Lipton Challenges and is Accepted

Sir Thomas Lipton, famous British sportsman, has once again challenged the United States for a series of races for the America's Cup to be held in September next. Sir Thomas, who has won practically every coveted trophy presented to the yachting world, has tried many times, without success, to lift the America's Cup, and his efforts in this direction have already cost him more than \$1,000,000. Above is a picture of the famous sportsman, inset, with a view of one of his beautiful yachts getting well away in one of the biy races at Cowes, Isle of Wight, England.

Youthful Tennis Idol Beats Crack Frenchman As Well as American

WIMBLEDON, June 26 .- H. W. "Bunny" Austin, the youthful idol of the British tennis enthusiasts, who yesterday defeated Francis Hunter, the second ranking player in the United States, added to his laurels today by defeating Jacques Brugnon, one of the French big four, in straight sets, 6-3, 6-4, 6-0.

Literally bounding into the tennis firmament last year with victories over the British exponents of the game, Austin is showing much improvement this year and his triumphs during the past two days have raised the hopes that the tennis title may at last be annexed by Great Britain.
