FISH BUSINESS MUCH IMPROVED

Landings for February This Year Fifty Per Cent Higher Than Last Year; Prices Better

Halibut landings at Prince Rupert since the opening of the season to the end of February this year have amounted to a total of 1,096,800 pounds, as compared with a total of 711,900 lbs. during the same period last year, when there was a day's advantage through it being Leap Year. These figures account only for fish that has been actually sold here and does not include catches that have been delivered at other ports.

American halibut so far this year aggregate 873,500 pounds, as compared with 595,500 pounds last year. Canadian landings are up to 233,300 pounds from last year's 116,400 pounds.

Some satisfaction may also be derived from the fact that this year's opening prices, in spite of such greatly heavier landings, have been much better than last year. This year the lowest bid so far has been 10c and 6c. Last year prices dropped as low as 6c and 4c.

Today 38,000 pounds was sold, while some boats decided to hold over until tomorrow in the hope of getting better bids. Sales today were:
American—
Venture, 20,000 pounds, Booth Fisheries, 10.8c and 6c.
Canadian—
Cano Snear, 6000 pounds, Atlin Fisheries, 10.7c and 6c.
Rose Spit, 4000, Atlin Fisheries, 10.3c and 6c.
Selma, 6000 pounds, Canadian Fish & Cold Storage Co., 10.7c and 6c.
Cano Snear, 2000 pounds, Canadian Fish & Cold Storage Co., 10.6c and 6c.

Holding over—
American boats holding over are: Tatoosh, 32,000 pounds; Excel, 14,000; Chancellor, 11,000; Sunset, 9500.

OTTAWA BUDGET COMING FRIDAY

Improved Trade Figures, Unprecedented Prospects and Big Surplus to Be Reported

TORONTO, Feb. 28.—An Ottawa despatch to the Toronto Globe says "The Hon. James Robb will bring down his budget on Friday and the story he will have to tell of the improved trade figures, unprecedented prosperity and a surplus considerably in excess of \$50,000,000 will be the most impressive in Canadian financial history. "So well has the minister managed the nation's business that he will be able to report a balance on the right side of the ledger of perhaps 60 or 70 millions. He may also announce important reductions in the sales tax which years upon all consumers and he will tell the country he intends to pay off in cash a loan of \$60,000,000 which matures in New York next August. "There will be some technical changes in the tariff but the revisions will not be calculated to divide the industries of the country."
