### SAVE A CHILD

Rightly enough, the school board complains that the city council has failed to provide a sidewalk on Sixth Avenue East, where daily smal' children, coming to and from school, perforce in the roadway, dodge many motor- JASPER GOLF vehicles rushing over that main artery. The board was to'd that every day there are hair raising escapes of children there. One of these days it may be something worse than an escape If a child or children should be killed there white of New York and Starky of would be a great hue raised to prosecute the unlucky driver and a great rush taken to put in the sidewalk.

If the city cannot see its way clear to put in a proper sidewalk, it should be possible to devise some temporary expedient to keep the children out of the road. Else that or close the street to motor traffic during the danger period. It should not be necessary to point out that a child's life, which may be saved, cannot be reckoned as against the expense or formalities involved in putting down the sidewalk. The school board is justified in its complaint and it is high time some action were taken to inations. meet the situation.

### MUST BE PROSPERITY

When men of the standing of William M Birks, president of the Canadian Chamber of Commerce and one of Canada's leading business men, tells you that Canada's tota' trade stands fifth among the nations of the world, that she has the third best favorable trade balance and the best in the world per capita, there is nothing else for tion mark. He was in the lead. us to conclude than that Canada is not doing so badly af- one up at the sixth, but stymical ter all, in spite of occasional howls of blue ruin we may hear.

There can be no gainsaying the fact that Ganada as a whole is very prosperous today. There may be sections of the country that have not experienced that prosperity in as great degree as others. With a general improvement continuing, however, there can be no doubt that all parts of the Dominion wi'l eventually feel it. Prosperity is in the air in Canada today.

### MR. BENNETT KNOWS

No doubt if there were a Liberal government in power in British Columbia and a Conservative in Ottawa, Hon. R. B. Bennett would not say that the British Columbia Doukhobor problem was a Dominion and not a provincial matter. Here looks like a deliberate attempt to embarrass a problem that is already proving quite difficult enough.

Mr. Bennett knows very well that it is the duty of the provinces or the localities to enforce the law and to prosecute people who refuse to send their children to school, and Mex McKinnon of Editionals of the in the team judging class. Memburn down buildings and stage nude parades. Who may have been responsible for the Doukhobors being here has nothing to do with the matter and it would only be pre- McDonald defeated O. M. Schloss ers were B. H. Greene and W. H. sumption on the part of the federal authorities if they stepped in unless, of course, they might be asked.

When Attorney Genera! Pooley has exhausted all other means of dealing with the situation and feels he must resort to that extreme, he may then seek to have the Doukhobors deported. Then the matter will have taken on federal aspect and will, no doubt, be dealt with by Ottawa on its merits.

### RADIO RECOMMENDATIONS

Even more far reaching than might have been expected are the recommendations that have been made by the federal Royal Commission named to investigate the radio situation in Canada. Apparently, the commission has gone right to the bottom of things and has decided that if improvements are to be eventually carried out right, it might as we'l be now.

That it would be to the best interests of radio receivers But Fails to Go Faster Than 355 as least to have Canadian radio broadcasting controlled by one big concern in many ways seems evident. It would be a big matter, however, which would have to be proceeded with slowly. One of the dangers is that it might Attaining practically the same become cumbersome.

No doubt, there will have to be much more discussion hour established on Tuesday, at the first of the week to take of this matter before any attempt is made to put the recommendations of the commission into operation.

An Atlanta man spoiled a robbery by dropping his money in a mail box. Many people have used this method to spoil home-town merchants.

R. J. Jannack sustained painful injury to his eye on Sunday morning when his car, driven by his nephew, Cecil Jannack, failed to make the bridge on a curve between Burns and Decker Lakes. The car was badly twisted but nobody else was hurt.

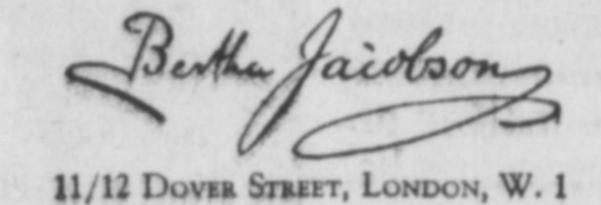

Raymond Moran has returned to Edmonton to resume his studies at the University of Alberta.

Dr. A. F. Dunn, who spent the summer here, left this week for Montreal where he will resume his studies at McGill University.

## London's distinguished beauty expert

# Mme. JACOBSON tells how to keep skin lovely

"I tell my clients to use only the soap blended of palm and olive oils-Palmolive. It provides that absolute skin cleanliness which must be the foundation of beauty."

beauty dictator to Royalty and London's aristocracy, Madame Jacobson turns to one of the simplest of all beauty treatments for home use.

"To enable my clients to safeguard their complexions-to retain radiant skin texture," says Madame Jacobson, "I provide them with my own special Skin Food Creme to be used at night and I ask them to use my famous Skin Tonic after cleansing the skin.

"I then urge them to use no soap other than Palmolive. At the same time, I warn them of all the harsh effects of soaps not made exclusively of these oils,"

AFTER 22 years' experience as Leading specialists advise the Palmolive method of skin care wherever beauty culture is practiced.

