. P. R. to the city would be the beginning of a new era of development, and perhaps it would.

There have been innumerable delays in regard to this western outlet, but the Dominion has had all the railway building it could handle in the Hudson Bay line, which was promised to the prairie people at least thirty years ago. It will be completed this year and possibly they will not know what to do with it. In the Peace River is a large population all ready to do business. They are every year speaking with greater force when they ask for that western outlet and it must come soon. When announcement is made, it may be expected that a definite scheme will have been adopted which will serve both Vancouver and Prince Rupert and be of benefit to both. Unless some unexpected setback occurs, something is sure to be announced definitely within a year, perhaps earlier than we think.

RAMSAY MACDONALD

Ramsay Macdonald, who by the time this is published probably will be prime minister of Great Britain, has already had experience in the position and will doubtless carry out his difficult duties with dignity and skill. He is well fitted for the position, being no narrow fanatic, although in full sympathy with the aims and ideals of labor. Doubtless he will receive the support of at least a large section of the Liberal members and we look to see him hold the position of administrative head of the state for several years at least. The position is quite different from that which obtained when he was last in a similar position.

VAGARIES OF THE LAW

The vagaries of the law are many. Just now one has been brought to notice prominently in connection with local court cases. It seems that any case involving a sum in excess of \$1000 has to be tried by the Supreme Court, whereas the County Court judge can handle speedy trial criminal cases involving the liberty of the subject for long terms. Money is still more important than human beings in the eyes of the law.

But the curious thing is that many of the County Court judges are qualified much better than Supreme Court judges. They are more judicial in their methods and their findings are at least equally good. Judge Young of Prince Rupert and Judge Lampman of Victoria are outstanding cases of men who have graced the County Court bench yet are never able to get any higher in their profession owing to the stupid custom of separating the County Court from the Supreme Court. People who have attended court cases a good deal and have heard our county judges and also heard some of the Supreme Court judges have been struck with the superiority of the County Courts. Yet in dealing with a case involving a sum in excess of a thousand dollars the county judge is not qualified to try it.

Dedication of Gertrude Van derbilt Whitney's statue of Christopher Columbus at Palos, Spain, from where Columbus set sail to discover a new world.

NEWS OF NORTHERN B.C.

TERRACE

C. L. M. Giggey returned on Friday following a two weeks' trip to Regina. He was accompanied by Mrs. Giggey who has spent some weeks visiting in the prairie city.

Norman Yack, for several seasons mechanic in the Terrace Motor Co. garage here, returned to Terrace on Saturday after spending the past two years on his ranch at Foremost, Alta. He will be again employed at the garage.

Mrs. Munger and children left on Saturday on a visit to her parents at Telkwa.

Mrs. H. M. Willson and Doreen spent the week-end with friends in Usk.

Mrs. Frank Clapp of Prince Rupert has been spending a short time at her ranch here.

Miss Fanny McLaren, nurse in training at the Prince Rupert hospital, is holidaying at the home of her parents, Mr. and Mrs. J. McLaren.

Miss Mary Easthope, of the Prince Rupert school staff, and former Terrace teacher, spent the weekend and holiday at the home of Canon and Mrs. T. J. Marsh. She returned to the coast Monday.

Leslie Meaghen, who has spent the past winter in Terrace left for his home in Swift Current, Sask., on Saturday, going via Vancouver.

Wilson Smith left on Saturday on a short trip to Prince Rupert, prior to leaving on a visit to his home in Eastern Canada.

STEWART

Ernest Lewis has been spending a few days in Prince Rupert.

Mrs. R. Sandy left last week for Victoria where she will visit with her mother.

Harry Townsend M. E., who is prominently identified with the development of the Mountain

Boy mining property here, left last week for Vancouver.

Provincial Constable Lance Potterton left last week for a trip to Vancouver on official business.

New foundations, consisting of timbers set in concrete, have been placed under the Stewart Hotel.

Mrs. G. Westell has returned here from Premier and will resume music teaching classes here.

The Stewart News has just celebrated its eleventh birthday. Its founder was James Cullen and the present publisher is H. W. M. Rolston.

Many trees are now growing to quite a height on the original clearings of Stewart townsite. A move may be instituted to have the landscape cleared of them.

Angus McKenzie, foreman of the Northern Light mine, left last week for a trip to Vancouver.

R. E. Elliott is relieving on the local staff of the Bank of Montreal in place of Larry Leigh, who is spending a vacation in Vancouver.

G. R. Buroft, managing engineer of the Marmot Gold and Northern Light mining properties, arrived last week from Vancouver.

Mrs. F. D. Magar has resigned as housekeeper of the local hospital and left last week for her home in Port Simpson.

This
CEREAL TREAT
will tempt you

A DELIGHTFUL TREAT awaits you when Quaker Puffed Rice is served. Its delicious flavour of toasted nut meats instantly wins the most finicky appetite.

Quaker Puffed Rice has astonishing nutriment value, as well. By steam puffing the rice to eight times normal size, millions of food cells are exploded in each grain. All the ready energy of fine white rice is released for easy assimilation. The puffing cooks the grains thoroughly and gives them a crunchy, toasted texture which children love. It assures complete mastication.

With Quaker Puffed Rice you can have welcome variety at breakfast or other meals. Serve direct from the package, or warm if you wish. Use with milk or cream, or with fruits, jelly or jam.

Quaker Puffed Wheat
A Different Flavour

Puffed Wheat is the wheat grain treated in the same way. All nourishment of the grain supreme is retained, including the bran, so valuable as roughage. The wholesome whole wheat flavour is always enticing because so delicious. Have both Puffed Wheat and Puffed Rice on the pantry shelf, and serve them alternately.

Quaker PUFFED RICE

MADE BY THE MILLERS OF QUAKER OATS

A Great Car for Women to Drive

THE FORD car is a great car for women to drive not only because it is so smart and good looking, but also because of its comfort, ease of control, and reliability. Especially its reliability.

You know the Ford will take you there and bring you back. You know you can depend on it. You know it has been built to give you thousands of miles of faithful, uninterrupted service. This freedom from trouble—this men-

tal comfort—means a great deal to every woman who drives a car.

Another feature of the Ford that appeals to women is the safety afforded by the fully enclosed efficient six-brake system, steel body, and shatterproof glass windshield.

You can see the value of this when you consider that 65 per cent of automobile injuries are caused by flying glass. The windshield of the Ford will not shatter under the hardest impact. A demonstration drive is convincing.
