CHRISTMAS

Member of Audit Bureau of Circulations

Once more Christmas is here and we are about to take part in the annual festival. To some it means a joyful reunion of members of families with the Christmas tree, the Parents enjoy giving their children pleasure and many POLICING loads of presents, the mirthful games, the blazing fire. happy.

It is to be hoped that not one person in the whole community feels himself or herself wholly outside the influence of the day of days.

The end of the year is not far off. Why not finish it with a crescendo.

FORGET OUR GROUCHES

Christmas is a time to remember and also a time to a report showing the costs of city forget. Ald. Prudhomme suggested that oo much attention should not be paid to mere street talk which. after all, might not be representative of the general views of the citizens. However, if the figures showed that a large saving might be effected by reverting to a city force, the matter would be worthy of consideration. Meantime, he would not be in favor of submitting a plebiscite on the mere basis of street talk. POWER CORPORATION builds for the future in NORTHERN BRITISH COLUMBIA

Northern British Columbia is rich in natural resources. How rich no man can say. Its mineral resources rank with the most valuable in the Dominion. Its halibut fisheries are big enough to set the world price. Its stand of timber is amongst the finest in Canada. In the development of these vast resources Power will be needed. NORTHERN BRITISH COLUMBIA POWER COMPANY

which was recently formed under the direction of Power Corporation has large reserves of power, ready to serve the Prince Rupert and Stewart areas in Northern British Columbia.

The development of the mines of the Stewart area-the future growth of Prince Rupert, predicated on her strategic location as the economic outlet to the Peace River District, are now assured

of ample power for their future needs. Already Power Corporation engineers are building for the future of this rich area. A 6,000 H.P. development is now under way on the Ecstall River, near Prince Rupert, and a 2,000 H.P.

development on American Creek near Stewart. Northern British Columbia Power Company-like all other companies in the Power Corporation group, will endeavour to attract new industries to this area-at will grow with the communities

it serves.
