Development this season on the Keystone mine at Alice Arm will, it is understood, include extension of the tunnel which was in about 657 feet when work was suspended in the fall of 1927. This tunnel was believed to be near the ore body. It is possible, however, that cross-cuts may be driven from the head of the tunnel in order to pick up the ore. The ore shows low values in silver and gold.

Mirage... or Reality

N the horizon we all catch glimpses of El Dorado . . . the city of gold . . . where there will be no more hardship or privation.

It is human—and indeed commendable -to seek always after financial independence. It is human . . . but none the less tragic . . . that so many are tempted to seek some short cut or royal road to wealth.

For many and unscrupulous are those who prey upon inexperience.

Get-rich-quick schemes and

promoters of doubtful speculationsthey lead us on with alluring promises of prosperity - lead us on to disillusionment and loss.

And all the while the reality lies within our grasp. For, by means of adequate, well-selected Life Insurance, even the humblest of us may build up an estate beyond our expectations . . . may win

independence and security for ourselves and those we love.

Any Life Insurance representative will show you the safe method of creating an estate.