> The method they use is that subscribed to by Madame Jacobson. This treatment, night and morning: make a creamy lather of Palmolive Soap and warm water. With both hands massage this well into the skin two minutes, allowing it to penetrate into the pores. Then rinse, first with warm water, gradually with colder.

salon; Lina Cavalieri, in Paris; Pessl, in Vienna; Elise Bock, in Berlin-all over the world specialists in beauty care recommend Palmolive. Start using it tonight.

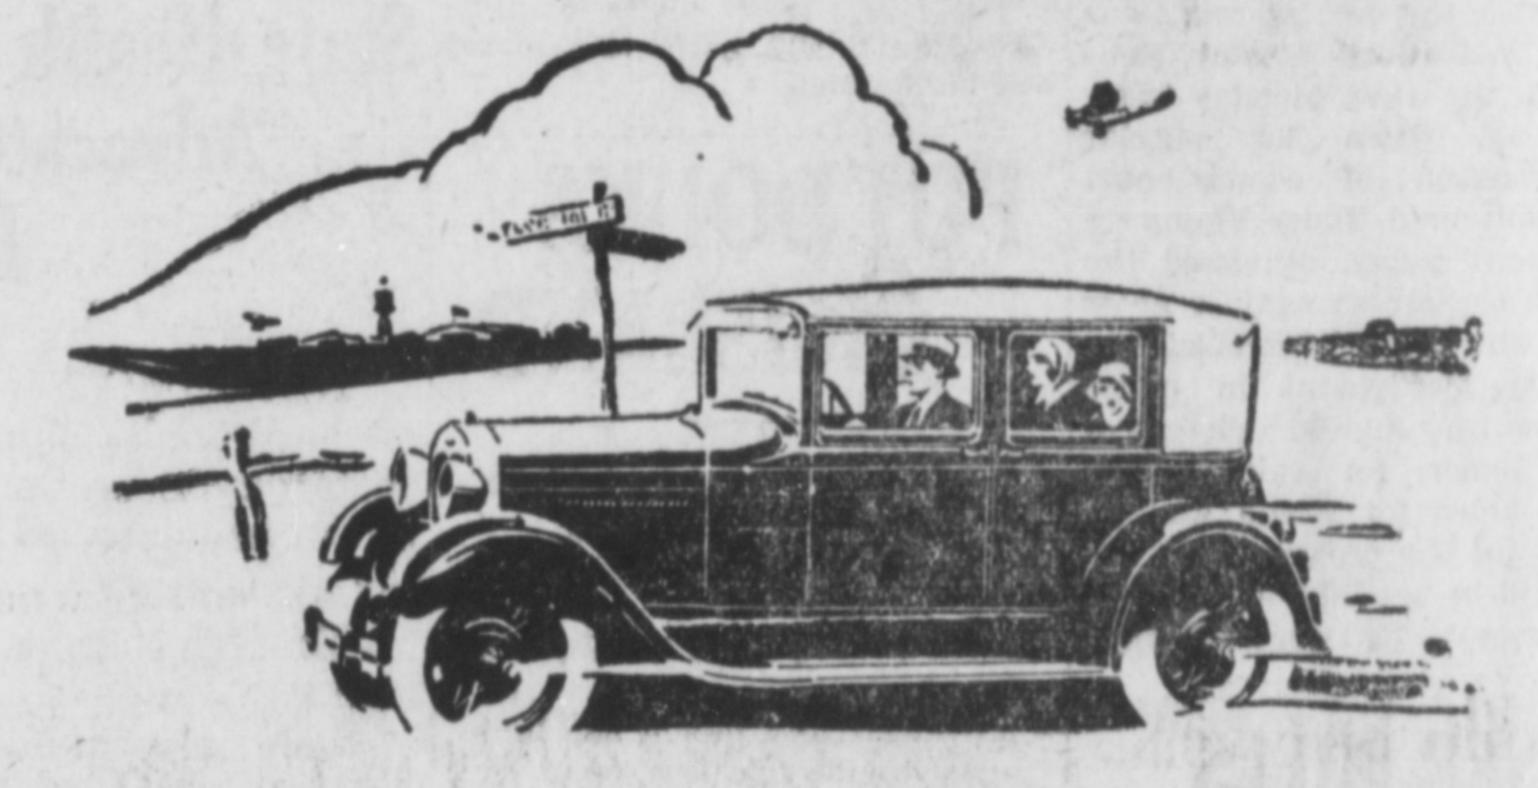

At 11-12 Dover Street, in London's select Westend, is the Maison de Beauté Pompadour, Ltd., presided over by Madame Bertha Jacobson. Here, for the past twenty-two years, Madame Jacobson bas belped to solve the beauty problems

Madame Jacobson, inher London

of London's smartest women.

## You'll like the Easy-Riding Comfort of the Ford Car

HE Ford car is one of the a easiest-riding cars on the road because of its low centre of minimum gravity, unsprung weight, Houdaille hydraulic shock absorbers and the unique construction of its transverse springs.

Furthermore, you are as comfortable in mind as in body when you drive the Ford car. You have confidence-in the performance of the car because you know something

of the quality that has been built into it.

Remeber these two points when you select your next car. These are combined to an uncommon degree in the Ford.

Come in and drive a Ford car yourself through thickest traffic, up steepest hills, over roughest roads. A thirty-minute demonstration will convince you that there is nothing quite like it anywhere in simplicity of design, quality, price and performance.
