

Bronchial Cold Left Her With A Dry, Hacking Cough

Mrs. J. Fearman, Selkirk, Ont., writes: "Early last winter I suffered from a severe bronchial cold that left me with a provoking, dry, hacking cough."

"After being bothered, both day and night, with it for some time I had a friend recommend

Dr. Wood's Norway Pine Syrup

which I tried with wonderful results, and now it is the only remedy I ever use for colds.

"I have also used Milburn's Heart and Nerve Pills with wonderful results."
"Dr. Wood's" is 35c. a bottle; large family size 60c.; at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

MRS. SNOBLEY (a member of local literary society): "I consider the Parson pronounces his words almost perfectly. Yet I remember even him making a mistake."
MR. SNOBLEY: "Yes, dear. When he pronounced us man and wife."

News of the Mines AROUND PRINCE RUPERT

J. D. Galloway Speaks of Portland Canal District

"The Portland Canal district has hardly carried out the rosy promises made for its mineral properties but it should be remembered that all promises for quick production and dividends were largely made by irresponsible parties," stated J. D. Galloway, provincial mineralogist, in the course of a mining review of the province at the annual meeting of the British Columbia division of the Institute of Mining & Metallurgy held recently in Vancouver.

"It has been said that the Portland Canal is a one-mine camp, referring to the fact that the only important producer is the Premier. However, several more properties are now within striking distance of production and much remains still to be done in developing attractive showings."

"Referring to the rich potential mineral possibilities of the province which have been developed during the past three years, Mr. Galloway mentioned the Ferguson mine in the Ingenika, the Emerald in Omineca and the two spectacular properties in the Taku River area. "During the last three years," he said, the large mining companies of the province, the Consolidated, Britannia, Granby and Premier companies, have optioned hundreds of prospects, carried out various amounts of work on many and have finally acquired a few of them. A fair percentage of these will probably make productive and profitable mines. Continuing his refer-

ence with regard to the Portland Canal district, Mr. Galloway said: "The record in this division again illustrates that, as a rule, it takes ten to fifteen years to make a mine out of a prospect. This is particularly true in this district where climatic and physical conditions make initial mining development slow and costly."

"One encouraging feature is the discovery of a deeper ore body on the Premier than heretofore and the successful results on the adjoining properties on the northeastern porphyry zone of the Premier. The expenditures made by the Consolidated Co. in Stewart and the vast mineralized area to the north and east show that this portion of the province holds out much promise that valuable ore deposits will be found and that some of the known ones will be our productive mines of the future."

NORTHERN B. C. NEWS

VANDERHOOF

Construction of the new road from Fort St. James to Finlay Forks is now getting well advanced. Motor trucks can now be driven to 22 Mile post. Owing to weather conditions, it has been necessary to suspend grading and filling operations for the winter.

W. C. Gunn of Prince George is on a trip north from Fort St. James to look into water power possibilities in that region.

A. A. Hutchinson, station agent here, left on Sunday for a three weeks' vacation trip to Manitoba. C. C. Johnson is here from Spence's Bridge to act as station agent during his absence.

Mr. and Mrs. Harold W. Smith have returned from Kamloops and resumed residence in the Stuart Lake country.

Mah Sam, who has been associated with the O. K. Hotel here for a number of years, left last week for his native home in China to visit with his wife and family.

Mrs. E. C. McGeachy entertained last Thursday with an enjoyable bridge party. Prize winners were Mrs. A. G. Birc and Mrs. C. W. McKelvey.

Mr. and Mrs. John Kennedy have left here for their home at Hanceville. Mr. Kennedy was in the employ of R. C. McCorkell here during the past summer and fall.

Lady Pitka of Stuart Lake, accompanied by her son, Stanley Pitka, and daughter, Mrs. F. Smith, have been spending a few days in Prince George, it being Lady Pitka's first trip away from Stuart Lake in six years.

Mrs. R. M. Taylor entertained at a delightful tea last Friday afternoon, many guests being present.

Mr. and Mrs. H. Reeves entertained with a bridge party last Friday evening in their home north of the Nechako River. Prize winners were Mrs. James Silver and Miss Betty Lamb.

STEWART

The Northern B. C. Power Co. has about completed the installation of new power lines on Fifth Street to replace the old ones.

Since the Northern B. C. Power Co. started using the Dunwell power house to supply Stewart with electricity, there has been a great improvement in radio reception locally.

Word has been received here that Charlie Finlay, well known in Stewart and a former employee of the Dunwell mine, was recently killed in a coal mine accident at Cadomin, Alta.

H. L. Taylor, provincial electrical inspector, was a visitor here last week at the request of the Stewart Board of Trade investigating a number of matters locally in connection with electric wiring.

Miss Mabel Mellor was hostess at a delightful bridge party at her home last Thursday evening. Mrs. W. C. Cameron won ladies' first prize and J. Mounsell, men's first, while the consolation award went to S. G. Lawrence.

Harry Townsend, consulting engineer for the Mountain Boy Co. and field representative of the
