

Sport

Many parties were organized over the week end for trips to neighboring beauty spots, but none could have been more attractive than Shawatians Lake. There the salmon are trying to get up the falls in great numbers and are seen jumping all out in the inlet. Trout fishing is particularly good around the lower end of the lake amongst the big logs. Much success, however, was experienced by parties who took their boats right into the lake and fished up towards the head of the large body of water.

A word in season to the Callies. Unless they get out and train, and speed up their forward line, particularly in the inside right and left positions, there is likely to be a championship missing for the St. Andrew's Society shortly. The goods are there but the speed is not. Too easily are they stopped on the way down the field.

Johnny Dundee has been boxing professionally for ten years. His first bout was August 4, 1909, when he entered the ring at 105 pounds. He won this first bout. During the ten years, which he was boxing he has earned \$150,000.

Bonnycastle Dale, the well-known Canadian naturalist, is the author of the leading article in Rod and Gun in Canada for August, it is entitled "Salmon Fishing at Campbell River." The wondrous beauty of the Campbell River Falls is to be seen in the page photo-engraving that accompanies the article.

It is said that Hadfield, the New Zealand sculler, who won the Henley sculls and again won at Paris, is anxious to challenge Ernest Barry for the world's championship. Barry is quite prepared to defend his title this year, but, if a match is arranged, his opponent will more probably be Felton, the Australian.

A good many people interested in rowing have been puzzled to account for the fact that the Cambridge eight, which was defeated by the Australians at Henley after knocking out the Americans in good style, should have reversed the result in the Paris race. But several factors told towards this result. In the first place, the Cambridge men, though very good, were not quite at the top of their form at Henley. They had palpably lost a little of their "nip" when they met the victorious Australian eight after defeating the Yankees. After a fortnight's extra training on the Seine, the Light Blues came on wonderfully, and were an exceedingly strong combination. But in the second place, though good judges believe they could later on as they were rowing at Paris, have given the "Aussies" a much stiffer race and quite possibly a beating, in fairness it must be stated that three members of the Australians' Henley crew dropped out for the Seine race. This must have made a great deal of difference. Cambridge beat them decisively by half a length there.

LA CASSE BAKERY MODERN IMPROVEMENT

Owing to steadily increasing business, the La Casse Bakery has had to install a 2 1/2 barrel Pendrith dough mixer, which is operated by a 5 h.p. electric motor.

The motto of the La Casse Bakery is to keep up to the times in the way of modern improvements, by so doing, giving a better loaf and also removing the heavy labor from the shoulders of the expert bakers employed. The doughs are only twice touched by the hands of the bakers in the making, which insures cleanliness and better bread.

Domestic Bread, turned out by this firm, is the only machine-made bread north of Vancouver.

Mrs. Forbes Makes Butter Pacific Milk Co. She calls it Economy Butter, and it is well named, considering the quantity she gets, and the low cost of the extra butter. To half a pound of butter add one SMALL tin of Pacific Milk, in which has been dissolved a small pinch of baking soda. Whip 'till the butter has all been taken up and allow to set gradually in a cool place. It makes almost a pound of butter—good butter, too. Many will thank Mrs. Forbes for her kindness, as we do.
