Mysterious Origin is the **Cause of Several Deaths**

Malignant Disease of

Public Gatherings Banned and Churches and Schools **Closed in Effort to Check Spread in Ontario**

GLENCOE, April 18.—Four people are dead as the result of an unknown malignant disease which broke out in Erfrid township last Friday. Cultures have been taken by the Institute of Public Health in an effort to determine the disease. Public gatherings have been banned and churches and schools closed.

The dead are Mrs. Dugald Sinclair and her 18-yearold daughter, Barbara, of Appin. Daniel Brown, aged 21, and Willie Brown, aged 9, sons of Thomas Brown of Tait's Corners. Edward Sinclair, aged 21, whose mother and sister are dead, is not expected to recover. Four others are under medical care.

The fact that from 400 to 600 residents of the district have visited the homes of Thomas Brown and Mrs. Dugald Sinclair to tender sympathy and attend the funeral services precipitated the quarantine against public gatherings.
